und Vorschriften des Landes zu beurteilen, in dessen Bereich der Verlust oder die Beschädigung erfolgt ist), hat der Absender oder ein anderer berechtigter Ersatzwerber, wenn ein Nachnahmepaket verloren, beraubt oder beschädigt oder ohne Einhebung des Nachnahmebetrages ausgefolgt wurde, Anspruch auf eine entsprechende Entschädigung und zwar, wenn die Nachnahmesendung verloren, beraubt oder beschädigt worden ist, auf eine Entschädigung, die dem wirklichen Betrag des Verlustes, der Beraubung oder Beschädigung entspricht; der Bemessung der Entschädigung wird der wirkliche Wert zur Zeit und am Orte der Aufgabe zu Grunde gelegt, wie es im Uebereinkommen vom 16. Februar/1. März 1928 für versicherte, nicht benachnahmte Pakete festgesetzt ist. Wenn die Nachnahmesendung ohne Einhebung des Nachnahmebetrages ausgefolgt wurde, hat der Absender oder ein anderer Berechtigter Anspruch auf Ersatz des Nachnahmebetrages. In allen Fällen wird der Ersatz nur geleistet, wenn der Verlust, die Beraubung oder Beschädigung nicht durch Verschulden, Fahrlässigkeit des Absenders oder Empfängers oder deren Vertreter oder durch die natürliche Beschaffenheit der Sendung erfolgt ist. Auf keinen Fall kann der Ersatzbetrag höher sein, als jener Betrag, für den im Aufgabelande die Nachnahmegebühr bezahlt worden ist.

in der vorgeschriebenen Weise aufgegeben wurden, doch kann die für den Verlust, die Beraubung oder Beschädigung verantwortliche Verwaltung für solche Pakete eine Entschädigung leisten, ohne dass sie jedoch ein Rückgriffsrecht gegen die andere Verwaltung hat.

Reimbursement for losses, etc.

3. Either of the two Administrations may, at its option, repay to the rightful claimant of indemnity, in case of complete loss, irreparable damage of the entire contents, or theft of the entire contents of a C. O. D. parcel, in addition to the postage, the C. O. D. fee, when requested. The insurance fees are not in any case returned.

3. Jede der beiden Verwaltungen kann nach ihrer Entscheidung dem berechtigten Ersatzwerber im Falle des vollen Verlustes, einer nicht wieder gutzumachenden Beschädigung des ganzen Inhaltes oder der Beraubung des ganzen Inhaltes eines Nachnahmepaketes über Verlangen ausser der Beförderungsgebühr auch die Nachnahmegebühr rückerstatten. Die Versicherungsgebühren werden in keinem Falle rückerstattet.

Indemnity limited if erroneous amount collected from addressee.

4. When less than the proper amount is collected from the addressee on delivery, through fault of the Postal Service of either country, the sender shall be entitled only to indemnity equal to the difference between the amount erroneously collected and the amount of the collect-on-delivery charge which should have been collected as indicated by the sender at the time of mailing.

4. Wenn aus Verschulden der Postverwaltung eines der beiden Länder vom Empfänger eines Nachnahmepaketes weniger als der angegebene Nachnahmebetrag eingehoben wurde, so hat der Absender nur Anspruch auf eine Entschädigung, die gleich ist dem Unterschiede zwischen dem irrtümlich eingehobenen Betrage und dem vom Absender bei der Aufgabe angegebenen Betrage.

Responsibility of country receiving a parcel.

5. Until the contrary is proved, responsibility for a C. O. D. parcel rests with the country which, having received the parcel without making any observation and being furnished all necessary particulars for inquiry, is unable to show its proper disposition or, if delivered, the transmission of the correct collect-on-delivery charges to the owner, unless it can show that the failure to collect and remit the correct collect-on-delivery charges was due to fault of the sender or the Administration of the country of origin.

5. Bis zum Beweise des Gegenteiles bleibt für ein Nachnahmepaket die Verwaltung verantwortlich, die das Paket unbeanständet übernommen hat und, obwohl sie in den Besitz aller notwendigen Mittel zur Nachforschung gesetzt worden war, nicht ihre eigene Verfügung über das Paket, oder, wenn es zugestellt wurde, nicht die Uebermittlung des Nachnahmebetrages an den Absender des Nachnahmepaketes nachweisen kann, ausser der Fehler bei der Einhebung und Uebermittlung des richtigen Nachnahmebetrages fällt dem Absender oder der Aufgabeverwaltung zur Last.

Payment to claimant by Administration responsible for loss, etc.

6. When a C. O. D. article has been lost, rifled, or damaged, or has been delivered and the full charges have not been remitted, the Administration of origin shall pay indemnity to the rightful claimant as soon as possible and

6. Im Falle des Verlustes, der Beraubung oder Beschädigung eines Nachnahmepaketes, oder wenn ein Paket zugestellt, aber nicht der volle Nachnahmebetrag übermittelt wurde, hat die Aufgabeverwaltung dem berechtigten

Ersatzwerber sobald als möglich, spätestens innerhalb von 9 Monaten, gerechnet vom Tage, der dem Tage des Einschreitens folgt, den Ersatz zu leisten; diese Zahlung geht zu Lasten der Bestimmungsverwaltung, wenn diese Verwaltung für den Verlust oder die unrichtige Uebermittlung des Nachnahmebetrages verantwortlich ist und vorschriftsmässig unterrichtet wurde.

Action, if parcel recovered, etc., on which indemnity was paid.

7. When a C. O. D. parcel for which indemnity has been paid is recovered, the postmaster at the delivering office will deliver the parcel and collect the charges, hold such amount and request instructions from the Administration to which his office is subordinate. If the addressee, however, refuses to accept a recovered parcel and pay the charges, the postmaster will hold it and likewise seek instructions as to its disposition. In the latter case the Administration responsible for the indemnity shall determine the disposition to be made of the parcel involved.

7. Wenn ein Nachnahmepaket, für das Ersatz gezahlt worden ist, wieder aufgefunden wird, so hat das Bestimmungspostamt das Paket zuzustellen, den Nachnahmebetrag einzuheben, diesen Betrag aufzubewahren, und Weisungen von der übergeordneten Verwaltung einzuholen. Wenn aber der Adressat sich weigert, das wiederaufgefundene Paket zu übernehmen und den Nachnahmebetrag zu erlegen, so soll das Bestimmungspostamt das Paket aufbewahren und gleichfalls Weisungen über seine weitere Behandlung einholen. In letzterem Falle wird die für dem Ersatz verantwortliche Verwaltung bezüglich des Paketes die weitere Verfügung treffen.

Other indemnity provisions.

8. Other provisions concerning the payments of indemnity for C. O. D. parcels will be the same as govern the payment of indemnity for insured parcels without C. O. D. charges, as set forth in Sections 2, 4, 5, 8, 9, 10, 11, 12, 13, 14, 15, 16, 18 and 19 of Article XII of the Convention of February 16–March 1, 1928.

May 31, 1928. *Convention between the United States and Japan for Prevention of Smuggling of Intoxicating Liquors. Signed at Washington, May 31, 1928; ratification advised by the Senate, January 26, 1929; ratified by the President, January 30, 1929; ratified by Japan, November 22, 1929; ratifications exchanged at Washington, January 16, 1930; proclaimed, January 16, 1930.*

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Convention with Japan to prevent smuggling of intoxicating liquors into the United States.

Preamble.

WHEREAS a Convention between the United States of America and Japan for the prevention of the smuggling of intoxicating liquors into the United States was concluded and signed by their respective plenipotentiaries at Washington on the thirty-first day of May, one thousand nine hundred and twenty-eight, the original of which Convention is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the Emperor of Japan, being desirous of avoiding any difficulties which might arise between them in connection with the laws in force in the United States on the subject of alcoholic beverages, have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Plenipotentiaries.

The President of the United States of America, Frank B. Kellogg, Secretary of State of the United States;

His Majesty the Emperor of Japan, Tsuneo Matsudaira, Jusammi, the First Class of the Imperial Order of the Sacred Treasure, His Majesty's Ambassador Extraordinary and Plenipotentiary to the United States of America;

Who, having communicated their full powers, found in good and due form, have agreed as follows:

ARTICLE I.

Territorial jurisdiction retained.

The High Contracting Parties declare that it is their firm intention to uphold the principle that three marine miles extending from the coastline outwards and measured from low-water mark constitute the proper limits of territorial waters.

ARTICLE II.

Boarding of Japanese private vessels outside limits, for inquiry, etc., not objected to.

(1) The Japanese Government agree that they will raise no objection to the boarding of private vessels under the Japanese flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions, in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions, in violation of the laws there in force. When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

Search of vessel on reasonable ground for suspicion.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions, prohibiting the importation of alcoholic beverages, the vessel may be seized

and taken into a port of the United States, its territories or possessions, for adjudication in accordance with such laws.

Distance from coast limited for boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States, its territories or possessions, than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense. In cases, however, in which the liquor is intended to be conveyed to the United States, its territories or possessions, by a vessel other than the one boarded and searched, it shall be the speed of such other vessel, and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

Extension if liquor conveyed by other vessel.

ARTICLE III.

Liquors listed as sea stores or cargo for a foreign port, not subject to penalties, etc.

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions, on board Japanese vessels voyaging to or from ports of the United States, or its territories or possessions, or passing through the territorial waters thereof, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

To be kept under seal while in American waters.

ARTICLE IV.

Action on claims for loss, etc.

Any claim by a Japanese vessel for compensation on the ground that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Convention or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Ante, p. 2446.

Reference to Permanent Court of Arbitration.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the pacific settlement of international disputes, concluded at The Hague, October 18, 1907. The arbitral tribunal shall be constituted in accordance with Article 87 (Chapter IV) and with Article 59 (Chapter III) of the said Convention. The proceedings shall be regulated by so much of Chapter IV of the said Convention and of Chapter III thereof (special regard being had for Articles 70 and 74, but excepting Articles 53 and 54) as the tribunal may consider to be applicable and to be consistent with the provisions of this agreement. All sums of money which may be awarded by the tribunal on account of any claim shall be paid within eighteen months after the date of the final award without interest and without deduction, save as hereafter specified. Each Government shall bear its own expenses. The expenses of the tribunal shall be defrayed by a ratable deduction from the amount of the sums awarded by it, at a rate of five per cent on such sums, or at such lower rate as may be agreed upon between the two Governments; the deficiency, if any, shall be defrayed in equal moieties by the two Governments.

Vol. 36, p. 2221.

Vol. 36, pp. 2233, 2228.

Payment of awards.

Expenses.

ARTICLE V.

Exchange of ratifications and duration.

This Convention shall be subject to ratification and shall remain in force for a period of one year from the date of the exchange of ratifications.

Notice of proposed modifications.

Three months before the expiration of the said period of one year, either of the High Contracting Parties may give notice of its desire to propose modifications in the terms of the Convention.

Convention to lapse if modifications not agreed upon.

If such modifications have not been agreed upon before the expiration of the term of one year mentioned above, the Convention shall lapse.

Continued from year to year, if no modifications proposed.

If no notice is given on either side of the desire to propose modifications, the Convention shall remain in force for another year, and so on automatically, but subject always in respect of each such period of a year to the right on either side to propose as provided above three months before its expiration modifications in the Convention, and to the provision that if such modifications are not agreed upon before the close of the period of one year, the Convention shall lapse.

ARTICLE VI.

Convention to lapse if effect thereof prevented by judicial decision or legislative action.

In the event that either of the High Contracting Parties shall be prevented either by judicial decision or legislative action from giving full effect to the provisions of the present Convention the said Convention shall automatically lapse, and, on such lapse or whenever this Convention shall cease to be in force, each High Contracting Party shall enjoy all the rights which it would have possessed had this Convention not been concluded.

Exchange of ratifications.

The present Convention shall be duly ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof and by His Majesty the Emperor of Japan; and the ratifications shall be exchanged at Washington as soon as possible.

Signatures.

In witness whereof, the respective Plenipotentiaries have signed the present Convention in duplicate and have thereunto affixed their seals.

Preamble.

Having regard to the resolution of the Assembly of the League of Nations dated September 25th, 1924;

Being guided by the conclusions of the International Economic Conference held at Geneva in May 1927, and agreeing with the latter that import and export prohibitions, and the arbitrary practices and disguised discriminations to which they give rise, have had deplorable results, without the grave drawbacks of these measures being counterbalanced by the financial advantages or social benefits which were anticipated by the countries which had recourse to them;

Being persuaded that it is important for the recovery and future development of world trade the Governments should abandon a policy which is equally injurious to their own and to the general interest;

Persuadés qu'il importe au rétablissement et au développement futur du commerce mondial que les gouvernements renoncent à une politique nuisible aussi bien à leur intérêt particulier qu'à l'intérêt général;

Article 4.

Les catégories suivantes de prohibitions et de restrictions ne sont pas interdites par la présente Convention, à la condition, toutefois, qu'elles ne soient pas appliquées de manière à constituer un moyen de discrimination arbitraire entre les pays étrangers où existent les mêmes conditions, ni de manière à constituer une restriction déguisée des échanges internationaux:

2. D'autre part, les Hautes Parties contractantes, reconnaissant que l'abolition de certaines prohibitions ou restictions appliquées par certaines d'entre Elles à l'importation ou à l'exportation présenterait pour ces dernières de graves difficultés et que, par ailleurs, ces prohibitions ou restrictions ne comportent pas de répercussions dommageables pour le commerce des autres pays, ont jugé également équitable d'autoriser ces Hautes Parties contractantes à faire la réserve de ces exceptions.

3. L'Annexe à la présente Convention mentionne les exceptions, rentrant dans le cadre des deux paragraphes précédents, qui ont été consenties, à la date de ce jour, au profit des Hautes Parties contractantes qui sont nommément désignées dans cette Annexe et qui ont signé la Convention dès cette date.

4. Les demandes de dérogations que les Hautes Parties contractantes croiraient devoir présenter postérieurement à cette date seront soumises à la procédure indiquée au Protocole de la présente Convention.

Article 8.

If a dispute arises between two or more High Contracting Parties as to the interpretation or application of the provisions of the present Convention—with the exception of Articles 4, 5 and 6, and of the provisions of the Protocol relating to these articles—and if such dispute cannot be settled either directly between the parties or by the employment of any other means of reaching agreement, the parties to the dispute may, provided they all so agree, before resorting to any arbitral or judicial procedure, submit the dispute with a view to an amicable settlement to such technical body as the Council of the League of Nations or the parties concerned may appoint. This body will give an advisory opinion after hearing the parties and, if necessary, effecting a meeting between them.

The advisory opinion given by the said body will not be binding upon the parties to the dispute unless it is accepted by all of them, and the parties, if they all so agree, may either after resort to such procedure, or in lieu thereof, have recourse to any arbitral or judicial procedure which they may select, including reference to the Permanent Court of International Justice as regards any matters which are within the competence of that Court under its Statute.

Article 8.

Disputes to technical body for advisory opinion.

Si un différend surgit entre deux ou plusieurs Hautes Parties contractantes au sujet de l'interprétation ou de l'application des dispositions de la présente Convention, à l'exception des articles 4, 5 et 6 ainsi que des dispositions du Protocole relatives auxdits artícles et si ce différend ne peut être réglé, soit directement entre les parties, soit par la voie de tout autre moyen qu'elles emploieraient pour arriver à une entente, les parties au différend pourront, si elles sont toutes d'accord, avant de recourir à toute autre procédure arbitrale ou judiciaire, soumettre le différend, en vue d'un règlement amiable, à tout organisme technique qui pourra être désigné, soit par le Conseil de la Société des Nations, soit par les parties intéressées. Cet organisme formulera un avis consultatif, après avoir entendu les parties et les avoir, au besoin, réunies.

Force of advisory opinion.

L'avis consultatif formulé par ledit organisme ne liera pas les parties au différend, à moins qu'il ne soit accepté par chacune d'elles, et les parties pourront, si elles sont toutes d'accord, soit après avoir recouru à la procédure ci-dessus mentionnée, soit pour la remplacer, recourir à toute autre procédure arbitrale ou judiciaire de leur choix, y compris l'instance devant la Cour permanente de Justice internationale, pour toutes matières qui sont de la compétence de la Cour, aux termes de son Statut.

Arbitration, etc.

Disputes of legal nature.

If a dispute of a legal nature arises as to the interpretation or application of the provisions of the present Convention—with the exception of Articles 4, 5 and 6, and of the provisions of the Protocol relating to these articles—the parties shall, at the request of any of them, refer the matter to the decision of the Permanent Court of International Justice or of an arbitral tribunal selected by them, whether or not there has previously been recourse to the procedure laid down in the first paragraph.

Difference of opinion regarding nature of dispute.

In the event of any difference of opinion as to whether a dispute is of a legal nature or not, the question shall be referred for decision to the Permanent Court of International Justice or to the arbitral tribunal selected by the parties.

Suspension of disputed measures.

The procedure before the body referred to in the first paragraph above or the opinion given by it will in no case involve the suspension of the measures to which the dispute refers; the same will apply in the event of proceedings being taken before the Permanent Court of International Justice—unless the Court decides otherwise under Article 41 of its Statute—or before the arbitral tribunal selected by the parties.

Rights and obligations not prejudiced.

Nothing in the present Convention shall be construed as prejudicing the rights and obligations derived by the High Contracting Parties from the engagements into which they have entered with reference to the jurisdiction of the Permanent Court of International Justice, or from any bilateral conciliation or arbitration conventions between them.

Si un différend quelconque d'ordre juridique surgit au sujet de l'interprétation ou de l'application des dispositions de la présente Convention—à l'exception des dispositions des articles 4, 5 et 6 ainsi que des dispositions du Protocole relative audit article—les parties devront, à la requête de l'une d'elles, soumettre l'objet du litige à la décision de la Cour permanente de Justice internationale, ou d'un tribunal arbitral de leur choix, qu'elles aient ou non préalablement recouru à la procédure prévue à l'alinéa premier.

En cas de contestation sur le point de savoir si un différend est d'ordre juridique ou non, cette question sera soumise à la décision de la Cour permanente de Justice internationale ou du tribunal arbitral choisi par les parties.

La procédure ouverte devant l'organisme visé à l'alinéa premier ci-dessus ou l'avis formulé par lui n'entraînera en aucun cas la suspension de la mesure qui fait l'objet du litige; il en sera de même dans le cas d'une instance devant la Cour permanente de Justice internationale—à moins que celle-ci n'en décide autrement aux termes de l'article 41 de son Statut—ou devant le tribunal arbitral choisi par les parties.

Rien dans la présente Convention ne pourra être interprété comme portant atteinte aux droits et obligations résultant pour les Hautes Parties contractantes, soit de leurs engagements relatifs à la juridiction de la Cour permanente de Justice internationale, soit de leurs coventions bilatérales concernant la conciliation et l'arbitrage.

Any High Contracting Parties who do not give the undertaking referred to in paragraph 1 as regards Articles 4, 5, and 6, or certain parts of these Articles, and as regards the provisions of the Protocol relating thereto, may make the provisions of paragraphs 1 and 2 of Article 8 applicable to these matters as between themselves.

Article 10.

Any High Contracting Party may at the time of signature, ratification or accession declare that, in accepting the present Convention, he does not assume any obligations in respect of all or any of his colonies, protectorates or territories under suzerainty or mandate; and the present Convention shall not apply to any territories named in such declaration.

Any High Contracting Party may give notice to the Secretary-General of the League of Nations at any time subsequently that he desires that the Convention shall apply to all or any of his territories which have been made the subject of a declaration under the preceding paragraph, and the Convention shall apply to all the territories named in such notice ninety days after its receipt by

Les Hautes Parties contractantes qui ne prendraient pas, pour les articles 4, 5 et 6 ou pour certaines parties de ces articles, ainsi que pour les dispositions y relatives du Protocole, l'engagement prévu à l'alinéa précédent, pourront rendre applicables entre Elles pour ces matières les dispositions des alinéas 1 et 2 de l'article 8.

Rien, dans la présente Convention, ne porte atteinte aux droits et obligations découlant, pour les Hautes Parties contractantes, des conventions internationales en vigueur auxquelles elles sont parties.

La présente Convention ne déroge pas aux stipulations des accords bilatéraux, en vigueur à la date de ce jour entre les Hautes Parties contractantes, qui établissent, en matière de prohibitions ou de restrictions à l'importation ou à l'exportation, un régime plus libéral que celui qui est établi par les dispositions de la présente Convention.

PROTOCOL TO THE CONVENTION

At the moment of signing the Convention of to-day's date for the Abolition of Import and Export Prohibitions and Restrictions, the undersigned, duly authorised, have agreed on the following provisions, which are intended to ensure the application of the Convention:

SECTION I.

ad Article 1.

(*a*) The words "territories of the High Contracting Parties" employed in the Convention refer only to territories to which it is made applicable.

(*b*) Should the Customs territory of any High Contracting Party include territories which are not placed under his sovereignty, these territories are also to be regarded as "territories" within the meaning of the Convention.

(*c*) In view of the fact that within or immediately adjacent to the territory of India there are areas or enclaves, small in extent and population in comparison with such territory, and that these areas or enclaves form detached portions or settlements of other parent States, and that it is impracticable for administrative reasons to apply to them the provisions of the Convention, it is agreed that these provisions shall not apply to them.

PROTOCOLE DE LA CONVENTION

Protocol to the Convention.

Au moment de procéder à la signature de la Convention pour l'abolition des prohibitions et restrictions à l'importation et à l'exportation, conclue à la date de ce jour, les soussignés dûment autorisés sont convenus des dispositions suivantes, destinées à assurer l'application de cette Convention:

SECTION I.

ad Article 1.

"Territories of the High Contracting Parties."

a) Les mots "territoires des Hautes Parties contractantes" employés dans la Convention ne désignent que les territoires auxquels elle est rendue applicable;

Customs territory.

b) Dans le cas où le territoire douanier d'une des Hautes Parties contractantes comprend des territoires qui ne sont pas placés sous sa souveraineté, ces territoires seront également considérés comme "territoires" aux termes de la Convention;

Areas in India excepted.

c) Etant donné qu'il existe à l'intérieur ou sur les frontières mêmes de l'Inde des zones ou enclaves d'une étendue et d'une population très faibles par rapport à celles de son territoire, et qui forment des parties détachées ou des établissements appartenant à d'autres Etats métropoles et que, d'autre part, il est impossible, pour des raisons administratives, d'appliquer les dispositions de la Convention auxdites zones ou enclaves, il est convenu que ces dispositions ne s'y appliqueront pas.

Provisions of Convention to apply.

India, however, will apply as regards the areas or enclaves in question a regime which will respect the principles of the Convention and facilitate imports and exports as far as practicable, and will refrain from imposing in regard to them any new measures of prohibition or restriction which would not be authorised by the provisions of the Convention, unless there should be no other means of ensuring the collection of customs and excise duties.

Toutefois l'Inde appliquera, à l'égard des zones ou enclaves en question, un régime qui respectera les principes de la Convention et facilitera, dans la mesure du possible, les importations et les exportations, et elle s'interdit de les soumettre à toute nouvelle mesure de prohibition ou de restriction qui ne serait pas autorisée par la Convention, sauf dans le cas où il n'y aurait pas d'autre moyen d'assurer la perception des droits de douane et d'accise.

SECTION II.

ad Article 2.

SECTION II.

ad Article 2.

Federal Government only, of Canada bound.

As regards the application of Article 2, the obligation accepted by Canada binds only the Federal Government and not the Provincial Governments, which, under the Constitution, possess the power of prohibiting or restricting the importation and exportation of certain products into or from their territories.

En ce qui concerne l'application de l'article 2, l'engagement souscrit par le Canada ne lie que le Gouvernement fédéral, sans engager les gouvernements des provinces, auxquels la constitution canadienne donne le pouvoir d'interdire ou der estreindre sur leur territoire l'importation et l'exportation de certains produits.

SECTION III.

ad Article 4.

SECTION III.

ad Article 4.

(*a*) *ad No. 4.*

Animal and plant protection from disease.

The protection of animals and plants against disease also refers to measures taken to preserve them from degeneration or extinction and to measures taken against harmful seeds, plants, parasites and animals.

a) *ad N° 4.*

La protection des animaux et des plantes contre les maladies vise également les mesures prises afin de les préserver contre la dégénérescence ou l'extinction, et les mesures appliquées aux semences, plantes, parasites et animaux nuisibles.

(*b*) *ad No. 7.*

Preserving standards for export.

The High Contracting Parties, although they have refrained from making any reference to measures relating to "standard" products and definitions of products, declare that this paragraph must be interpreted as in no way inter-

b) *ad N° 7.*

Les Hautes Parties contractantes, bien que s'étant abstenues de viser les mesures relatives aux produits dits "standards" et aux définitions de produits, déclarent que ce paragraphe doit être interprété comme ne faisant pas ob-

fering with the practice followed by certain countries of subjecting the exportation of their products to certain conditions as to quality with the object of preserving the reputation of those products and at the same time of offering a guarantee to the foreign purchaser. They declare, on the other hand, that they interpret the paragraph in question as prohibiting recourse to any system of classifying or defining products which is employed as an indirect means of restricting the importation of foreign products or of subjecting importation to a regime of unfair discrimination.

stacle à la pratique de certains pays de subordonner l'exportation de leurs produits à certaines conditions de qualité, en vue de sauvegarder, d'une part, le bon renom de ces produits et de donner, d'autre part, une garantie à l'acheteur étranger. Elles déclarent au contraire qu'Elles interprètent le paragraphe en question comme interdisant le recours à tout système de classification ou de définition des produits, employé comme un moyen détourné de restreindre l'importation des produits étrangers ou de la soumettre à un régime d'injuste discrimination.

(*c*) *ad No. 7.*

The High Contracting Parties declare that prohibitions or restrictions the sole object of which is either to prevent imported goods from escaping the payment of the customs duties applicable thereto, or in exceptional cases to prevent the importation of certain goods which would reduce the revenue from the duties imposed on certain other goods, may only be established or maintained, if no other effective means exist of securing the said revenue.

c) *ad N° 7.*

Payments of customs duties on imports.

Les Hautes Parties contractantes déclarent que les prohibitions et restrictions dont le seul but est soit d'éviter que certaines marchandises importées puissent être soustraites aux droits de douane qui leur sont applicables, soit d'empêcher, dans des cas exceptionnels, l'importation de certaines marchandises d'où résulterait une réduction des revenus fiscaux provenant de droits auxquels sont soumises d'autres marchandises, ne pourront être établies ou maintenues qu'à défaut de tout autre moyen efficace d'assurer lesdits revenus fiscaux.

(*d*) *ad No. 7.*

The High Contracting Parties declare that if, on account of the constitution of certain States and the different methods of internal control which they employ, it should prove impossible to secure complete similarity of treatment between native and imported products, any such difference in treatment must not have the

d) *ad N° 7.*

Unfair discrimination.

Les Hautes Parties contractantes déclarent que si, du fait de la constitution de certains Etats et des méthodes différentes qu'ils mettent en œuvre pour leur contrôle intérieur, une assimilation complète ne pouvait être établie entre le régime des produits nationaux et celui des produits importés, ce traitement différentiel

object or effect of establishing an unfair discrimination against the latter.

(*e*) *ad No. 8.*

Monopolies.

The High Contracting Parties declare that they have solely in view monopolies each of which applies only to one or more specific articles.

SECTION IV.

ad Article 6.

(*a*) *ad No. 1.*

Conditions making necessary reservations need not be removed in three years.

The High Contracting Parties who have made the reservations referred to in paragraph 1 of Article 6 declare that they do not regard their acceptance of the provisions of Article 18, paragraph 3, as an undertaking on their part that the circumstances which compelled them to make these reservations will have ceased to exist at the end of three years, but as entitling any High Contracting Party to resume his freedom of action if, in the event of these circumstances not having changed within the said period, he considered that his economic conditions were detrimentally affected by the maintenance of any of the prohibitions or restrictions to which the aforesaid reservations refer.

(*b*) *ad No. 2.*

Perpetual recognition of exceptions not given.

By allowing the exceptions referred to in Article 6, paragraph 2, the High Contracting Parties have not intended to give perpetual recognition to their existence, but merely to indicate that the necessity of abolishing these exceptions is not so imperative, in view of their slight importance in international trade.

ne saurait avoir pour objet ou pour résultat de créer une injuste discrimination au détriment de ces derniers.

e) *ad N° 8.*

Les Hautes Parties contractantes déclarent qu'elles n'ont en vue que des monopoles dont chacun ne vise qu'un ou plusieurs produits déterminés.

SECTION IV.

ad Article 6.

a) *ad N° 1.*

Les Hautes Parties contractantes qui ont fait les réserves prévues au paragraphe 1 de l'article 6, déclarent qu'elles ne considèrent pas leur adhésion à la disposition de l'alinéa 3 de l'article 18 comme un engagement de leur part que les circonstances qui les ont obligées à formuler ces réserves auront pris fin dans un délai de trois ans, mais comme la faculté consentie à toute Partie contractante de reprendre sa liberté au cas où, les susdites circonstances n'étant pas modifiées dans le délai indiqué, celle-ci jugerait son économie préjudiciée par le maintien d'une quelconque des prohibitions ou restrictions qui font l'objet des susdites réserves.

b) *ad N° 2.*

En admettant les dérogations prévues au paragraphe 2 de l'article 6, les Hautes Parties contractantes n'ont pas entendu en consacrer d'une manière définitive l'existence, mais seulement marquer que la nécessité de les abolir ne se fait pas sentir aussi impérieusement, étant donné le rôle peu important qu'elles jouent au point de vue des échanges internationaux.

(*c*) *ad No. 2.*

The High Contracting Parties declare that, by accepting in the case of Roumania, in consideration of her exceptional situation of fact and of law, the reservation concerning crude oil in accordance with Article 6, paragraph 2, they have not in any way agreed to measures of prohibition or restriction for this product, which they regard as being of very great importance for the world market. The High Contracting Parties feel confident that, as soon as circumstances allow her to do so, Roumania herself, acting in the spirit of the preceding paragraph (*b*) above, will abolish this prohibition, and, in the meantime, that she will take into account the interests of the neighbouring contracting countries.

The Roumanian Delegation fully associates itself with this declaration.

(*d*) *ad No. 4.*

(i) *Scope of the Provision.*

As regards paragraph 4, it is understood that any claims for exceptions which may be put forward after the date of the present Convention shall refer only to prohibitions or restrictions in force on that same date.

(ii) *Procedure.*

1. Any High Contracting Party may make known by a communication addressed to the Secretary-General of the League of Nations any prohibitions or restrictions which he desires to be able to maintain in virtue of paragraphs 1 and 2 of Article 6. Such

c) *ad N° 2.*

Reservation concerning Roumanian crude oil.

Les Hautes Parties contractantes déclarent qu'en acceptant pour la Roumanie, et en considération de sa situation exceptionnelle de fait et de droit, la réserve du pétrole brut en conformité du paragraphe 2 de l'article 6, Elles n'ont nullement donné leur adhésion à des mesures de prohibition et de restriction de ce produit, qu'elles considèrent comme très important pour le marché international. Les Hautes Parties contractantes expriment leur confiance que la Roumanie elle-même, dès que les circonstances le lui permettront, abolira cette prohibition, en se conformant à l'esprit du paragraphe *b*) ci-dessus, et qu'elle tiendra compte, en attendant, des intérêts des pays voisins contractants.

La Délégation roumaine s'associe complètement à cette déclaration.

d) *ad N° 4.*

I. *Portée de la disposition.*

Claims for exceptions. *Ante*, p. 2470.

Pour l'application du paragraphe 4, il est entendu que toute demande de dérogations qui pourra être présentée après la date de la présente Convention, ne saurait porter que sur des prohibitions ou restrictions en vigueur à cette même date.

II. *Procédure.*

Procedure for maintenance of prohibitions, etc.

1. Chacune des Hautes Parties contractantes pourra faire connaître, par une communication adressée au Secrétaire général de la Société des Nations, les prohibitions ou restrictions qu'Elle désire pouvoir maintenir en vertu des paragraphes 1 et 2 de l'article 6.

communication must reach the Secretary-General before February 1st, 1928. It shall state the conditions, if any, on which the High Contracting Party in question would be prepared to abandon such prohibitions or restrictions.

2. As soon as possible after February 1st, 1928, the Secretary-General of the League of Nations shall notify the High Contracting Parties of all applications which he has received under the preceding paragraph.

3. Any High Contracting Party wishing to make observations on any applications so communicated may forward such observations to the Secretary-General of the League of Nations not later than May 1st, 1928. As soon as possible after that date, the Secretary-General will inform the High Contracting Parties of all observations received.

Ante, p. 2476.

4. Any applications and observations made by the High Contracting Parties shall be examined at the meeting provided for in Article 17 of the Convention.

SECTION V.

ad Article 7.

"Trade of the High Contracting Parties."

The expression "trade of the High Contracting Parties" signifies the trade of their territories to which the Convention applies.

SECTION VI.

Prohibition on prison-made goods.

Prohibitions or restrictions applying to prison made goods are not within the scope of the Convention.

Cette communication devra parvenir au Secrétaire général avant le 1er février 1928. Elle indiquera, le cas échéant, les conditions auxquelles la Haute Partie contractante intéressée serait disposée à renoncer à ces prohibitions ou restrictions.

2. Le Secrétaire général de la Société des Nations portera, aussitôt que possible après la date du 1er février 1928 à la connaissance des Hautes Parties contractantes l'ensemble des demandes qu'il aura reçues par application du paragraphe précédent.

3. Toute Haute Partie contractante qui désirerait présenter des observations au sujet des demandes ainsi communiquées, pourra les faire parvenir jusqu'au 1er mai 1928 au Secrétaire général de la Société des Nations. Celui-ci donnera connaissance aux Hautes Parties contractantes, aussitôt que possible après cette date, de l'ensemble des observations reçues.

4. Les demandes et observations formulées par les Hautes Parties contractantes seront examinées au cours de la réunion prévue à l'article 17 de la Convention.

SECTION V.

ad Article 7.

L'expression "commerce des Hautes Parties contractantes" désigne le commerce de ceux de leurs territoires auxquels la Convention s'applique.

SECTION VI.

Les prohibitions ou restrictions appliquées aux articles fabriqués dans les prisons ne sont pas visées par la Convention.

SECTION VII.

Should any prohibitions or restrictions be imposed within the limits laid down by the Convention, the High Contracting Parties shall strictly adhere to the following provisions as regards licences:

(*a*) The conditions to be fulfilled and the formalities to be observed in order to obtain licences shall be brought immediately in the clearest and most definite form to the notice of the public;

(*b*) The method of issue of the certificates of licences shall be as simple and stable as possible;

(*c*) The examination of applications and the issue of licences to the applicants shall be carried out with the least possible delay;

(*d*) The system of issuing licences shall be such as to prevent the traffic in licences. With this object, licences, when issued to individuals, shall state the name of the holder and shall not be capable of being used by any other person.

As regards the allocation of quotas, the High Contracting Parties, without pronouncing upon the method to be adopted, consider that an equitable allocation of such quotas is one of the essential conditions for the equitable treatment of international trade.

SECTION VII.

Licenses, when prohibitions, etc., imposed.

Dans le cas où des prohibitions ou restrictions seraient appliquées dans les limites établies par la Convention, les Hautes Parties contractantes se conformeront strictement, en ce qui concerne les licences, aux dispositions suivantes:

a) Les conditions à remplir et les formalités à accomplir à l'effet d'obtenir des licences seront immédiatement portées, dans la forme la plus claire et la plus précise, à la connaissance du public;

b) Le mode de délivrance de ces titres sera aussi simple et aussi stable que possible;

c) L'examen des demandes et la remise des licences aux intéressés seront effectuées avec la plus grande célérité;

d) Le système de délivrance des licences sera établi de manière à prévenir le traffic de ces titres. A cet effet, les licences, lorsqu'elles seront accordées à des personnes, devront porter le nom du bénéficiaire et ne devront pas pouvoir être utilisées par une autre personne.

En ce qui concerne la répartition des contingents, les Hautes Parties contractantes, sans statuer sur la méthode à adopter, estiment qu'une répartition équitable de ces contingents est une des conditions essentielles de l'équitable traitement du commerce international.

DÉCLARATION ANNEXE.

Les délégations de la France, de la Grèce, de la Hongrie, de l'Italie, du Portugal, de l'Etat serbe-croate-slovène, et de la Suisse, à la Conférence internationale pour l'abolition des prohibitions et restrictions à l'importation et à l'exportation tiennent à marquer que s'étant abstenues, avec le souci de ne point faire obstacle au succès de la Conférence et ne point susciter entre les Etats participants une controverse de principe destinée à demeurer sans issue, elles ont néanmoins la ferme conviction que la prohibition des produits viticoles ne peut se justifier par les dispositions de l'article 4, paragraphe 4, de la Convention.

ANNEXED DECLARATION.

The delegations of France, Greece, Hungary, Italy, Portugal, the Kingdom of the Serbs, Croats and Slovenes and Switzerland, present at the International Conference for the Abolition of Import and Export Prohibitions and Restrictions, desire to place it on record that, though they have abstained, in the desire not to place any obstacle in the way of the success of the Conference and not to raise between the participating States a controversy on a question of principle which could lead to no definite conclusion, they are nevertheless fully convinced that the prohibition of viticultural products cannot be justified on the ground of the provisions of Article 4, No. 4, of the Convention.

PROTOCOL TO THE SUPPLEMENTARY AGREEMENT.

Protocol to the Supplementary Agreement.

At the moment of proceeding to the signature of the Supplementary Agreement to the International Convention for the Abolition of Import and Export Prohibitions and Restrictions signed on this day's date, the undersigned, duly authorised, have agreed on the following provisions, which are intended to ensure the application of the Supplementary Agreement:

SECTION I.

"The Convention," defined.

The High Contracting Parties declare that, in the text of the Supplementary Agreement of this day's date, the expression "the Convention" shall be taken to mean both the International Convention for the Abolition of Import and Export Prohibitions and Restrictions dated November 8th, 1927, and the Supplementary Agreement of this day's date.

SECTION II.

Ad Article A.

Cork from Portugal.

(*a*) Cork in the raw state, in respect of which an exception has been allowed for Portugal, does not include scrap cork, or cork in agglomerated form, in shavings, or in sheets.

Extensions of time.

(*b*) Although the exceptions set out in Article A, like those appearing in the Annex to Article 6 of the Convention, have been allowed on the condition that the countries benefiting thereby shall sign the present Supplementary Agreement on the day of the general signature, it has appeared

PROTOCOLE DE L'ACCORD COMPLÉMENTAIRE

Au moment de procéder à la signature de l'Accord complémentaire à la Convention internationale pour l'abolition des prohibitions et restrictions à l'importation et à l'exportation, Accord conclu à la date de ce jour, les soussignés, dûment autorisés, sont convenus des dispositions suivantes, destinées à assurer l'application de cet Accord complémentaire:

SECTION I.

Les Hautes Parties contractantes déclarent que, dans le texte de l'Accord complémentaire en date de ce jour, l'expression "la Convention" désigne tant la Convention internationale du 8 novembre 1927 pour l'abolition des prohibitions et restrictions à l'importation et à l'exportation que l'Accord complémentaire en date de ce jour.

SECTION II.

Ad Article A.

a) Le liège à l'état brut, pour lequel une dérogation est consentie au Portugal, ne comprend pas le liège en déchets, en agglomérés, en râpures et en planches.

b) Bien que les exceptions énumérées à l'article A aient été, comme celles qui apparaissent à l'annexe de l'article 6 de la Convention, consenties à la condition que les Etats qui en bénéficient signeraient le présent Accord complémentaire le jour de la signature générale, il a paru équitable

equitable to grant an extension of time up to August 31st, 1928, inclusive, to Bulgaria, Portugal and the United States of America.

(*c*) As regards the exception of hop shoots which has been agreed to in favour of Czechoslovakia under paragraph 1 of Article 6 of the Convention, the High Contracting Parties declare that their consent has been given in return for the written undertaking entered into by the Czechoslovak delegation to allow the free export of this product to all countries which now or in the future guarantee Czechoslovakia by legislative or contractual measures the protection of the appellation of origin of Czechoslovak hops.

SECTION III.

Ad Article B.

The High Contracting Parties agree to recognise in the case of Italy the application of the provision of the Protocol to the International Agreement relating to the Exportation of Bones (Section 1, *ad* Article 1 (*a*)), in the event of the said Agreement coming into force.

SECTION IV.

Ad Article C.

(*a*) Owing to the position of the United States in consequence of a short Session of Congress in the year 1928–29, the High Contracting Parties agree that, if the ratification of the United States has been asked for under paragraph 3 of Article C and has not been deposited by September 30th, 1929, the Convention shall come

d'accorder un délai s'étendant jusqu'au 31 août 1928 à la Bulgarie, aux Etats-Unis d'Amérique et au Portugal.

c) En ce qui concerne l'exception des jets de houblon, accordés à la Tchécoslovaquie en vertu du paragraphe 1 de l'article 6 de la Convention, les Hautes Parties contractantes déclarent que leur consentement a été donné à la suite de l'engagement écrit par la délégation tchécoslovaque de rendre libre l'exportation de ce produit vers tous les pays qui garantissent ou garantiront à la Tchécoslovaquie, par des mesures législatives ou contractuelles, la protection de l'appellation d'origine des houblons tchécoslovaques. Hop shoots from Czechoslovakia.

SECTION III.

Ad Article B.

Les Hautes Parties contractantes sont d'accord pour reconnaître en faveur de l'Italie l'application de la disposition du Protocole de l'Arrangement international relatif à l'exportation des os (Section 1, *ad* article premier, *a*), dans le cas où ledit Arrangement entrerait en vigueur. Italy.

SECTION IV.

Ad Article C.

a) Etant donné la situation des Etats-Unis d'Amérique, situation qui résulte du fait que l'année 1928–29 est une année de courte session parlementaire, les Hautes Parties contractantes conviennent que, même au cas où la ratification des Etats-Unis, demandée en vertu de l'alinéa 3 de l'article C, n'aura point été déposée à la date Ratification of the United States.

into force on January 1st, 1930, provided that all the other countries on which the entry into force of the Convention depends and the total number of which would in this case be reduced to seventeen shall have notified the Secretary-General of the League of Nations of their ratifications or accessions before September 30th, 1929, and provided no objection is raised before November 15th, 1929, by any of the countries which, at the time of the deposit of their ratification or accession, made the entry into force of the Convention, in so far as they were concerned conditional upon the ratification or accession of the United States. If any objection is raised, the last paragraph of Article 17 of the Convention shall apply.

(*b*) The High Contracting Parties declare that in drawing up the list of countries which appears in Article C, they have been chiefly guided by the interdependence of certain interests emphasised in the course of the proceedings of the Conference.

They have thought it unnecessary to mention countries the inclusion of which would be justified only by the importance of economic interests or considerations of geographical situation.

If they have not mentioned certain countries, it is because those countries at present impose no prohibitions of any importance. The High Contracting Parties think they can rely upon their ratification or adhesion.

du 30 septembre 1929, la Convention sera mise en vigueur à la date du 1er janvier 1930 si, du moins, tous les autres Etats, dont dépend la mise en vigueur et dont le nombre total serait, dans ce cas, ramené à dix-sept, ont notifié au Secrétaire général de la Société des Nations leur ratification ou leur adhésion avant le 30 septembre 1929 et s'il n'y est fait opposition avant la date du 15 novembre 1929 par aucun des Etats qui au moment du dépôt de leur ratification ou de leur adhésion, ont subordonné la mise en vigueur, en ce qui les concerne, de la Convention à la ratification ou à l'adhésion des Etats-Unis d'Amérique. Dans le cas où cette opposition se produirait, le dernier alinéa de l'article 17 de la Convention serait applicable.

b) Les Hautes Parties contractantes déclarent qu'en dressant la liste d'Etats figurant à l'article C, elles se sont inspirées surtout de l'interdépendance, affirmée au sein même de la Conférence, de certains intérêts.

Elles ont cru devoir omettre toute mention qui ne se serait justifiée que par l'importance des intérêts économiques ou par des considérations de situation géographique.

Si elles ont renoncé à mentionner certains Etats, c'est aussi qu'en raison du fait que ces Etats n'ont guère, à l'heure présente, de prohibitions de réelle importance, elles croient pouvoir compter sur leur ratification ou adhésion.

IN FAITH WHEREOF the above-mentioned plenipotentiaries have signed the present Protocol.

DONE at Geneva on the eleventh day of July, one thousand nine hundred and twenty-eight, in a single copy, which shall be deposited in the archives of the Secretariat of the League of Nations; certified true copies shall be forwarded to all the Members of the League of Nations and to all the non-Member States represented at the Conference.

EN FOI DE QUOI les plénipotentiaires susnommés ont signé le présent Protocole.

FAIT à Genève, le onze juillet mil neuf cent vingt-huit, en simple expédition, qui sera déposée dans les archives du Secrétariat de la Société des Nations; copie conforme en sera transmise à tous les Membres de la Société et à tous les Etats non membres représentés à la Conférence.

CONCERNING THE ENTRY INTO FORCE OF THE INTERNATIONAL CONVENTION OF NOVEMBER 8th, 1927, FOR THE ABOLITION OF IMPORT AND EXPORT PROHIBITIONS AND RESTRICTIONS AND OF THE SUPPLEMENTARY AGREEMENT TO THE SAID CONVENTION OF JULY 11th, 1928.

The undersigned, being duly authorised and met at Paris at the invitation of the Secretary-General of the League of Nations, in conformity with the provisions of Article 17 of the International Convention for the Abolition of Import and Export Prohibitions and Restrictions signed at Geneva on November 8th, 1927, and of Articles C and D of the Supplementary Agreement to the said Convention signed at Geneva on July 11th, 1928;

Having noted that the instruments of ratification were deposited by their respective Governments within the time-limit provided for in the aforesaid Article C of the Supplementary Agreement, except in the case of Germany, on behalf of whom this deposit was not effected until November 23rd, 1929, and except in the case of Norway who has not yet carried out this formality;

CONCERNANT LA MISE EN VIGUEUR DE LA CONVENTION INTERNATIONALE DU 8 NOVEMBRE 1927 POUR L'ABOLITION DES PROHIBITIONS ET RESTRICTIONS A L'IMPORTATION ET A L'EXPORTATION, ET DE L'ACCORD COMPLÉMENTAIRE DU 11 JUILLET 1928 A LADITE CONVENTION.

Entry into force of foregoing Convention.

Les soussignés, dûment autorisés et réunis à Paris sur convocation du Secrétaire général de la Société des Nations, conformément aux dispositions de l'article 17 de la Convention internationale pour l'abolition des prohibitions et restrictions à l'importation et à l'exportation, signée à Genève le 8 novembre 1927, et des articles C et D de l'Accord complémentaire à ladite Convention, signé à Genève le 11 juillet 1928;

Preamble.

Ante, p. 2476.

Après avoir constaté que le dépôt des instruments de ratification a été effectué par leurs Gouvernements respectifs dans le délai prévu par le susdit article C de l'Accord complémentaire, sauf en ce qui concerne l'Allemagne, au nom de laquelle ce dépôt n'a été effectué que le 23 novembre 1929, et sauf en ce qui concerne la Norvège, laquelle n'a pas encore procédé à cette formalité;

Prenant acte de la déclaration ci-annexée faite par le délégué de la Norvège;

Constatant que certaines des conditions pour la mise en vigueur de la Convention et de l'Accord

the Supplementary Agreement mentioned above as defined in Article 17 of the Convention have not been fulfilled;

Noting furthermore that it is not possible at the moment to fulfil these conditions;

Being anxious nevertheless that the above-mentioned Convention and Supplementary Agreement should be put into force between the countries they represent, and hoping that the said conditions will be realised in the near future;

Have agreed to the following provisions:

Ratification of Germany.

1. The German Government's ratification shall be regarded, exceptionally, as having the same effect as if it had been deposited before September 30th, 1929.

Of Norway.

2. The forthcoming ratification announced by the Norwegian Government shall be regarded, exceptionally, as having the same effect as if it had been deposited before September 30th, 1929.

Of Czechoslovakia and Poland.

3. If ratifications on behalf of Czechoslovakia and Poland. are deposited before May 31st, 1930, they shall be regarded, exceptionally, as having the same effect as if they had been deposited before September 30th, 1929.

Effective date.

4. The Convention shall be put into force on January 1st, 1930, by the countries on whose behalf the present Protocol is signed.

In the case of Hungary.

In the case of Hungary, the Convention will be put into force in the manner stated in the annexed declaration by the Hungarian delegate.

complémentaire ci-dessus visés, telles qu'elles sont définies à l'article 17 de la Convention, n'ont pas été réalisées;

Constatant, d'autre part, qu'il n'est momentanément pas possible de réaliser ces conditions;

Désireux de mettre néanmoins la Convention et l'Accord complémentaire précités en vigueur entre les Etats qu'ils représentent, avec l'espoir d'une réalisation prochaine des susdites conditions,

Sont convenus des dispositions suivantes:

1. La ratification du Gouvernement allemand est considérée, à titre exceptionnel, comme ayant les mêmes effets que si le dépôt en avait été effectué avant le 30 septembre 1929.

2. La ratification ultérieure annoncée par le Gouvernement norvégien sera considérée, à titre exceptionnel, comme ayant les mêmes effets que si le dépôt en avait été effectué avant le 30 septembre 1929.

3. Les ratifications qui seraient éventuellement déposées au nom de la Pologne et de la Tchécoslovaquie avant le 31 mai 1930 seront considérées, à titre exceptionnel, comme ayant les mêmes effets que si le dépôt en avait été effectué avant le 30 septembre 1929.

4. La Convention sera mise en vigueur le 1er janvier 1930 par les Etats au nom desquels le présent Protocole est signé.

En ce qui concerne la Hongrie, la mise en vigueur de la Convention s'effectuera de la manière qui est indiquée dans la déclaration ci-annexée du délégué de cet Etat.

5. Those of the countries referred to above which have made the putting into force of the Convention conditional on its ratification by Czechoslovakia and Poland or either of these countries, shall not be bound by its provisions after July 1st, 1930, unless both or either of these countries, as the case may be, ratified the Convention before May 31st, 1930, and complies with the obligations arising out of the putting into force of the Convention on January 1st, 1930. Similarly, a country which made the putting into force of the Convention conditional, as far as it is concerned, upon its ratification for any country or countries other than Czechoslovakia or Poland shall not be bound by its provisions after July 1st, 1930, unless such other country or countries are themselves bound after that date.

If any countries waive the benefits of the provisions of the preceding sub-paragraph, they shall inform the Secretary-General of the League of Nations of this fact by a declaration addressed to him before June 20th, 1930.

6. Any of the countries referred to in paragraph 4 shall be relieved of the obligations accepted by it in virtue of the present Protocol on June 30th, 1931, or the same date in 1932, 1933 or 1934, on forwarding a declaration to that effect on any of these dates to the Secretary-General of the League of Nations. This possibility, however, will cease if and when the number of countries for which, before the signature of the present Protocol, the Convention

5. Ceux de ces Etats qui ont subordonné la mise en vigueur de la Convention à la ratification de celle-ci par la Pologne et par la Tchécoslovaquie, ou par l'un de ces deux Etats, ne seront liés, au delà du 1er juillet 1930, que si ces deux derniers Etats, ou, selon le cas, l'un d'entre eux, ratifient la Convention avant le 31 mai 1930 et se conforment aux obligations découlant de la mise en vigueur de la Convention à la date du 1er janvier 1930. Pareillement, un Etat qui a subordonné la mise en vigueur de la Convention, en ce qui le concerne, à la ratification de celle-ci par un ou des Etats autres que la Pologne et la Tchécoslovaquie ne sera lié par les dispositions de la Convention, après le 1er juillet 1930, que si ce ou ces Etats se trouvent eux-mêmes liés après cette date. If ratification conditional upon ratification of other country.

Au cas où ces pays renonceraient au bénéfice des dispositions de l'alinéa précédent, il leur appartiendrait de le faire connaître par déclaration adressée avant le 20 juin 1930 au Secrétaire général de la Société des Nations. Notification of waiver of conditions.

6. Chacun des Etats visés au paragraphe 4 ci-dessus sera, à la date du 30 juin 1931 ou à la même date au cours des années 1932, 1933 et 1934, délié des obligations souscrites par lui aux termes du présent Protocole, en adressant à l'une de ces dates une déclaration à cet effet au Secrétaire général de la Société des Nations. Cette faculté prendra cependant fin dans le cas et au moment où le nombre des Etats qui ont, avant la signature du Declaration of renunciation. Termination of possibility of renunciation.

has been ratified without its entry into force being made subject to conditions or with its entry into force being made subject to conditions which are fulfilled, is not less than eighteen.

Waived conditions not considered as fulfilled.

It is understood that, when a country maintains the Convention in force under the provisions of the second sub-paragraph of No. 5 of this Protocol, in spite of the fact that its conditions have not been fulfilled, those conditions shall not thereby be considered to have been fulfilled for the purpose of the application of the second sentence of the preceding sub-paragraph.

Application to Czechoslovakia and Poland.

The provisions of the preceding two sub-paragraphs shall apply to Czechoslovakia and Poland in the event of the Convention being ratified on their behalf within the period mentioned in paragraph 5.

To any State acceding to Convention.

7. The provisions contained in paragraph 6 above shall be extended to any Member of the League of Nations or any non-Member State acceding to the Convention after this day's date.

Signatures.

IN FAITH WHEREOF the undersigned have signed the present Protocol.

DONE at Paris, on December twentieth one thousand nine hundred and twenty-nine in a single copy the French and English texts of which are both authoritative and which shall be deposited in the archives of the Secretariat of the League of Nations. Certified true copies shall be transmitted to all the Members of the League of Nations

présent Protocole, ratifié la Convention sans subordonner la mise en vigueur de celle-ci à des conditions, ou en subordonnant la mise en vigueur à des conditions qui sont réalisées, n'est pas inférieur à dix-huit.

Il est entendu que si un Etat maintient la Convention en vigueur par application des dispositions du deuxième alinéa du paragraphe 5 du présent Protocole, bien que les conditions auxquelles il avait subordonné cette mise en vigueur n'aient pas été réalisées, ces conditions ne seront point, de ce chef, considérées comme réalisées au point de vue de l'application de la deuxième phrase de l'alinéa précédent.

Les dispositions des deux alinéas précédents seront applicables à la Pologne et à la Tchécoslovaquie dans le cas où la Convention serait ratifiée en leur nom dans le délai fixé au paragraphe 5.

7. Les dispositions prévues au paragraphe 6 ci-dessus seront étendues à tout Membre de la Société des Nations et à tout Etat non membre qui, postérieurement à la date de ce jour, adhérerait à la Convention.

EN FOI DE QUOI les soussignés ont signé le présent Protocole.

If the loss has taken place in the course of conveyance, without its being possible to determine on the territory or in the service of which country the loss occurred, the Administrations concerned bear the loss in equal shares. However, the whole of the indemnity due must be turned over to the Administration of origin by the first Administration which can not establish the regular transmission of the article in question to the corresponding service. It is incumbent upon the latter Administration to recover from the other responsible Administrations the share of each of them in the indemnity paid to the sender.

4. By the fact of the payment of the indemnity, the responsible Administration is subrogated up to the amount of that indemnity in the rights of the person who has received it for all eventual recourse against the addressee, the sender, or a third party.

ARTICLE 60.

Remboursement de l'indemnité à l'Office expéditeur.

1.—L'Office responsable ou pour le compte duquel le payement est effectué en conformité de l'article *58* est tenu de rembourser à l'Office *expéditeur, dans* un délai de trois mois après notification du payement, le montant de l'indemnité *effectivement payée à l'expéditeur.*

Ce remboursement s'effectue sans frais pour l'Office créditeur, soit au moyen d'un mandat de poste, *d'un chèque* ou d'une traite *payable a vue sur la capitale ou sur une place commerciale du pays créancier,* soit en espèces ayant cours dans *ce* pays. Passé le délai de trois mois, la somme due à l'Office expéditeur est productive d'intérêt, à raison de sept pour cent l'an, à compter du jour de l'expiration dudit délai.

2.—L'Office d'origine ne peut reclamer le remboursement de l'indemnité à l'Office responsable que dans le délai de deux ans, à compter de la date de notification de la perte, ou, s'il y a lieu, du jour de l'expiration du délai prévu à l'article 58, § 2.

3.—L'Office dont la responsabilité est dûment établie et qui a tout d'abord décliné le payement de l'indemnité doit prendre à sa charge tous les frais accessoires résultant du retard non justifié apporté au payement.

4.—Les Administrations peuvent s'entendre pour liquider périodiquement les indemnités qu'elles ont payées aux expéditeurs et dont elles ont reconnu le bien-fondé.

ARTICLE 60.

Repayment of the indemnity to the Administration of origin

1. The Administration which is responsible, or on whose behalf the payment is made in accordance with Article 58, is bound to reimburse the dispatching Administration, within a period of three months following notification of the payment, for the amount of the indemnity actually paid to the sender. Repayment to Administration of origin. *Ante*, p. 2555.

That reimbursement is effected without expense for the creditor Administration by means of either a money order, a check or a draft payable at sight on the capital or on a commercial city of the creditor country, or in coin current in the creditor country. At the expiration of the period of three months the sum due to the dispatching Administration bears interest at the rate of 7 per cent a year, counting from the date of expiration of the said period. Method, etc.

2. The Administration of origin may claim the repayment of the indemnity from the responsible Administration only within the period of two years, counting from the date of notification of the loss; or, if occasion arises, from the date of expiration of the period contemplated by Article 58, Sec. 2. Barring contrary agreement, the amount to be collected is expressed in the money of the country of origin of the article.

The maximum C. O. D. charge is equal to the maximum amount fixed for money orders addressed to the country of origin of the article.

C. O. D. articles are subject to the conditions and rates applicable to registered articles.

The sender also pays a fixed fee, which may not exceed 50 centimes per article, and a proportional fee of ½ per cent at most of the amount of the C. O. D. charge.

Each Administration has the option of adopting, for the collection of the proportional fee, the scale which is most convenient for its service.

2. The amount collected from the addressee is transmitted to the sender by means of a C. O. D. money order, which is issued free of charge.

3. Administrations may agree upon some other procedure for the settlement of the sums collected. They may, in particular, undertake to turn them over to a current postal account in the country of destination of the article.

In this case, in the absence of contrary arrangements, the amount of the C. O. D. charge shall be indicated in money of the country of destination. There is collected from the sender, in addition to the postage for a registered article, a fixed fee of 25 centimes at most. The Administration of destination turns over to the current account, by means of a domestic transfer bulletin, the amount collected from the addressee, after deducting a fixed fee of 25 centimes at most and the ordinary transfer charge applicable in its domestic service.

ARTICLE 62.

L'expéditeur d'un envoi recommandé gravé de remboursement peut demander le dégrèvement total ou partiel du montant du remboursement.

Les demandes de cette nature sont soumises aux mêmes dispositions que les demandes de retrait ou de modification d'adresse.

Si la demande de dégrèvement total ou partiel du montant du remboursement doit être transmise par voie télégraphique, la taxe du télégramme est augmentée de la taxe applicable à une lettre simple recommandée.

RÈGLEMENT D'EXÉCUTION DE LA CONVENTION POSTALE UNIVERSELLE.

Les soussignés, vu l'article 4 de la Convention postale universelle conclue à Londres le 28 juin 1929, ont, au nom de leurs Administrations respectives, arrêté, d'un commun accord, les mesures suivantes pour assurer l'exécution de ladite Convention:

TITRE I.

Dispositions générales.

CHAPITRE UNIQUE.

ARTICLE PREMIER.

Transit en dépêches closes et transit à découvert.

Les Administrations peuvent s'expédier réciproquement, par l'intermédiare d'une ou de plusieurs d'entre elles, tant des dépêches closes que des correspondances à découvert, suivant les besoins du trafic et les convenances du service. *La transmission des correspondances à découvert à une Administration intermédiaire doit se limiter strictement aux cas où la confection de dépêches closes ne se justifie pas.*

ARTICLE 2.

Echange en dépêches closes.

1.—L'échange des correspondances en dépêches closes est réglé d'un commun accord entre les Administrations interessées.

Il est obligatoire de former des dépêches closes toutes les fois qu'une des Administrations intermédiaires en fait la demande, se basant sur le fait que le nombre de correspondances à découvert est de nature à entraver ses opérations.

2.—Les Administrations par l'intermédiaire desquelles de dépêches closes sont à expédier doivent être prévenues en temps opportun.

REGULATIONS FOR THE EXECUTION OF THE UNIVERSAL POSTAL CONVENTION

Executory regulations.

The undersigned, in view of Article 4 of the Universal Postal Convention concluded at London on June 28, 1929, have, in the name of their respective Administrations, drawn up, by common consent, the following measures to assure the execution of the said Convention:

Measures adopted.

Ante, p. 2529.

TITLE I

GENERAL PROVISIONS

General provisions.

SOLE CHAPTER

ARTICLE 1

Transit in closed mails and transit in open mail

Use of closed and open mails.

Administrations may send reciprocally, thru the intermediary of one or more of them, both closed mails and correspondence in open mail, in accordance with the requirements of the traffic and the conveniences of the service. The transmission of correspondence in open mail to an intermediate Administration must be limited strictly to cases in which the preparation of closed mails is not justified.

Open mail to intermediate.

Administration restricted.

ARTICLE 2

Exchange in closed mails

Exchange in closed mails.

1. The exchange of correspondence in closed mails is governed by mutual agreement between the Administrations concerned.

It is obligatory to make up closed mails whenever one of the intermediate Administrations so request, basing its request on the fact that the number of articles in open mail is of such a nature as to hinder its operations.

2. The Administrations thru whose intermediary closed mails are to be exchanged shall be duly notified in advance.

3.—En cas de changement dans un service d'échange en dépêches closes établi entre deux Administrations par l'entremise d'un ou de plusieurs pays tiers, l'Administration qui a provoqué le changement en donne connaissance aux Administrations de ces pays.

ARTICLE 3.

Acheminement des correspondances.

Routing of mails.

1.—Chaque Administration est obligée d'acheminer, par les voies les plus rapides qu'elle emploie pour ses propres envois, les dépêches closes et les correspondances à découvert qui lui sont livrées par une autre Administration.

Lorsqu'une dépêche se compose de plusieurs sacs, ceux-ci doivent, autant que possible, rester réunis et être acheminés par le même courrier.

Les objets de toute nature mal dirigés sont, sans aucun délai, réexpédiés par la voie la plus prompte sur leur destination.

Optional routes may be designated.

2.—L'Administration du pays d'origine a la faculté d'indiquer la voie à suivre les dépêches closes qu'elle expédie, pourvu que l'emploi de cette voie n'entraîne pas, pour une Administration intermédiaire, des frais spéciaux.

Sous la même réserve, les Administrations intervenant dans le transport doivent tenir compte de la voie à suivre portée par l'expéditeur sur les envois qui leur sont transmis à découvert.

Collection of extra charges therefor.

3.—Les Administrations qui usent de la faculté de percevoir des taxes supplémentaires, en représentation des frais extraordinaires afférents à certaines voies, sont libres de ne pas diriger par ces voies les correspondances *non affranchies ou* insuffisamment affranchies.

ARTICLE 4.

Distant countries.

Pays éloignés.

Definition of.

1.—Sont considérés comme pays éloignés les pays entre lesquels la

3. In case of alteration in an exchange of closed mails established between two Administrations thru the intermediary of one or more third countries, the Administration which has caused the change gives notice thereof to the Administrations of those countries.

ARTICLE 3

Routing of mails

1. Each Administration is obliged to forward by the most rapid routes which it employs for its own dispatches the closed mails and articles in open mail which are delivered to it by another Administration.

When a mail is composed of several sacks, they must, as far as possible, remain together and be forwarded in the same dispatch.

Missent articles of all kinds are, without any delay, reforwarded by the most rapid route to their destination.

2. The Administration of the country of origin has the option of indicating the route to be followed by the closed mails which it dispatches, provided that the employment of that route does not involve special expenses for an intermediate Administration.

With the same reservation, the Administrations intervening in the transportation shall take account of the route to be followed indicated by the sender on articles sent to them in open mail.

3. Administrations which make use of the option of collecting supplementary charges, representing the extraordinary expenses relating to certain routes, are free not to send unprepaid or insufficiently prepaid correspondence by those routes.

ARTICLE 4

Distant countries

1. Countries between which the shortest transit time by land or

durée des transports par la voie de terre ou de mer la plus rapide est de plus de dix jours.

2.—Sont assimilés aux pays éloignés, en ce qui concerne la fixation des délais, les pays de très grande étendue où dont les voies de rommunication intérieures sont peu développées pour les questions où ces facteurs jouent un rôle prepondérant. Le Bureau international dressera une liste de ces pays.

sea is more than ten days are considered as distant countries.

2. Countries of very great extent, or those whose internal routes of communication are but little developed, for questions where those factors play an important part, are assimilated to distant countries, in regard to the fixing of the periods. The International Bureau will prepare a list of those countries.

List to be prepared.

ARTICLE 5.

Fixation des équivalents.

1.—Les Administrations fixent les équivalents des taxes et droits prévus par la Convention et les Arrangements après entente avec l'Administration des postes suisses, à laquelle il appartient de les faire notifier par l'intermédiaire du Bureau international.

Chaque Administration notifie directement au Bureau international *l'équivalent fixé par elle pour* l'indemnité prévue à l'article *54* de la Convention.

Les équivalents ne peuvent entrer en vigueur que le 1er d'un mois et au plus tôt 15 jours après leur notification par le Bureau international.

Ce Bureau dresse un tableau indiquant, pour chaque pays, les équivalents des taxes et droits mentionnés au 1er alinéa ci-dessus, *et renseignant, le cas échéant, sur le pourcentage de la majoration ou de la réduction de taxe appliquée en vertu de l'article II du Protocole final de la Convention.*.

2.—Lorsqu'un changement d'équivalents est jugé nécessaire, l'Administration du pays intéressé doit suivre la procédure indiquée au paragraphe précédent.

Les nouveaux équivalents ne peuvent également entrer en vigueur que le 1er d'un mois et au plus tôt 15 jours après leur notification par le Bureau international.

ARTICLE 5.

Fixing of equivalents

Fixing equivalents.

1. Administrations fix the equivalents of the rates and fees contemplated by the Convention and Agreements by agreement with the Swiss Postal Administration, which latter Administration shall give notice of the equivalents thru the intermediary of the International Bureau.

Rates, etc.

Notice to be given.

Each Administration notifies the International Bureau directly of the equivalent fixed by it for the indemnity contemplated by Article 54 of the Convention.

Report to International Bureau.

Ante, p. 2553.

The equivalents can not enter into force except on the first of a month, and at the earliest 15 days after their notification by the International Bureau.

Effective dates.

That Bureau makes up a table indicating, for each country, the equivalents of the rates and fees mentioned in the first paragraph above, showing, if occasion arises, the percentage of the increase or reduction in the rates made by virtue of Article II of the Final Protocol of the Convention.

Table to be prepared, etc.

2. When a change of equivalents is deemed necessary, the Administration of the country concerned shall follow the procedure indicated in the preceding Section.

Change of equivalents.

Likewise, the new equivalents may not become effective on any date but the first of a month, and at the earliest 15 days after their notification by the International Bureau.

New equivalents.

Fractions.

3.—Les fractions monétaires résultant du complément de taxe applicable aux correspondances insuffisamment affranchies peuvent être arrondies par les Administrations qui en effectuent la preception. La somme à ajouter de ce chef ne peut excéder *la valeur d'un vingtième de franc* (*cinq centimes*).

3. The monetary fractions resulting from the additional charge applicable to shortpaid correspondence may be rounded off by the Administrations which collect such charge. The amount to be added on that account may not exceed the value of one-twentieth of a franc (five centimes)

Les empreintes produites par les machines à affranchir doivent être de couleur rouge vif, quelle que soit la valeur qu'elles représentent.

The impressions produced by stamping machines shall be of bright red color, whatever value they represent.

2.—Les timbres-poste et les empreintes d'affranchissement *doivent porter, autant que possible* en caractères latins, l'indication du pays d'origine et mentionner leur valeur d'affranchissement d'après le tableau des équivalents adoptés. L'indication du nombre d'unités ou de fractions de l'unité monétaire, servant à exprimer cette valeur, est faite en chiffres arabes. *En ce qui concerne les imprimés affranchis au moyen d'empreintes obtenues à la presse d'imprimerie, les indications du pays d'origine et de la valeur d'affranchissement peuvent être remplacées par le nom du bureau d'origine et la mention "Taxe perçue", "Port payé" ou une expression analogue.*

2. Postage stamps and postage-paid impressions shall bear, in Latin characters as far as possible, the indication of the country of origin, and mention their postage value in accordance with the table of equivalents adopted. The indication of the number of units or fractions of the monetary unit serving to express that value is made in Arabic figures. Barring contrary agreement, the amount collected, expressed in money of the country of origin of the article, is converted into money of the country of destination by the Administration of that country, which makes use of the conversion rates which it employs for the conversion of money orders destined for the country of origin of the articles.

ARTICLE 33

Difference between the indications of the amount of the C. O. D. charge.

In case of difference between the indications of the amount of the charge to be collected on delivery shown on the article and on the money order, the higher sum shall be collected from the addressee.

Si celui-ci refuse de verser cette somme, l'envoi peut être livré, sauf l'exception prévue ci-après, contre payement de la somme inférieure, mais sous réserve qu'un payement complémentaire sera effectué, s'il y a lieu, dès réception des renseignements qui seront fournis par l'Office expéditeur. Si le destinataire n'accepte pas cette condition, il est sursis à la livraison de l'envoi.

Dans tous les cas, une demande de renseignements est transmise immédiatement à l'Office expéditeur qui doit y répondre, dans le plus court délai possible, en précisant le montant exact du remboursement.

Lorsque le destinataire est de passage ou doit s'absenter, le payement de la somme la plus élevée peut être exigé. En cas de refus, l'envoi n'est livré qu'à la réception de la réponse à la demande de renseignements.

A l'expiration du délai de garde, *l'objet* est *renvoyé* au bureau d'origine. L'expéditeur peut toutefois demander par une annotation le *retour* immédiat de l'objet, si le destinataire refuse de payer le montant du remboursement lors de la première présentation.

ARTICLE 34

Dans ce cas, le bureau destinataire se borne à retenir l'envoi à la réception du télégramme et attend la confirmation postale pour faire droit à la demande.

Toutefois, l'Office destinataire peut, sous sa propre responsabilité, donner suite à une demande télégraphique sans attendre cette confirmation.

In case of a telegraphic request, it must be confirmed by the first mail by a postal request accompanied by the facsimile mentioned in Article 48, Section 1, and bearing at the head the notation, underlined in colored pencil, "Confirmation of the telegraphic request of _____".

In this case, the office of destination merely holds the article on receipt of the telegram, and waits for the confirmation by mail before complying with the request.

However, the Administration of destination may, on its own responsibility, comply with a telegraphic request without waiting for such confirmation.

Mail requests.

Il en est de même des mandats de remboursement qui ont été remis aux ayants droit, mais dont le montant n'a pas été encaissé. Toutefois, ces titres doivent, au préalable, être remplacés par des autorisations de payement dressées par l'Office d'origine des mandats.

Indorsement for extension of validity, etc.

2.—Les visas pour date et les autorisations de payement des mandats de remboursement sont accordés dans les conditions prévues par l'Arrangement des mandats.

The same applies to C. O. D. money orders which have been delivered to the payees, but whose amounts have not been collected. However, such orders should first be replaced by authorizations for payment made up by the Administration of origin of the orders.

In localities having several post offices, the stamp must indicate which is the office of mailing.

Use of date stamp.

The application of the stamp contemplated in the preceding paragraphs is not obligatory for prints prepaid by means of printed impressions or by other processes provided for in Article 46 of the Convention.

Optional, on prints.

Ante, p. 2548.

2. All valid postage stamps must be canceled.

Postage stamps which have not been canceled, thru error or omission on the part of the service of origin, must be marked thru with a heavy line or canceled in some other manner by the office which detects the irregularity, but they are not struck with the dating stamp.

4. The stamping of correspondence mailed on board ships is incumbent upon the postal agent or the officer on board in charge of the service, or, in their absence, upon the post office at the port of call where such correspondence is delivered in open mail. In this case, the office strikes the articles with its date stamp and places on them the note "Navire" (ship), "Paquebot" (mail steamer), or a similar notation.

ARTICLE 42.

ARTICLE 43

Articles not prepaid or insufficiently prepaid

1. Articles of correspondence on which any charge must be collected after mailing, either from the addressee, or from the sender in case of return as undeliverable, are marked with the "T" (postage due) stamp, in the upper right-hand corner of the front; the indication in francs and centimes of the amount to be collected is entered in very legible figures beside that stamp.

2. The application of the T-stamp, as well as the indication of the amount to be collected, is incumbent upon the Administration of origin, or, in case of reforwarding or return as undeliverable, upon the reforwarding Administration.

However, if it is a question of articles coming from countries which apply reduced rates in rela-

tions, avec l'Office réexpéditeur, le montant à percevoir est indiqué par l'Office distributeur.

3.—L'Office distributeur frappe l'envoi de la taxe à percevoir.

4.—Tout envoi ne portant pas le timbre T est considéré comme dûment affranchi et traité en conséquence, sauf erreur évidente.

5.—Il n'est pas tenu compte des timbres-poste non valables pour l'affranchissement. Dans ce cas, le chiffre zéro (0) est placé à côté de ces timbres-poste, *qui doivent être encadrés au crayon.*

ARTICLE 44.

Renvoi des bulletins d'affranchissement. Récupération des droits avancés.

1.—Après la livraison d'un envoi franc de droits au destinataire, le bureau qui a fait l'avance des frais de douane ou autres pour le compte de l'expéditeur complète, en ce qui le concerne, les indications qui figurent au verso du bulletin d'affranchissement et transmet ce dernier, accompagné des pièces justificatives, sous enveloppe fermée, sans indication du contenu, au bureau d'origine de l'envoi.

Toutefois, chaque Administration a le droit de faire effectuer, par des bureaux spécialement désignés, le renvoi des bulletins d'affranchissement grevés de frais et de demander que les bulletins soient transmis à un bureau déterminé. Dans ce dernier cas, le nom du bureau auquel les bulletins doivent être renvoyés est inscrit par le bureau expéditeur de l'envoi au recto du bulletin d'affranchissement.

2.—Lorsqu'un envoi qui porte l'étiquette "Franc de droits" parvient au service destinataire sans bulletin d'affranchissement, le bureau chargé du dédouanement établit un duplicata du bulletin; le nom du pays d'origine est substitué à celui de l'Office dont il relève et la date du dépôt de l'envoi est, autant que possible, mention-

ARTICLE 44

Return of prepayment bulletins. Recovery of charges advanced

Recovery of customs, etc., advances.

1. After the delivery of an article free of charges to the addressee, the office which has made the advance of the customs or other charges on behalf of the sender completes, in regard to itself, the indications which appear on the back of the prepayment bulletin, and transmits the latter, accompanied by the supporting papers, in a sealed envelope, without indication of the contents, to the office of origin of the article.

Return of prepayment bulletins.

Further instructions.

However, each Administration has the right to have the return of the prepayment bulletins bearing charges effected by offices specially designated, and to request that the bulletins be sent to a certain office. In the latter case, the name of the office to which the bulletins are to be returned is entered by the dispatching office of the article on the front of the prepayment bulletin.

Duplicate bulletin substituted for lost original.

2. When an article bearing the label "Franc de droits" (free of charges) reaches the office of destination without any prepayment bulletin, the office charged with the customs clearance makes up a duplicate bulletin; the name of the country of origin is substituted for that of the Administration to which it belongs, and the

née. Lorsque le bulletin d'affranchissement est perdu après livraison de l'envoi, un duplicata est établi dans les mêmes conditions.

Cancellation of bulletins on return of article, etc.

3.—Les bulletins d'affranchissement afférentes aux envois qui, pour un motif quelconque, sont renvoyés, à l'origine et dont le dédouanement n'a pas encore été effectué par l'Office destinataire doivent être annulés par les soins de cet Office.

Currency conversions.

4.—A la réception d'un bulletin d'affranchissement indiquant les frais déboursés par le service destinataire, l'Office d'origine convertit le montant de ces frais dans sa propre monnaie à un taux qui ne doit pas être supérieur au taux fixé pour l'émission des mandats de poste à destination du pays correspondant. Le résultat de la conversion est indiqué dans le corps de la formule et sur le coupon latéral; il est appuyé de la signature de l'agent qui a opéré la conversion. Après avoir recouvré le montant des frais, le bureau d'origine remet à l'expéditeur le coupon du bulletin et, le cas échéant les pièces justificatives.

3. Prepayment bulletins belonging to articles which are returned to origin for any reason and whose customs clearance has not yet been effected by the Administration of destination shall be canceled by that Administration.

4. On receipt of a prepayment bulletin indicating the charges paid by the service of destination, the Administration of origin converts the amount of those charges into its own money at a rate which must not be higher than the rate fixed for the issuance of money orders destined for the corresponding country. The result of the conversion is indicated in the body of the form and on the coupon at the side; it is supported by the signature of the agent who has effected the conversion. After having recovered the amount of the charges, the office of origin delivers the coupon of the bulletin, and, if need be, the supporting papers, to the sender.

4.—Les envois primitivement addressés à l'intérieur d'un pays et dûment affranchis selon le régime intérieur sont considérés comme des envois régulièrement affranchis pour leur premier parcours.

5.—Les envois ayant circulé primitivement en franchise *postale* dans l'intérieur d'un pays sont frappés de la taxe applicable aux envois affranchis de même nature adressés directement du point d'origine au lieu de la destination nouvelle.

6.—Lors de la réexpédition, le bureau destinataire applique, dans tous les cas, son timbre à date au recto des lettres et des cartes postales.

7.—Les correspondances ordinaires ou recommandées, qui, portant une adresse incomplète ou erronée, sont renvoyées aux expéditeurs pour qu'ils la complètent ou la rectifient, ne sont pas, quand elles sont remises dans le service avec une suscription complétée ou rectifiée, considérées comme des correspondances réexpédiées, mais bien comme de nouveaux envois et deviennent, par suite, passibles d'un nouvelle taxe.

8.—Les droits de douane et les autres droits non postaux dont l'annulation n'a pu être obtenue à la réexpédition ou au renvoi à l'origine (article 47) sont recouvrés, par voie de remboursement, sur l'Office de la nouvelle destination. L'Office de la destination primitive joint dans ce cas à l'envoi une note explicative et un mandat de remboursement (modèle C 8).

Si le service de remboursement n'existe pas dans les relations entre les Administrations intéressées, les droits en cause sont recouvrés par voie de correspondance.

Incorrectly addressed matter.

7. Ordinary or registered correspondence which bears an incomplete or incorrect address and is returned to the senders for completion or correction is not, when returned to the service with a completed or corrected address, considered as redirected correspondence, but rather as new correspondence, and is therefore liable to new postage charges.

Recovery of customs, etc., charges.

8. The customs duties and other non-postal charges of which it has been impossible to obtain the cancelation upon redirection or return to origin (Article 47) are recovered thru the C. O. D. service from the Administration of new destination. In this case, the Administration of original destination attaches to the article an explanatory note and a C. O. D. money order (Form C 8).

Post, p. 2614.

Post, p. 2673.

If the C. O. D. service is not in operation between the Administrations concerned, the charges in question are recovered thru correspondence.

Special forwarding envelopes.

Enveloppes de réexpédition.

Ordinary mail with corrected address.

1.—Dans les relations entre les Administrations qui se sont déclarées d'accord, les objets de correspondance ordinaires réexpédiés à une même personne ayant changé de résidence peuvent être insérés dans des enveloppes spéciales, conformes au modèle C 10 ci-annexé, fournies par les Administrations et sur lesquelles doivent seuls être inscrits le nom et la nouvelle adresse du destinataire.

Post, p. 2675.

Exclusions.

Not to be sealed.

3.—L'enveloppe de réexpédition doit être présentée ouverte au bureau réexpéditeur pour lui permettre de percevoir, s'il y a lieu, les compléments de taxe dont les objets qu'elle contient peuvent être passibles ou d'indiquer sur ces objets la taxe à percevoir à l'arrivée, lorsque le complément d'affranchissement n'est pas acquitté.

Verification on arrival.

4.—A l'arrivée à destination, le contenu des enveloppes de réexpédition est vérifié par les bureaux distributeurs, qui perçoivent, s'il y a lieu, les compléments de taxe non acquittés.

Treatment of.

1.—Avant de renvoyer à l'Office d'origine les correspondances non distribuées pour un motif quelconque, le bureau de destination doit indiquer d'une manière claire et concise, en langue française, au *verso* de ces objets, la cause de la non-remise sous la forme suivante: inconnu, refusé, en voyage, parti, non réclamé, décédé, ou un mot similaire. *En ce qui concerne les cartes postales et les imprimés sous forme de cartes, la cause de la non-remise est indiquée sur la moitié droite du recto.*

Causes for nondelivery indicated.

ARTICLE 46

Forwarding envelopes

1. In relations among Administrations which have expressed their agreement, articles of ordinary correspondence forwarded to one and the same person who has changed his residence may be inclosed in special envelopes conforming to Model C 10 hereto appended, furnished by the Administrations, on which should be written only the name and the new address of the addressee.

2. Articles whose form, volume or weight gives rise to risks of tearing may not be included in the forwarding envelopes; the total weight of an envelope and its contents may in no case exceed 250 grams.

3. The forwarding envelope must be presented open to the reforwarding office, to permit it to ascertain what additional charges, if any, may be due on the articles which it contains, or to indicate on the said articles the charges to be collected on arrival when the additional postage is not prepaid.

4. On arrival at destination, the contents of the forwarding envelopes are verified by the offices of delivery, which collect the additional charges not already paid, if any.

ARTICLE 47

Undelivered articles

1. Before returning correspondence which has not been delivered for any reason to the Administration of origin, the office of destination must indicate in a clear and concise manner, in the French language, on the back of such articles, the cause of the nondelivery, in the following form: "Inconnu" (unknown), "Refusé" (refused), "En voyage" (traveling), "Parti" (removed), "Non réclamé" (unclaimed), "Décédé" (deceased), or a similar word. In regard to post cards and prints in the form of cards, the reason for the non-delivery is indicated on the right half of the front.

Cette indication est fournie par l'application d'un timbre ou l'apposition d'une étiquette. Chaque Office a la faculté d'ajouter la traduction, dans sa propre langue, de la cause de la non-remise et les autres indications qui lui conviennent.

Le bureau de destination doit biffer le lieu de la première destination et apposer la mention "Retour" à côté de l'empreinte du timbre à date du bureau d'origine. Il doit, en outre, appliquer son timbre à date au verso des lettres et au recto des cartes postales.

2.—Le renvoi des correspondances tombées en rebut se fait, soit isolément, soit en une liasse spéciale étiquetée "Rebuts".

Les correspondances recommandées tombées en rebut sont renvoyées au bureau d'échange du pays d'origine comme s'il s'agissait de correspondances recommandées à diriger sur ce pays.

Par exception, deux Offices correspondants peuvent, d'un commun accord, adopter un autre mode de renvoi des rebuts.

3.—Si des correspondances mises à la poste dans un pays et adressées à l'intérieur de ce même pays ont pour expéditeurs des personnes habitant un autre pays et doivent, par suite de mise en rebut, être renvoyées à l'étranger pour être rendues aux expéditeurs, elles deviennent des envois de l'échange international et sont traitées d'après les dispositions concernant la réexpédition.

4.—Les correspondances pour les marins et autres personnes, adressées aux soins d'un Consul et rendues par celui-ci au bureau de poste local comme non reclamées, doivent être traitées de la manière prescrite pour les rebuts en général. Le montant des taxes perçues à la charge du Consul sur ces correspondances doit en même temps lui être restitué par le bureau de poste local.

This indication is made by the application of a stamp or the affixing of a label. Each Administration has the option of adding a translation in its own language of the cause of non-delivery, and any other indications which may be convenient. Optional methods.

The office of destination must strike out the place of first destination and place the note "Retour" (return) beside the imprint of the date stamp of the office of origin. It must also apply its date stamp on the back of letters and the front of post cards.

2. Undelivered articles are returned either singly or in a special bundle labeled "Rebuts" (dead mail matter). Return.

Registered articles which are undeliverable are returned to the exchange office of the country of origin as if it were a question of registered correspondence addressed to that country.

By way of exception, two corresponding Administrations may, by common consent, adopt some other method of returning rebuts.

3. If articles of correspondence mailed in one country and addressed to the interior of that same country have for senders persons living in another country, and must, as a result of non-delivery, be forwarded to another country to be returned to the senders, they become international mail articles and are treated in accordance with the provisions concerning forwarding. Domestic mail returned through another country treated as international.

4. Correspondence for seamen and other persons addressed in care of a Consul and returned by him to the local post office as unclaimed must be treated in the manner prescribed for rebuts in general. The amount of the charges collected from the Consul on such correspondence must at the same time be refunded to him by the local post office. Mail for seamen.

ARTICLE 48.

Withdrawal or change of address. Retrait. Modification d'adresse.

Form of request. 1.—Les demandes de retrait de correspondances ou de *modification d'adresse* donnent lieu à l'établissement, par l'expéditeur, d'une formule conforme au modèle *C 11* ci-annexé; *une seule formule peut être utilisée pour plusieurs envois remis en même temps au même bureau, par le même expéditeur à l'adresse du même destinataire.* En remettant cette demande au bureau de poste, l'expéditeur doit justifier de son identité et produire, s'il y a lieu, le bulletin de dépôt. Après la justification, dont l'Administration du pays d'origine assume la responsabilité, il est procédé de la manière suivante:

Post, p. 2676.

By mail. *a*) si la demande est destinée à être transmise par voie postale, la formule, accompagnée d'un fac-similé parfait de l'enveloppe ou de la suscription de l'envoi, est expédiée directement, sous pli recommandé, au bureau destinataire;

By telegraph. *b*) si la demande doit être faite par voie télégraphique, la formule est déposée au service télégraphique chargé d'en transmettre les termes au bureau de poste destinataire. Le télégramme est rédigé en langue fançaise.

Searches. *2.*—A la réception de la formule *C 11* ou du télégramme en tenant lieu, le bureau destinataire recherche la correspondance signalée et donne à la demande la suite nécessaire.

Post, p. 2677.

Si la recherche est infructueuse, si l'envoi a déjà été remis au destinataire, ou si la demande par voie télégraphique n'est pas assez explicite pour permettre de reconnaître sûrement l'envoi, le fait est signalé immédiatement au bureau d'origine, qui en prévient le réclamant.

Report.

Exchange of requests with Administrations. 3.—Toute Administration peut exiger, par une notification adressée au Bureau international, que l'échange des demandes, en ce qui la concerne, soit effectué par l'entremise de son Administration centrale ou d'un bureau spécialement désigné.

ARTICLE 48

Withdrawal. Change of address

1. Requests for withdrawal of correspondence or for change of address give rise to the preparation, by the sender, of a form agreeing with Model C 11 hereto appended; a single form may be used for several articles mailed at the same time, at the same office, by the same sender and to the same addressee. In submitting that request to the post office, the sender must prove his identity and produce the certificate of mailing, if any. After he has proved his identity, for which the Administration of the country of origin assumes responsibility, the procedure is as follows:

(a) If the request is intended to be sent by mail, the form, accompanied by a perfect facsimile of the envelope or the address of the article, is sent directly, under registered cover, to the office of destination;

(b) If the request must be made by telegraph, the form is turned over to the telegraph service, which is charged with transmitting the terms thereof to the post office of destination. The telegram is worded in the French language.

2. On receipt of the Form C 11 or of the telegram taking its place, the office of destination searches for the correspondence in question and takes the necessary action.

If the search is fruitless, if the article has already been delivered to the addressee, or if the telegraphic request is not explicit enough to permit the article to be surely recognized, the fact is reported at once to the office of origin, which advises the sender accordingly.

3. Any Administration may demand, by a notification addressed to the International Bureau, that the exchange of requests in regard to it be effected thru the intermediary of its central Administration or of an office specially designated.

Dans les cas où l'échange des demandes s'effectue par l'entremise des Administrations centrales, il doit être tenu compte des demandes expédiées directement par les bureaux d'origine aux bureaux de destination, dans ce sens que les correspondances y relatives sont exclues de la distribution jusqu'à l'arrivée de la demande de l'Administration centrale.

Les Administrations qui usent de la faculté prévue par le premier alinéa du présent paragraphe prennent à leur charge les frais que peut entraîner la transmission, dans leur service intérieur, par voie postale ou télégraphique, des communications à échanger avec le bureau destinataire.

Le recours à la voie télégraphique est obligatoire lorsque l'expéditeur a lui-même fait usage de cette voie et que le bureau destinataire ne peut pas être prévenu en temps utile par la voie postale.

ARTICLE 49.

Simple correction d'adresse.

Une simple correction d'adresse (sans modification du nom ou de la qualité du destinataire) peut être demandée directement par l'expéditeur au bureau destinataire, c'est-à-dire sans l'accomplissement des formalités prescrites pour le changement d'adresse proprement dit.

ARTICLE 50.

Réclamations. Envois ordinaires.

1.—Toute réclamation relative à un envoi ordinaire est soumise à la procédure suivante:

a) le réclamant doit remplir la partie qui le concerne d'une formule conforme au modèle *C 12* ci-annexé;

b) le bureau où la réclamation s'est produite transmet la formule directement au bureau correspondant. La transmission s'effectue d'office, sans aucune écriture;

In case that the exchange of requests is effected thru the intermediary of the central Administrations, account must be taken of requests sent directly by the offices of origin to the offices of destination, in the sense that the correspondence in question is withheld from delivery pending the arrival of the request of the central Administration.

Administrations which avail themselves of the option provided for by the first paragraph of the present Section assume any expense which may be incurred by the transmission in their domestic service, by mail or telegraph, of the communications to be exchanged with the office of destination. Incurred expense.

Employment of the telegraph is obligatory when the sender himself has made use of that service, and when the office of destination can not be advised in time by mail. Telegraph service.

ARTICLE 49

Simple correction of address

A simple correction of address (without modification of the name or description of the addressee) may be requested directly by the sender of the office of destination; that is to say, without fulfilling the formalities prescribed for change of address properly so-called. Simple corrections.

ARTICLE 50

Inquiries. Ordinary articles Inquiries.

1. Every inquiry relative to an ordinary article is subject to the following procedure: Procedure.

(a) The applicant must fill in the part concerning him of a form agreeing with Model C 12 hereto appended; Application.

Post, p. 2678.

(b) The office where the inquiry is made transmits the form directly to the corresponding office. The transmission is effected officially, without any written communication; Transmission.

c) le bureau correspondant fait présenter la formule au destinataire ou à l'expéditeur, selon le cas, pour recueillir les renseignements qu'elle comporte;

d) la formule dûment complétée est renvoyée d'office au bureau qui l'a dressée;

To Central Administration.

e) si la réclamation est reconnue fondée, elle est transmise à l'Administration centrale pour servir de base aux investigations ultérieures.

Optional designations.

2.—Toute Administration peut exiger, par une notification adressée au Bureau international, que les réclamations qui concernent son service soient transmises à son Administration centrale ou à un bureau spécialement désigné.

(c) The corresponding office presents the form to the addressee or sender, as the case may be, in order to obtain the necessary information;

(d) The duly completed form is returned officially to the office which has prepared it;

(e) If the inquiry is seen to be well founded, it is sent in to the Central Administration, to serve as the basis for subsequent investigations.

Inquiries. Registered articles

1. Every inquiry relative to a registered article is made on a form agreeing with or similar to Form C 13 hereto appended, and, as a general rule, is transmitted directly to the office of destination by the office of origin.

A single form may be used for several articles mailed simultaneously at the same office by the same sender to the same addressee.

2. The Administrations of origin and destination may, by common consent, cause the inquiry to be transmitted from office to office, following the same route as the article.

3. In the case contemplated by Section 1 above, the office of destination, if it is in a position to furnish information as to the final disposal made of the article, completes the form and returns it to the office of origin.

When the disposal of the article can not be immediately established by the office of destination, the latter states the fact on the form and returns it to the office of origin, attaching thereto, as far as possible, a declaration of the

destinataire constatant qu'il n'a pas reçu l'envoi. Dans ce cas, l'Office d'origine complète la formule en y indiquant les données de la transmission au premier Office intermédiaire. Il l'adresse ensuite à ce dernier Office, qui y consigne ses observations et la transmet éventuellement à l'Office suivant. La réclamation passe ainsi d'Office à Office jusqu'à ce que le sort de l'envoi réclamé soit établi. L'Office qui a effectué la remise au destinataire, ou qui, le cas échéant, ne peut établir ni la remise, ni la transmission régulière à une autre Administration, constate le fait sur la formule et la renvoie à l'Office d'origine.

addressee stating that he has not received the article. In this case the Administration of origin completes the form by indicating thereon the particulars of dispatch to the first intermediate Administration. It then transmits it to this latter Administration, which places its observations thereon and sends it on to the following Administration, if any. The inquiry thus passes from Administration to Administration until the disposal of the article inquired about is established. The Administration which has effected delivery to the addressee, or which, as the case may be, can not prove either delivery or regular transmission to another Administration, shows the fact on the form and returns it to the Administration of origin.

4.—Dans le cas prévu au § 2 ci-dessus, les recherches se poursuivent depuis l'Office d'origine jusqu'à l'Office de destination *en observant la procédure visée au paragraphe précédent.*

4. In the case provided for by Section 2 above, the investigations are continued from the Administration of origin as far as the Administration of destination, observing the procedure indicated in the preceding Section.

Investigations through the several Administrations.

5.— La formule *C 13* doit indiquer l'adresse complète du destinataire et être accompagnée, autant que possible, d'une facsimilé de l'enveloppe ou de la suscription de l'envoi. Elle est transmise d'office, sans lettre d'envoi, sous enveloppe fermée.

5. The Form C 13 must indicate the complete address of the addressee and be accompanied, as far as possible, by a facsimile of the envelope or the address of the article. It is sent officially, without letter of transmittal, in a sealed envelope.

Data on inquiry form.

6.— Chaque Office peut demander, par une notification adressée au Bureau international, que les réclamations qui concernent son service soient transmises, soit à son Administration centrale, soit à un bureau spécialement désigné ou, s'il est seulement intéressé à titre d'intermédiaire, au bureau d'échange auquel l'envoi a été expédié.

6. Any Administration may request, by a notification addressed to the International Bureau, that inquiries concerning its service be transmitted either to its central Administration or to an office specially designated, or, if it is interested only as intermediary, to the exchange office to which the article was dispatched.

Transmission to designated office.

La formule *C 13* et les pièces y annexées doivent, dans tous les cas, faire retour à l'Office d'origine de l'envoi réclamé, dans un délai qui ne peut excéder six mois à partir de la date de la réclamation. Ce délai est porté à neuf mois dans les relations avec les pays *éloignés*.

The Form C 13 and the papers attached thereto must in all cases be returned to the Administration of origin of the article inquired about within a period which may not exceed six months, counting from the date of the inquiry. This period is extended to nine months in relations with distant countries.

Rifling of mails.

7.—Les dispositions qui précèdent ne s'appliquent pas aux cas de spoliation de dépêche, manque de dépêche ou autres cas semblables qui comportent une correspondance plus étendue entre les Administrations.

Sauf arrangement contraire, les bureaux expéditeurs numérotent les feuilles d'avis d'après une série annuelle pour chaque bureau de destination. Chaque dépêche prend un numéro distinct, même s'il s'agit d'une dépêche supplémentaire empruntant la même voie ou le même navire que la dépêche ordinaire.

A la première expédition de chaque année, la feuille doit porter, outre le numéro d'ordre de la dépêche, celui de la dernière dépêche de l'année précédente.

Le nom du navire qui emporte la dépêche est indiqué lorsque le bureau expéditeur est à même de le connaître.

Dans le nombre des sacs composant la dépêche, il y a lieu de comprendre aussi les sacs contenant les sacs vides renvoyés.

Il peut être fait usage d'une ou de plusieurs listes spéciales conformes au modèle *C 15* ci-annexé, soit pour remplacer le tableau No V, soit pour servir comme feuille d'avis supplémentaire.

L'emploi exclusif de listes spéciales est obligatoire, si l'Office de destination en fait la demande.

Barring contrary agreement, the dispatching offices number the letter bills according to an annual series for each office of destination. Each dispatch takes a separate number, even if it is a supplementary dispatch taking the same route or the same ship as the ordinary dispatch.

At the time of the first dispatch of each year, the bill shall bear, in addition to the order number of the dispatch, that of the last dispatch of the preceding year.

The name of the ship which carries the dispatch is indicated when the dispatching office is in a position to know it.

In the number of sacks composing the dispatch, it is also necessary to include the sacks containing the returned empty sacks.

5. Table No. III shall mention: Details on Table III.

Use may be made of one or more special lists conforming to Model C 15 hereto appended, either to replace Table No. V or to serve as a supplementary letter bill. Post, p. 2683.

The exclusive use of special lists is obligatory if the Administration of destination so requests. Special provisions.

When more than one list is employed, they shall be numbered. The number of registered articles which may be entered in one and the same list is limited to 60.

(b) The total number of insured articles entered in the insured bill.

Entries on Table IV.

6.—Au tableau No IV sont inscrits, séparément, le nombre des sacs en retour appartenant à l'Office destinataire, ainsi que celui des sacs utilisés pour la confection de la dépêche et appartenant à l'Office expéditeur, y compris les sacs pour les objets recommandés. *Le cas échéant, le* nombre des sacs vides appartenant à une Administration autre que celle à laquelle la dépêche est adressée doit être mentionné séparément avec indication de cette Administration.

Sont, en outre, mentionnées dans ce tableau, les lettres de service ouvertes et les communications ou recommandations diverses du bureau expéditeur ayant trait au service d'échange.

Table V.

7.—Le tableau No V est destiné à l'inscription des envois recommandés lorsqu'il n'est pas fait un usage exclusif de feuilles spéciales.

Les envois recommandés sont décrits individuellement avec indication du nom du bureau d'origine et du numéro d'enregistrement à ce bureau, *à moins que les Offices correspondants ne se soient entendus pour l'inscription globale des envois sur les feuilles d'avis.*

Lorsque la dépêche ne contient pas d'envois recommandés, la mention "Néant" est portée en regard de la rubrique correspondante de la feuille d'avis.

If occasion arises, the number of empty sacks belonging to an Administration other than the one to which the dispatch is addressed shall be mentioned separately, with indication of that Administration.

The open letters on official business, and the various communications or references of the dispatching office relative to the service of exchange, are also mentioned in this table.

7. Table No. V is set aside for the entry of the registered articles when use is not made of special lists.

The registered articles are described individually, with indication of the name of the office of origin and of the registry number at that office; unless the corresponding Administrations have agreed to the bulk-billing of the articles in the letter bills.

When the dispatch does not contain any registered articles, the note "Néant" (nil) is entered under the corresponding heading of the letter bill.

8. In Table No. VI are entered, with the details called for by that table, the closed mails included in the direct dispatch to which the letter bill refers.

9. Administrations may come to an agreement to create other tables or headings on the letter bill, when they deem it necessary. They may, in particular, arrange Tables V and VI in accordance with their requirements.

ARTICLE 54.

Transmission des envois recommandés.

1.—Les envois recommandés et, s'il y a lieu, les listes spéciales prévues au § 5 de l'article précédent sont réunis en un ou plusieurs paquets ou sacs distincts, qui doivent être convenablement enveloppés ou fermés et cachetés ou plombés de manière à en préserver le contenu. Les envois recommandés sont classés dans chaque paquet d'après leur ordre d'inscription. Quand on emploie plusieurs listes détachées, chacune d'elles est enliassée avec les objets recommandés auxquels elle se rapporte.

Dans aucun cas, les envois recommandés ne peuvent être confondus avec les correspondances ordinaires.

2.—Au paquet d'envois recommandés est attachée extérieurement, par un croisé de ficelle, l'enveloppe spéciale contenant la feuille d'avis; lorsque les envois recommandés sont renfermés dans un sac, ladite enveloppe est fixée au col de ce sac.

3.—S'il y a plus d'un paquet ou sac d'envois recommandés, chacun des paquets ou sacs supplémentaires est muni d'une étiquette indiquant la nature du contenu.

Transmission.

1. Registered articles, and, if occasion arises, the special lists mentioned in Section 5 of the preceding Article, are made up into one or more separate packets or sacks, which must be suitably wrapped or inclosed and sealed with wax or lead in such a manner as to protect the contents. The registered articles are arranged in each packet according to their entry numbers. When several separate lists are used, each of them is tied up with the registered articles to which it relates.

Making up in separate packets.

In no case may registered articles be mixed with ordinary correspondence.

2. To the outside of the packet of registered articles is attached, by means of a crossed string, the special envelope containing the letter bill; when the registered articles are contained in a sack, the said envelope is tied to the neck of the sack.

Toutefois, si cette enveloppe doit être fixée au col du sac des envois recommandés (§2 de l'article précédent), la liasse des envois exprès est placée dans le sac extérieur. La présence, dans la dépêche, des correspondances de l'espèce *est alors annoncée par une fiche placée dans l'enveloppe* contenant la feuille d'avis. *La même procédure est suivie lorsque les envois exprès n'ont pu être joints à la feuille d'avis en raison de leur nombre, de leur forme ou de leurs dimensions.*

2.—Les envois exprès recommandés sont classés, à leur ordre, parmi les autres envois recommandés et la mention "Exprès" est portée dans la colonne "Observations" des feuilles d'avis *ou des listes spéciales*, en regard de l'inscription de chacun d'eux.

ARTICLE 55

Transmission of special-delivery articles

1. Ordinary special-delivery articles are tied together in a special bundle having a label bearing the note "Exprès" (special delivery) in large characters and inserted by the exchange offices in the envelope containing the letter bill which accompanies the dispatch.

However, if this envelope must be affixed to the neck of the sack of registered articles (Sec. 2 of the preceding Article), the bundle of special-delivery articles is placed in the outside sack. The presence in the dispatch of articles of this kind is then announced by a slip placed inside the envelope containing the letter bill. The same procedure is followed when the special-delivery articles have not been able to be attached to the letter bill because of their number, form or dimensions.

2. Registered special-delivery articles are arranged in order among the other registered articles, and the note "Exprès" (special delivery) is placed in the "Observations" column of the letter bill or special lists, opposite the entry of each of them.

The imprints of the wax or lead seals shall reproduce an inscription in Latin characters and be very legible.

The labels of the dispatches must be of cloth, strong cardboard, parchment, or paper pasted on a wooden block; in relations between adjacent offices, use may be made of labels of strong paper.

The labels are made up in the following colors:

(b) In white, for sacks containing only ordinary letters and post cards;

(c) In light blue, for sacks containing only ordinary "other articles."

The sacks containing mixed ordinary correspondence (letters, post cards and other articles) shall bear the white label.

Optional uses.

However, the use of white and light blue labels is obligatory only for Administrations whose internal legislation does not oppose it.

Information to be furnished.

The labels shall bear the indication, printed in small Latin characters, of the name of the dispatching office, and, in heavy Latin characters, the name of the office of destination, preceded respectively by the words "de" (from) and "pour" (for). In exchanges by sea effected at undetermined intervals, and if the Administration concerned so requests, those indications will be completed by the mention of the date of dispatch, the number of the mail, and the port of debarkation.

4.—Lorsque le nombre ou le volume des envois exige l'emploi de plus d'un sac, des sacs distincts doivent, autant que possible, être utilisés:

The sacks shall indicate legibly, in Latin characters, the office or country of origin, and shall bear the note "Postes" (posts) or any other similar note characterizing them as postal dispatches.

In the event of lead sealing, these dispatches must be prepared in such a way that the string can not be detached. When they contain nothing but ordinary correspondence, they may sealed by means of gummed seals bearing the printed indication of the dispatching office or Administration. The addresses of the packets must correspond, insofar as concerns the printed indications and the colors, to the provisions of Section 2 preceding governing the labels of sacks of mail.

4. When the number or volume of the mails requires the employment of more than one sack, separate sacks must be used as far as possible:

(a) for letters and post cards;

(b) for other articles; if occasion arises, separate sacks must also be used for small packets; the labels of these latter sacks shall bear the note "Petits paquets" (small packets).

The packet or sack of registered articles, tied together with the letter bill in the manner prescribed by Article 54, Section 2, is placed in one of the letter sacks or in a special sack; the outside sack must bear, in any case, a light red label. When there is more than one sack of registered articles, the additional sacks containing nothing but registered articles other than letters and post cards may be sent uninclosed, bearing the light red label.

Ces Offices peuvent s'entendre pour remettre globalement les sacs et paquets autres que ceux qui sont désignés par des étiquettes de couleur rouge.

2.—Les dépêches doivent être livrées en bon état. Cependant, une dépêche ne peut pas être refusée pour cause d'avarie.

Lors de la remise, seuls les sacs et paquets signalés par des étiquettes rouges doivent être soumis à une vérification complète de leur fermeture et de leur conditionnement.

2.—Le bureau destinataire vérifie si la dépêche est au complet et si les inscriptions de la feuille d'avis et, le cas échéant, des listes spéciales d'envois recommandés sont exactes. En cas de manque *d'une* dépêche *ou d'un ou plusieurs sacs en faisant partie, d'objets recommandés, d'une* feuille d'avis, d'une liste spéciale d'envois recommandés, ou lorsqu'il s'agit de toute autre irrégularité, le fait est constaté immédiatement par deux agents. Ceux-ci font les rectifications nécessaires sur les feuilles ou listes en ayant soin de biffer les indications erronées de manière à laisser reconnaître les inscriptions primitives. A moins d'une erreur évidente, les rectifications prévalent sur la déclaration originale.

Bulletin of verification to be sent.

3.—Les faits constatés sont signalés, *au moyen d'un bulletin de vérification*, au bureau d'origine de la dépêche et, *en cas de manquant réel*, au dernier bureau intermédiaire, par le premier courrier *utilisable après vérification complète de la dépêche.*

Les indications de ce bulletin doivent spécifier aussi exactement que possible de quel sac, paquet ou objet il s'agit.

Duplicate, on demand.

Un duplicata du bulletin de vérification est envoyé, dans les mêmes conditions que l'original, à l'Administration dont relève le bureau d'origine de la dépêche, lorsque cette Administration l'exige.

In event of irregularities.

Lorsqu'il s'agit d'irrégularités importantes permettant de présumer une perte ou une spoliation, le sac ou l'enveloppe et *le* cachet *de fermeture* du paquet ou du sac des envois recommandés sont joints au bulletin de vérification *destiné au bureau d'origine.*

Si le bureau destinataire n'a pas trouvé le paquet ou le sac des objets recommandés et s'il peut désigner avec certitude le sac de lettres qui aurait dû le contenir, il annexe audit bulletin de vé-

dispatch was received; a copy thereof is addressed to the office of origin and another is inserted in the rewrapped dispatch.

2. The office of destination verifies whether the dispatch is intact, and whether the entries on the letter bill, and on the special lists of registered articles if any, are correct. In case of shortage of a dispatch, or of one or more sacks forming part thereof, of registered articles, of a letter bill, of a special list of registered articles, or when it is a question of any other irregularity, the fact is established at once by two employees. The latter make the necessary corrections on the letter bills or lists, taking care to strike out the erroneous items in such a manner as to allow the original entries to be recognized. Except in case of an evident error, the corrections prevail over the original statement.

3. The facts established are pointed out by means of a bulletin of verification to the office of origin of the dispatch, and, in case of actual loss, to the last intermediate office, by the first mail available after the complete verification of the dispatch.

The indications of this bulletin must specify as exactly as possible of what sack, packet or article it is a question.

A duplicate of the bulletin of verification is sent, under the same conditions as the original, to the Administration to which the office of origin of the dispatch belongs, when that Administration so demands. When it is a question of important irregularities giving rise to the assumption of loss or rifling, the sack or envelope and the seal which fastens the packet or sack of registered articles are attached to the bulletin of verification addressed to the office of origin.

If the office of destination has not found the packet or sack of registered articles, and it it can designate with certainty the sack of letters which should have contained it, it attaches that

fication ce sac, avec la ficelle, l'étiquette et le cachet de fermeture du sac.

Dans l'échange avec les Offices qui exigent l'envoi d'un duplicata, les pièces justificatives mentionnées ci-dessus sont annexées au duplicata.

Les bulletins de vérification et les duplicata sont envoyés sous pli recommandé.

Dans les cas prévus aux §§ 1 et 2 du présent article, le bureau d'origine et, le cas échéant, le dernier bureau d'échange intermédiaire peuvent, en outre, être avisés par télégramme aux frais de l'Office qui expédie celui-ci.

Un avis télégraphique doit être émis toutes les fois que la dépêche présente des traces évidentes de spoliation, afin que le bureau expéditeur ou intermédiaire procède sans aucun retard à l'instruction de l'affaire et, le cas échéant, avise également par télégramme l'Office précédent pour la continuation de l'enquête.

4.—Lorsque l'absence d'une dépêche est le résultat d'un défaut de coïncidence des courriers ou lorsqu'elle est dûment expliquée sur le bordereau de remise, l'établissement du bulletin de vérification prévu aux §§ 1 et 3 n'est pas nécessaire, si la dépêche parvient au bureau destinataire par le plus prochain courrier.

L'envoi du duplicata prévu au § 3 peut être différé, si l'on présume que le manque de la dépêche provient d'un retard ou d'une fausse direction.

Dès la rentrée d'une dépêche dont l'absence avait été signalée au bureau d'origine et, le cas échéant, au dernier bureau d'échange intermédiaire, il y a lieu d'adresser à ces bureaux un second bulletin de vérification annonçant la réception de cette dépêche.

5.—Les bureaux auxquels sont adressés les bulletins prévus au présent article les renvoient le plus promptement possible, après les avoir examinés et y avoir mentionné leurs observations, s'il y a lieu.

sack, together with the string, the label and the seal of the sack, to the bulletin of verification.

Report to be attached.

In the exchange with Administrations which require the sending of a duplicate, the supporting evidence mentioned above is attached to the duplicate.

The bulletins of verification and the duplicates are sent under registered cover.

Telegraphic notice.

In the cases contemplated by Secs. 1 and 2 of the present Article, the office of origin and the last intemediate exchange office, if any, may also be advised by telegram at the expense of the Administration sending the telegram.

Traces of rifling, etc.

Telegraphic notice must be given whenever the dispatch shows evident traces of rifling, in order that the dispatching or intermediate office may proceed without any delay to investigate the matter, and also, if need be, advise the preceding Administration by telegram, for the continuance of the investigation.

When bulletin is unnecessary.

4. When the absence of a dispatch is the result of a failure of mails to connect, or when it is duly explained on the waybill, the preparation of the bulletin of verification contemplated by Sections 1 and 3 is not necessary, if the dispatch reaches the office of destination by the next mail.

Duplicate delayed.

The sending of the duplicate provided for by Section 3 may be deferred if it is presumed that the shortage of the dispatch is due to a delay or to misdirection.

Second bulletin necessary.

When a dispatch, the absence of which had been pointed out to the office of origin and the last intermediate exchange office, if any, is located, it is necessary to send to the said office a second bulletin of verification announcing the receipt of that mail.

Return of bulletin from receiving office.

5. The offices to which the bulletins of verification contemplated by the present Article are addressed return them as soon as possible after examining them, and after mentioning thereon their observations, if any.

Presumption of acceptance.

Toutefois, si ces bulletins ne sont pas renvoyés à l'Office d'origine dans le délai de deux mois à compter de la date de leur expédition, ils seront considérés, jusqu'à preuve du contraire, comme dûment acceptés par les bureaux auxquels ils ont été adressés.

Ce délai est porté à quatre mois dans les relations avec les pays éloignés.

Correctness implied.

6.—Lorsqu'un bureau réceptionnaire auquel la vérification de la dépêche incombait n'a pas fait parvenir au bureau d'origine et, le cas échéant, au dernier bureau d'échange intermédiaire, par le premier courrier *utilisable* après la vérification, un bulletin constatant des irrégularités quelconques, il est considéré comme ayant reçu la dépêche et son contenu, jusqu'à preuve du contraire. La même présomption existe pour les irrégularités dont la mention a été omise ou signalée d'une manière incomplète dans le bulletin de vérification.

However, if these bulletins are not returned to the Administration of origin within the period of 2 months counting from the date of their issue, they will be considered, until the contrary is proved, as duly accepted by the offices to which they have been addressed.

That period is extended to 4 months in relations with distant countries.

6. When a receiving office upon which the verification of the dispatch was incumbent has not sent to the office of origin, and to the last intermediate exchange office, if any, by the first mail available after the verification, a bulletin pointing out any irregularities, it is considered as having received the dispatch and its contents, until the contrary is proved. The same presumption exists for irregularities the mention of which has been omitted or pointed out in an incomplete manner in the bulletin of verification.

ARTICLE 59.

Renvoi des sacs vides.

Empty sacks.

Regulations governing return.

1.—*Sauf arrangement contraire* entre les Offices correspondants, *les sacs doivent être renvoyés vides, par le prochain courrier, dans une dépêche directe pour le pays expéditeur des sacs. Le* nombre *des* sacs renvoyés par chaque dépêche doit être inscrit sous la rubrique "Indications de service" de la feuille d'avis.

Le renvoi est effectué entre les bureaux d'échange désignés à cet effet.

Les sacs vides doivent être enroulés et attachés ensemble en paquets convenables; le cas échéant, les planchettes à étiquettes doivent être placées à l'intérieur des sacs. Les paquets doivent être revêtus d'une étiquette indiquant le nom du bureau d'échange d'où les sacs ont été reçus, chaque fois qu'ils sont renvoyés par l'intermédiaire d'un autre bureau d'échange.

ARTICLE 59

Return of empty sacks

Barring contrary agreement between the corresponding Administrations, the sacks must be returned empty, by the next mail, in a direct dispatch for the country of origin of the sacks. The number of sacks returned by each mail shall be entered under the "Service Indications" heading of the letter bill.

The return is effected between the exchange offices designated for that purpose.

The empty sacks must be rolled up and tied together in suitable bundles; the label blocks, if any, must be placed inside the sacks. The bundles must be provided with a label indicating the name of the exchange office from which the sacks have been received whenever they are returned thru the intermediary of another exchange office.

Si les sacs vides à renvoyer ne sont pas trop nombreux, ils peuvent être placés dans les sacs contenant la correspondance; dans le cas contraire, ils doivent être placés à part dans des sacs cachetés, étiquetés au nom des bureaux d'échange respectifs. Les étiquettes doivent porter la mention "Sacs vides".

2.—A l'aide des mentions faites sous la rubrique "Indications de service" de la feuille d'avis, chaque Administration peut exercer, dans son service, un contrôle sur le renvoi des sacs qui lui appartiennent. Dans le cas où ce contrôle démontrerait que 10% du nombre total des sacs utilisés pendant une année pour la confection des dépêches n'ont pas été renvoyés avant la fin de cette année, l'Office qui ne peut établir le renvoi des sacs vides est tenu de rembourser à l'Office expéditeur la valeur des sacs manquants. Le remboursement doit avoir également lieu si le nombre des sacs manquants n'atteint pas 10% mais excède 50 unités.

Chaque Administration fixe, périodiquement et uniformément pour toutes les espèces de sacs qui sont utilisés par ses bureaux d'échange, une valeur moyenne en francs et la communique aux Administrations intéressées par l'intermédiaire du Bureau international.

If the empty sacks to be returned are not too numerous, they may be placed within the sacks containing the correspondence; if this can not be done, they must be placed in separate sealed sacks labeled with the names of the respective exchange offices. The labels must bear the note "Sacs vides" (empty sacks).

Administrations to control own sacks.

2. With the aid of the entries made under the "Service Indications" heading of the letter bill, each Administration may keep a check in its service over the return of the sacks which belong to it. In case that such check shows that 10 per cent of the total number of sacks used during a year for the preparation of dispatches have not been returned before the end of that year, the Administration which can not prove the return of the empty sacks is bound to reimburse the dispatching Administration for the value of the missing sacks. The reimbursement must also be made if the number of missing sacks does not reach 10 per cent but exceeds 50 sacks.

Average value to be fixed and reported.

Each Administration fixes, periodically, and uniformly for all kinds of sacks which are used by its exchange offices, an average value in francs, and communicates it to the Administrations concerned thru the intermediary of the International Bureau.

STATISTICAL OPERATIONS

ARTICLE 60

Transit-cost statistics

Transit cost statistics computed once every three years. *Ante*, p. 2562.

1. The transit charges collectible under Article 73 and the following Articles of the Convention are computed on the basis of statistics taken once every three years during the first 14 or 28 days of the month of May or

les *14 ou* 28 *premiers* jours qui suivent le 14 octobre alternativement.

Ship dispatches.

Les dépêches confectionnées à bord des navires sont comprises dans les statistiques lorsqu'elles sont débarquées pendant la période de statistique.

Prescribed periods.

La statistique sera dressée pendant la deuxième année de chaque période triennale.

La statistique de mai 1929 *ainsi que les comptes y relatifs dressés d'après les dispositions de la Convention de Stockholm s'appliqueront à la liquidation des frais de transit jusqu'à la fin de l'année 1931.*

La statistique d'octobre-novembre 1933 s'appliquera aux années 1932, 1933, 1934 et ainsi de suite.

Annual payments continued, etc.

2.—Les payements annuels des frais de transit à effectuer en raison de chaque statistique devront être continués, sauf compensation sur la base de la prochaine statistique, jusqu'à ce que les comptes établis d'après cette dernière soient approuvés ou considérés comme admis de plein droit (*article 70 ci-après*).

Post, p. 2640.

Important traffic modifications.

3.—Lorsqu'il se produit une modification importante dans *l'acheminement* des correspondances *d'un pays pour un autre* et pour autant que cette modification affecte une période ou des périodes s'élevant à un total d'au moins douze mois, *chaque Office intéressé peut demander une revision des* comptes de frais de transit. Dans ce cas, les sommes à payer par les Offices expéditeurs *sont établies d'après* les services intermédiaires réellement employés, mais les poids totaux qui servent de base aux nouveaux comptes doivent normalement être les mêmes que ceux des dépêches expédiées pendant la période de statistique mentionnée au § 1. *Lorsqu'une entente sur le mode de répartition ne peut être obtenue,* une statistique spéciale *doit* être dressée pour régler le partage de ces poids entre les divers services empruntés. Aucune modification dans *l'ache-*

during the 14 or 28 days following the 14th of October, alternately.

Dispatches made up on board ships are included in the statistics when they are unloaded during the statistical period.

The statistics will be made up during the second year of each triennial period.

The statistics of May, 1929, as well as the accounts relative thereto made up in accordance with the provisions of the Convention of Stockholm, will apply to the settlement of transit charges up until the end of the year 1931.

The statistics of October-November, 1933, will apply to the years 1932, 1933 and 1934, and so on.

2. The annual payments of transit charges to be made on account of each set of statistics shall be continued, subject to adjustment on the basis of the next set of statistics, until the accounts made up in accordance with the latter statistics are approved or considered as fully accepted (Article 70 hereafter.)

3. When an important modification is produced in the routing of correspondence from one country for another, and provided that such modification affects a period or periods amounting to a total of at least 12 months, any Administration concerned may request a revision of the transit-charge accounts. In this case, the sums to be paid by the dispatching Administrations are established in accordance with the intermediary services actually employed, but the total weights which serve as the basis for the new accounts must normally be the same as those of the dispatches sent during the statistical period mentioned in Section 1. When an agreement on the manner of division can not be reached, special statistics must be taken in order to adjust the apportionment of those weights among the various services employed. No modification in the

minement des correspondances *pour un pays déterminé* n'est considérée comme importante *si* elle n'affecte pas de plus de 5000 francs par an les comptes entre *l'Office d'origine et l'Office intermédiaire intéressé. La demande d'une revision des comptes et, le cas échéant, d'une statistique spéciale peut être faite lorsque la modification dans l'acheminement des correspondances dont il s'agit a duré au moins 9 mois. Toutefois, les données de cette statistique ne sont prises en considération que si la période de 12 mois est réellement accomplie.*

routing of correspondence for a given country is considered as important unless it affects by more than 5,000 francs a year the accounts between the Administration of origin and the intermediate Administration concerned. The request for a revision of the accounts, and, if need be, for special statistics, may be made when the modification in the routing of the correspondence in question has lasted at least 9 months. However, the results of those statistics are not taken into consideration unless the period of 12 months is actually completed.

Si, lors d'une statistique spéciale, il est établi que les poids totaux des courriers échangés entre deux Offices et transportés par un tiers Office ont subi une augmentation de cent pour cent ou une diminution de cinquante pour cent *vis-à-vis des données de la dernière statistique périodique et que le compte du tiers Office subirait de ce chef* une modification de plus de 5000 francs par an, *les nouveaux poids constatés serviront de base pour les frais de transit dus à cet Office.*

If, when special statistics are taken, it is found that the total weights of the mails exchanged between two Administrations and transported by a third Administration have undergone an increase of 100 percent or a reduction of 50 percent as compared with the results of the last statistical period, and that the account of the third Administration would undergo, for that reason, a modification of more than 5,000 francs a year, the new weights established will serve as the basis for the transit charges due to that Administration.

Basis for charges in special cases.

De même, lorsqu'une Administration intermédiaire constate, dans les six mois qui suivent la statistique, qu'il existe entre les expéditions faites par une autre Administration pendant la période de statistique et le trafic normal une différence de vingt pour cent au moins sur les poids totaux du transport, l'Office intéressé peut exiger l'établissement d'une nouvelle statistique si les comptes entre deux Offices sont affectés d'une modification de plus de 5000 francs par an.

Likewise, when an intermediate Administration establishes, during the six months which follow the statistics, that there is a difference of 20 percent at least in the total weights conveyed between the dispatches sent by an Administration during the statistical period and the normal traffic, the Administration concerned may demand the taking of new statistics, if the accounts between two Administrations are affected by a modification of more than 5,000 francs a year.

Optional inclusions.

Ante, pp. 2623, 2624.

2.—Par dérogation aux dispositions des articles *54* et *55* ci-dessus, chaque Administration a la faculté, pendant la période de statistique, de comprendre les objets recommandés et les envois exprès autres que les lettres et les cartes postales dans un des sacs destinés aux "autres objets", en faisant mention de ce fait sur la feuille d'avis; mais si, conformément auxdits articles *54* et *55*, ces objets sont compris dans un sac *de* lettres, ils sont traités, en ce qui concerne la statistique, comme faisant partie de l'envoi de lettres.

Sacks exempt.

En ce qui concerne les sacs dont le poids brut ne dépasse pas 2 kilogrammes ou qui ne contiennent que des sacs vides, des correspondances exemptes de tous frais de transit (art. 75 de la Convention) ou une feuille d'avis négative, la mention "Statistique" est suivie du mot "Exempt".

two Administrations, across the territory or by means of the services of one or more other Administrations, gives rise to the employment of separate sacks for "letters and post cards" and for "other articles".

2. By exception to the provisions of Articles 54 and 55 above, every Administration has the option, during the statistical period, of including registered and special-delivery articles other than letters and post cards in one of the sacks intended for "other articles", making mention of that fact on the letter bill; but if, in accordance with the said Articles 54 and 55, those articles are included in a sack of letters, they are treated, insofar as concerns the statistics, as forming part of the dispatch of letters.

3. During the statistical period, all mails exchanged in transit shall have, in addition to the ordinary labels, a special label bearing in large letters the note "Statistique" (statistics), followed by the indication "5 kg.", "15 kg.", or "30 kg.", according to the division of weight (Article 62, Section 1, hereafter).

In regard to sacks whose gross weight does not exceed 2 kg., or which contain nothing but empty sacks, correspondence exempt from all transit charges (Article 75 of the Convention), or a negative letter bill, the note "Statistique" is followed by the word "Exempt."

4. The statistical label shall also bear the note "L. C." or "A. O.", as the case may be.

change offices of the dispatching Administration to be indorsed with their acceptance. The latter, after accepting the statements, transmit them in turn to the central Administration to which they are subordinate, for distribution among the Administrations concerned.

2. If the Forms C 17 have not reached the exchange offices of the Administration of origin, or if they have not arrived in sufficient numbers, within a period of three months (four months in exchanges with distant countries), counting from the date of dispatch of the last mail to be included in the statistics, those offices themselves make up the said forms in sufficient numbers in accordance with their own records, and enter on each one of them the note: "Les relevés C 17 du bureau destinataire ne sont pas parvenus dans le délai réglementaire" (The Forms C 17 of the office of destination did not arrive within the prescribed period). They then transmit them to the central Administrations to which they are subordinate, for distribution among the Administrations concerned.

Apart from transportation by air mail, the service maintained for the accelerated land conveyance of the so-called India Mail, and the special motor service from Palestine or Syria to Iraq, are alone considered as extraordinary services giving rise to special transit charges.

CHAPTER II

ACCOUNTING. ADJUSTMENT OF ACCOUNTS

ARTICLE 70

Transit-charge account

1. For the preparation of the transit accounts, the light, medium and heavy sacks, as defined by Article 62 preceding, are entered in the accounts for their average weights of 4, 12 and 24 kilograms respectively.

2. The weights of the closed mails, the number of articles sent in open mail, and, if occasion arises, the number of sacks warehoused in a port, are multiplied by 26 or 13, as the case may be, and the products serve as the basis of the individual accounts showing, in francs, the annual sums due to each Administration.

In case that the multiplier 26 or 13 does not correspond to the normal traffic thru a service, the Administrations concerned come to an agreement for the adoption of another multiplier which holds good during the years to which the statistics apply.

The duty of making up the accounts is incumbent upon the creditor Administration, which transmits them to the debtor Administration.

3. In order to take account of the weight of the sacks and the packing, as well as of the classes

respondances exemptes de tous frais de transit en conformité des dispositions de l'article *75* de la Convention, le montant total du compte des dépêches closes est réduit de dix pour cent.

4.—Les comptes particuliers sont dressés en double expédition sur la base des relevés *C 17*, *C 19* et *C 21* et sur des formules *C 18*, *C 20* et *C 22*. Ils sont transmis à l'Office expéditeur aussitôt que possible et, au plus tard, dans un délai de *10* mois suivant l'expiration de la période de statistique.

5. Si l'Office qui a envoyé le compte particulier n'a reçu aucune observation rectificative dans un intervalle de *4* mois à compter de l'envoi, ce compte est considéré comme admis de plein droit.

of correspondence exempt from all transit charges in accordance with the provisions of Article 75 of the Convention, the total amount of the account for closed mails is reduced by ten percent.

Ante, p. 2564.

4. The individual accounts are made up in duplicate, on the basis of the statements C 17, C 19 and C 21, on Forms C 18, C 20 and C 22. They are sent to the dispatching Administration as soon as possible, and, at the latest, within a period of 10 months following the expiration of the statistical period.

Post, pp. 2685-2690.

5. If the Administration which has sent the individual account has not received any corrective observation within an interval of four months, counting from the date of sending, that account is considered as duly accepted.

ARTICLE 71.

Décompte général annuel. Intervention du Bureau international.

1.—Sauf entente contraire entre les Administrations intéressées, le décompte général comprenant les frais de transit et d'entrepôt est établi annuellement par le Bureau international.

2.—Aussitôt que les comptes particuliers entre deux Administrations sont approuvés ou considérés comme admis de plein droit (§ *5* de l'article précédent), chacune de ces Administrations transmet, sans retard, au Bureau international, un relevé (modèle *C 23* ci-annexé) indiquant les montants totaux de ces comptes. Lors de la réception d'un relevé de la part d'une Administration, le Bureau international en avertit l'autre Administration intéressée.

Dans le solde, il est fait abandon des centimes.

En cas de différences entre les indications correspondantes fournies par deux Administrations, le Bureau international les invite à se mettre d'accord et à lui indiquer les sommes définitivement arrêtées.

ARTICLE 71

General Annual Account. Intervention of the International Bureau

1. Barring contrary agreement between the Administrations concerned, the general account comprising the transit and warehousing charges is made up annually by the International Bureau.

General annual account.

2. As soon as the individual accounts between two Administrations are approved or considered as duly accepted (Section 5 of the preceding Article), each one of those Administrations transmits, without delay, to the International Bureau, an account (Form C 23 hereto appended) indicating the total amounts of those accounts. Upon receipt of an account from one Administration, the International Bureau so advises the other Administration concerned.

Transmission by International Bureau to Administrations.

Post, p. 2691.

Centimes are ignored in the balances.

In case of differences between the corresponding items furnished by two Administrations, the International Bureau invites them to come to an agreement and to communicate to it the sums definitely arrived at.

Settlement of differences.

Consideration given to single statements.

Lorsqu'une seulement des Administrations a fourni le relevé *C 23*, les indications de cette Administration font foi, à moins que le relevé correspondant de l'Administration retardataire ne soit parvenu au Bureau international en temps opportun pour l'établissement du prochain décompte général annuel.

Dans le cas prévu au § *5* de l'article précédent, les relevés doivent porter la mention "Aucune observation de l'Office débiteur n'est parvenue dans le délai réglementaire".

When only one of the Administrations has furnished the Form C 23, the indications of that Administration hold good, unless the corresponding statement is received by the International Bureau from the Administration in arrears in time for the making up of the next general annual account.

In the case provided for by Section 5 of the preceding Article, the accounts must bear the note "Aucune observation de l'Office débiteur n'est parvenue dans le délai réglementaire" (No observation received from the debtor Administration within the prescribed period).

Special settlement between two Powers.

Post, p. 2691.

Si deux Administrations se mettent d'accord pour faire un règlement spécial, leurs relevés *C 23* portent la mention "Compte réglé à part—à titre d'information" et ne sont pas compris dans le décompte général annuel.

If two Administrations agree to make a special settlement, their Forms C 23 bear the note "Compte réglé à part—à titre d'information" (Account settled separately—for purposes of information) and are not included in the general annual account.

Transit charge accounts.

3.—Le Bureau international établit, à la fin de chaque année, sur la base des relevés qui lui sont parvenus jusque-là et qui sont considérés comme admis de plein droit, un décompte général annuel des frais de transit. *Le cas échéant, il se conforme à la règle fixée à l'article 60, § 2, pour les payements annuels.*

Ante, p. 2632.

3. The International Bureau makes up, at the end of each year, on the basis of the forms which have reached it up to that time and which are considered as duly accepted, a general account of transit charges. If occasion arises, it complies with the rule laid down by Article 60, Section 2 for the annual payments.

Le décompte indique:

a) le Doit et l'Avoir de chaque Office;

b) le solde débiteur ou le solde créditeur de chaque Office;

c) les sommes à payer par les Offices débiteurs;

d) les sommes à recevoir par les Offices créditeurs.

The account indicates:

(a) The debit and credit of each Administration;

(b) The debit or credit balance of each Administration;

(c) The sums to be paid by the debtor Administrations;

(d) The sums to be received by the creditor Administrations.

Le Bureau international pourvoit à ce que le nombre des payements effectués par les Offices débiteurs soit restreint dans la mesure du possible.

The International Bureau sees that the number of payments made by the debtor Administrations is limited as far as possible.

Prompt transmission.

4.—Les décomptes généraux annuels doivent être transmis aux Administrations par le Bureau international, aussitôt que

possible et, au plus tard, avant l'expiration du premier trimestre de l'année qui suit celle de leur établissement.

ARTICLE 72.

Liquidation des frais de transit.

1.—Sauf entente contraire, le solde résultant du décompte général annuel du Bureau international ou des règlements spéciaux, *y compris, le cas échéant, la compensation prévue à l'article 60, § 2,* est payé par l'Office débiteur à l'Office créditeur en or ou au moyen *de chèques ou* de traites payables à vue sur la capitale ou sur une place commerciale du pays créancier.

En cas de payement au moyen *de chèques ou* de traites, *ces titres* sont *établis* en monnaie du pays créancier pour un montant équivalent, au jour de l'achat, à la valeur du solde exprimé en francs. Les frais de payement sont supportés par l'Office débiteur.

Ces *chèques ou* traites peuvent être également *tirés* sur un autre pays, à la condition *que ces titres* représentent le même équivalent et que les frais d'escompte soient à la charge de l'Office débiteur.

2—Le payement précité doit être effectué dans le plus bref délai possible, et, au plus tard, avant l'expiration d'un délai de 4 mois à partir de la date d'envoi du décompte par le Bureau international ou de l'invitation à payer, adressée par l'Office créancier à l'Office débiteur, quand il s'agit d'un compte réglé à part. *Ce délai peut être porté à 5 mois dans les relations entre pays éloignés.*

Passé ces délais, les sommes dues sont productives d'intérêt, à raison de sept pour cent l'an, à compter du jour d'expiration desdits délais.

at the latest, before the expiration of the first quarter of the year following the one in which they were made up.

ARTICLE 72 (see Protocol I) *Post*, p. 2671.

Settlement of transit charges

1. Barring contrary agreement, the balance resulting from the general annual account of the International Bureau or from special settlements, including, if occasion arises, the compensation provided for in Article 60, Section 2, is paid by the debtor Administration to the creditor Administration in gold or by means of checks or drafts payable at sight in the capital or in a commercial city of the creditor country. Payment of transit charges. *Ante*, p. 2632.

In case of payment by means of checks or drafts, those instruments are drawn in the money of the creditor country for an amount equivalent on the day of purchase to the value of the balance expressed in francs. The expenses of payment are borne by the debtor Administration.

These checks or drafts may also be drawn on another country on the condition that those instruments represent the same equivalent and that the exchange costs are charged to the debtor Administration.

2. The payment above mentioned must be made as soon as possible, and, at the latest, before the expiration of a period of four months, counting from the date of the sending of the account by the International Bureau, or of the invitation to pay sent by the creditor Administration to the debtor Administration when it is a question of accounts settled separately. This period may be extended to five months in relations between distant countries. Early settlement.

After those periods, the sums due bear interest at the rate of 7 percent a year, counting from the date of expiration of the said periods.

1.—Les coupons-réponse sont conformes au modèle *C 26* ci-annexé et imprimés par les soins du Bureau international sur papier portant en filigrane les *lettres U P U en grands caractères.*

Post, p. 2694.

Options.

2.—Chaque Administration a la faculté:

a) de donner aux coupons-réponse une perforation distinctive qui ne nuise pas à la lecture du texte et ne soit pas de nature à entraver la vérification de ces valeurs;

b) de modifier, à la main ou au moyen d'un procédé d'impression, le prix de vente indiqué sur les coupons.

3.—Le Bureau international fournit les coupons au prix coûtant.

Annual settlement.

4.—Sauf entente contraire entre les Administrations intéressées, les coupons échangés sont envoyés annuellement aux Administrations qui les ont émis avec l'indication globale de leur nombre et de leur valeur.

Procedure.

5.—Aussitôt que deux Administrations se sont mises d'accord sur le nombre des coupons échangés dans leur relations réciproques, un relevé (modèle *C 27* ci-annexé), indiquant le solde débiteur ou créditeur, est dressé par chacune des deux Administrations et transmis par celles-ci au Bureau international. A défaut d'accord entre deux Administrations dans un délai de six mois, l'Office créditeur établit son décompte et l'envoie au Bureau international. Pour l'établissement de ce relevé, la valeur du coupon est calculée à *37½* centimes par unité. Le Bureau international comprend le solde dans un décompte annuel.

VARIOUS PROVISIONS

SOLE CHAPTER

ARTICLE 73

Reply coupons

1. Reply coupons conform to Model C 26 hereto appended, and are printed by the International Bureau on paper bearing, in the watermark, the letters "U P U" in large characters.

2. Each Administration has the option:

a) of giving the reply coupons a distinctive perforation which does not interfere with the reading of the text and is not of such a nature as to hinder the verification of the coupons.

b) of modifying, by hand or by means of a printing process, the selling price indicated on the coupons.

3. The International Bureau furnishes the coupons at cost price.

4. Barring contrary agreement among the Administrations concerned, the coupons exchanged are sent annually to the Administrations which have issued them, with indication of their total number and value.

5. As soon as two Administrations have come to an agreement as to the number of coupons exchanged in their reciprocal relations, a statement (Form C 27 hereto appended) indicating the debit or credit balance is made up by each of the two Administrations and transmitted by them to the International Bureau. In the absence of an agreement between two Administrations within a period of six months, the creditor Administration makes up its account and sends it to the International Bureau. For the making up of that account, the value of the coupons is calculated at 37½ centimes each. The International Bureau includes the balance in an annual account.

Dans le cas où l'une seulement des Administrations aurait fourni le relevé (modèle *C 27*), les indications de cette Administration font foi.

6.—Lorsque, dans les rapports entre deux Offices, le solde annuel ne dépasse pas 25 francs, l'Office débiteur est exonéré de tout payement et le relevé n'est pas dressé.

7.—Dans le cas où deux Administrations se sont mises d'accord pour faire un règlement spécial, elles ne transmettent pas de relevé au Bureau international.

8.—Le payement des soldes a lieu dans les conditions prévues à l'article *72*.

In case that only one of the Administrations has furnished the statement (Form C 27), the indications of that Administration are considered valid.

If only one statement be received.

Post, p. 2695.

6. When, in relations between two Administrations, the annual balance does not exceed 25 francs, the debtor Administration is released from all payment and the account is not made up.

Small balances.

7. In case that two Administrations have come to an agreement to make a special settlement, they do not transmit any account to the International Bureau.

Special settlements.

Cartes d'identité.

1.—Les Administrations désignent les bureaux de poste ou les services postaux qui délivrent les cartes d'identité.

2.—Ces cartes sont établies sur des formules conformes au modèle *C 28* ci-annexé. Ces formules sont fournies, au prix coûtant, par le Bureau international.

3.—Au moment de la demande, le requérant remet sa photographie et justifie de son identité. Les Administrations édictent les prescriptions nécessaires pour que les cartes ne soient délivrées qu'après examen minutieux de l'identité du requérant.

L'agent inscrit cette demande dans un registre, remplit à l'encre et en caractères latins toutes les indications que comporte la formule de carte d'identité, colle sur celle-ci la photographie à l'endroit désigné, applique mi-partie sur cette photographie et mi-partie sur la carte un timbre-poste représentant la taxe perçue et annule cette figurine au moyen d'une empreinte bien nette du timbre à date.

Il appose ensuite de nouveau l'empreinte de ce timbre ou de son sceau officiel, de manière qu'elle porte à la fois sur la partie

Identity cards

Identity cards.

Issuing offices.

1. The Administrations designate the post offices or postal services which issue identity cards.

2. These cards are made up on forms agreeing with Model C 28 hereto appended. These forms are furnished at cost by the International Bureau.

Forms.

Post, p. 2696.

Requirements.

3. At the time of making application, the applicant submits his photograph and proves his identity. Administrations fix the necessary requirements so that the cards may not be issued until careful investigation is made regarding the identity of the applicant.

The employee enters this request in a register; fills in, in Latin characters and in ink, all the information called for by the form of identity card; affixes the photograph to it in the designated place; applies, half on the photograph and half on the card, a postage stamp representing the charge collected; and cancels that stamp by means of a very neat impression of the date stamp.

He then also places the impression of that stamp or of his official seal, in such a manner that it appears both on the upper part of

supérieure de la photographie et sur la carte, puis reproduit cette empreinte au recto de la carte, signe celle-ci et la remet à l'intéressé après avoir recueilli sa signature.

Renewal of photograph.

4.—Lorsque la physionomie du titulaire s'est modifiée au point qu'elle ne réponde plus à la photographie ou au signalement, la carte doit être renouvelée.

Establishment of exchange.

Mails exchanged with warships

1. Notice must be given, in advance as far as possible, to the intermediate Administrations, of the establishment of an exchange of closed mails between a Postal Administration and naval divisions or warships of the same nationality, or between one naval division or warship and another of the same nationality.

2. The address of such dispatches is worded as follows:

From the office of.....for the (nationality) naval division of (name of the division) at..... (country).
For the (nationality) ship (name of the ship).....at....(country).

or

From the (nationality) naval division of (name of the division) at..... (country).
From the (nationality) ship (name of the ship) at.....(country).
For the office of.....(country).

or

From the (nationality) naval division of (name of the division) at..... (country).
From the (nationality) ship (name of the ship) at.....(country).
For the (nationality) naval division of (name of the division) at..... (country).
For the (nationality) ship (name of the ship) at.....(country)....

3.—Les dépêches à destination ou provenant de divisions navales ou de bâtiments de guerre sont acheminées, sauf indication d'une voie spéciale sur l'adresse, par les voies les plus rapides et dans les mêmes conditions que les dépêches échangées entre bureaux de poste.

Le capitaine d'un paquebot postal qui transporte des dépêches à destination d'une division navale ou d'un bâtiment de guerre les tient à la disposition du commandant de la division ou du bâtiment destinataire pour le cas où celui-ci viendrait lui en demander la livraison en route.

4.—Si les bâtiments ne se trouvent pas au lieu de destination quand les dépêches à leur adresse y arrivent, ces dépêches sont conservées au bureau de poste, en attendant leur retrait par le destinataire ou leur réexpédition sur un autre point. La réexpédition peut être demandée, soit par l'Office postal d'origine, soit par le commandant de la division navale ou du bâtiment destinataire, soit enfin par un Consul de même nationalité.

5.—Celles des dépêches dont il s'agit qui portent la mention "Aux soins du Consul d_____" sont consignées au Consulat du pays d'origine. Elles peuvent être ultérieurement, à la demande du Consul, réintegrées dans le service postal et réexpédiées sur le lieu d'origine ou sur une autre destination.

6.—Les dépêches à destination d'un bâtiment de guerre sont considérées comme étant en transit jusqu'à leur remise au commandant de ce bâtiment, alors même qu'elles auraient été primitivement adressées aux soins d'un bureau de poste ou a un Consul chargé de servir d'agent de transport intermédiaire; elles ne sont donc pas considérées comme étant parvenues à leur adresse, tant qu'elles n'ont pas été livrées au bâtiment de guerre destinataire.

Forwarding, etc.

3. Dispatches addressed to or coming from naval divisions or warships are forwarded, in the absence of any indication of a special route in the address, by the most rapid routes, and under the same conditions as the dispatches exchanged between post offices.

The captain of a mail steamer which carries dispatches addressed to a naval division or a warship holds them at the disposal of the commander of the division or vessel of destination in case that the latter should request that he deliver them en route.

Retention, etc.

4. If the vessels are not found at the place of destination when the dispatches addressed to them arrive there, such dispatches are retained at the post office while awaiting their withdrawal by the addressees or their reforwarding to another point. The reforwarding may be requested either by the Postal Administration of origin or by the commander of the naval division or vessel of destination, or, finally, by a Consul of the same nationality.

Reforwarding requests.

In care of Consul.

5. Those of the dispatches in question which bear the note: "Aux soins du Consul d_____" (in care of the Consul of_____) are delivered to the Consulate of the country of origin. They may, later on, at the request of the Consul, be returned to the postal service and forwarded to the place of origin or to another destination.

Considered in transit until delivered to commander.

6. Dispatches addressed to a warship are considered as being in transit up to their delivery to the commander of that warship, even if they have originally been addressed in care of another post office or to a Consul charged with serving as intermediate forwarding agent; they are not, therefore, considered as having arrived at their address until they have been delivered to the warship of destination.

ARTICLE 87

Making up of accounts

Transmittal from debtor to creditor Administration.

1.—Lorsque les comptes particuliers ont été débattus et arrêtés d'un commun accord, les Offices débiteurs transmettent aux Offices créditeurs, pour chaque nature d'opérations, une reconnaissance, établie en francs et centimes, du montant de la balance des deux comptes particuliers, avec l'indication de l'objet de la créance et de la période à laquelle elle se rapporte.

1. When the detailed accounts have been checked and agreed upon, the debtor Administrations transmit to the creditor Administrations, for each class of operations, an acknowledgment, made up in francs and centimes, of the amount of the balance of the two detailed accounts, with indication of the subject of the credit and of the period to which it relates.

General accounts.

Sauf entente contraire, l'Office qui désirerait, pour sa comptabilité intérieure, avoir des comptes généraux, aurait à les établir lui-même et à les soumettre à l'acceptation de l'Office correspondant.

Barring contrary agreement, an Administration which desires, for its own accounting purposes, to have general accounts, must make them up itself, and submit them to the corresponding Administration for acceptance.

Other systems.

Les Offices peuvent s'entendre pour pratiquer un autre système dans leurs relations.

Administrations may come to agreements to apply another system in their relations.

Detailed tables.

2.—Chaque Office adresse au Bureau international mensuellement ou trimestriellement, si des circonstances spéciales le rendent désirable, un tableau indiquant son Avoir du chef des décomptes particuliers, ainsi que le total des sommes dont il est créditeur envers chacun des Offices contractants; chaque créance figurant dans ce tableau doit être justifiée par une reconnaissance de l'Office débiteur.

Ce tableau doit parvenir au Bureau international le 19 de chaque mois ou du premier mois

2. Each Administration addresses to the International Bureau, monthly or quarterly, if special circumstances render it desirable, a table indicating its credit on the detailed accounts, as well as the total of the sums due to it from each of the contracting Administrations; each credit figuring in the table must be justified by an acknowledgment from the debtor Administration.

This table must reach the International Bureau on the 19th of each month or of the first month

de chaque trimestre au plus tard. A défaut, il n'est compris que dans la liquidation du mois ou du trimestre suivant.

3.—Le Bureau international, constate, en rapprochant les reconnaissances, si les tableaux sont exacts. Toute rectification nécessaire est notifiée aux Offices intéressés.

Le Doit de chaque Office envers un autre est reporté dans un tableau récapitulatif; afin d'établir le total dont chaque Office est débiteur, il suffit d'additionner les diverses colonnes de ce tableau récapitulatif.

of each quarter at the latest. Otherwise it is carried over for settlement to the account for the following month or quarter.

3. The International Bureau determines, by comparing the acknowledgments, whether the tables are correct. Notice of any necessary correction is given to the Administrations concerned. Determination by Bureau.

The debit of each Administration to another is carried over to a recapitulatory table; in order to determine the total amount owed by each Administration, it is sufficient to add up the various columns of this recapitulatory table.

ARTICLE 88.

Balance générale.

1.—Le Bureau international réunit les tableaux et les récapitulations en une balance générale indiquant:

a) le total du Doit et de l'Avoir de chaque Office;

b) le solde débiteur ou le solde créditeur de chaque Office;

c) les sommes à payer par *les Offices débiteurs et la répartition de ces sommes entre les Offices créditeurs.*

Il veille, dans la mesure du possible, à ce que chaque Office n'ait à effectuer, pour se libérer, qu'un ou deux payements distincts.

Toutefois, l'Office qui se trouve habituellement à découvert vis-à-vis d'un autre Office pour une somme supérieure à 50,000 francs a le droit de réclamer des acomptes.

Ces acomptes sont inscrits, tant par l'Office créditeur que par l'Office débiteur, au bas des tableaux à adresser au Bureau international.

2.—Les reconnaissances transmises au Bureau international avec les tableaux sont classées par Office.

Elles servent de base pour l'établissement de la liquidation des comptes de chacun des Offices intéressés. Dans cette liquidation doivent figurer:

ARTICLE 88

General balance General balance.

1. The International Bureau assembles the tables and the recapitulations into a general balance sheet indicating: Preparation by Bureau.

(a) The total debit and credit of each Administration;

(b) The debit or credit balance of each Administration;

(c) The sums to be paid by the debtor Administrations, and the distribution of those sums among the creditor Administrations.

It sees, as far as possible, that each Administration does not have to make more than one or two separate payments in order to settle its obligations.

However, an Administration which habitually finds a sum exceeding 50,000 francs due to it by another Administration has the right to claim payments on account.

These remittances are entered, by both the creditor and the debtor Administration, at the bottom of the tables which they address to the International Bureau.

2. The acknowledgments transmitted to the International Bureau with the tables are classified according to Administrations. Classification of acknowledgments.

They serve as the basis for the making up of the balance of the accounts of each of the Administrations concerned. In that balance shall figure:

a) les sommes afférentes aux comptes spéciaux portant sur les divers échanges;

b) le total des sommes résultant de tous les comptes spéciaux par rapport à chacun des Offices intéressés;

c) les totaux des sommes dues à tous les Offices créditeurs pour chaque branche du service, ainsi que leur total général.

Ce total doit être égal au total du Doit qui figure dans la récapitulation.

Au bas du bordereau de liquidation, la balance est établie entre le Doit et l'Avoir résultant des tableaux adressés par les Offices au Bureau international. Le montant net du Doit ou de l'Avoir doit être égal au solde débiteur ou au solde créditeur porté dans la balance générale. En outre, le bordereau indique les Offices en faveur desquels le payement doit être effectué par l'Office débiteur.

Les bordereaux de liquidation doivent être transmis aux Offices intéressés par le Bureau international, au plus tard le 22 de chaque mois.

(a) The sums relative to the special accounts concerning the various exchanges;

(b) The total of the sums resulting from all the special accounts in relation to each of the Administrations concerned;

(c) The totals of the sums due to all the creditor Administrations for each branch of the service, as well as their grand total.

This total must be equal to the debit which figures in the recapitulation.

At the bottom of the balance sheet, the balance is made between the debit and the credit resulting from the tables addressed by the Administrations to the International Bureau. The net amount of the debit or the credit must be equal to the debit or credit balance carried into the general balance sheet. Moreover, the sheet indicates the Administrations in favor of which the payment must be effected by the debtor Administration.

The balance sheets shall be sent to the Administrations concerned by the International Bureau on the 22d of each month at the latest.

Article 89.

Payment.

Payement.

Prompt settlement.

Le payement des sommes dues, en vertu d'une liquidation, par un Office à un autre Office, doit être effectué aussitôt que possible et au plus tard quinze jours après la réception du bordereau de liquidation par l'Office débiteur. Quant aux autres conditions de payement, les dispositions du § 1 de l'article 72 sont applicables. Les dispositions du § 2 dudit article font règle en cas de non-payement du solde dans le délai fixé.

Ante, p. 2643.

Small balances.

Les soldes débiteurs ou créditeurs n'excédant pas 500 francs peuvent être reportés a la liquidation du mois suivant, à la condition toutefois que les Offices intéressés soient en rapport mensuel avec le Bureau international.

Article 89

Payment

The payment of the sums due, by virtue of a balance sheet, by one Administration to another Administration, must be effected as soon as possible, and, at the latest, 15 days after the receipt of the balance sheet by the debtor Administration. As for the other conditions of payment, the provisions of Section 1 of Article 72 are applicable. The provisions of Section 2 of the said Article govern in case of non-payment of the balance within the period fixed.

WASHINGTON, *March 13, 1930.*

Final Protocol.

PROTOCOLE FINAL DU RÈGLEMENT.

FINAL PROTOCOL OF THE REGULATIONS

Agreement by Plenipotentiaries.

Au moment de procéder à la signature du Règlement d'exécution de la Convention arrêté par le Congrès postal universel de Londres, les Plénipotentiaires soussignés sont convenus de ce qui suit:

At the moment of signing the Regulations of Execution of the Convention drawn up by the Universal Postal Congress of London, the undersigned plenipotentiaries have agreed as follows:

I

Transit charges.

Payement des soldes de frais de transit.

Payment of the balances of transit charges

Drafts, etc. in payment of, on gold, etc., basis.

Ante, p. 2643.

1.—En cas de payement au moyen de *chèques ou* traites du solde prévu à l'article *72, ces chèques ou traites* sont *exprimés* en monnaie d'un pays où *la banque centrale d'émission ou une autre institution officielle d'émission achète et vend de l'or ou des devises-or contre la monnaie nationale à des taux fixes déterminés par la loi ou en vertu d'un arrangement avec le Gouvernement.*

1. In case of payment by means of checks or drafts of the balance contemplated by Article 72, such checks or drafts are expressed in money of a country where the central bank of issue or other official issuing institution buys and sells gold or its equivalent for national money at fixed rates determined by law or by virtue of an agreement with the Government.

Si les monnaies de plusieurs pays répondent à ces conditions, c'est au pays créditeur de désigner la monnaie qui lui convient. La conversion se fait au pair des monnaies d'or.

2.—Les *chèques* ou traites peuvent être exprimés aussi en monnaie du pays créditeur, si les deux pays se sont mis d'accord à ce sujet. Dans ce cas, le solde est converti au pair des monnaies d'or en monnaie d'un pays *répondant aux conditions prévues au paragraphe précédent*. Le résultat obtenu est ensuite converti dans la monnaie du pays débiteur et de celle-ci dans la monnaie du pays créditeur au cours de la bourse de la capitale ou d'une place commerciale du pays débiteur au jour de la remise de l'ordre d'achat *du chèque ou* de la traite.

If the moneys of several countries fulfill those conditions, it is incumbent upon the creditor country to designate the money which is convenient for it. The conversion is effected at the gold par rate.

Money of creditor country.

2. Checks or drafts may also be expressed in money of the creditor country, if the two countries have come to an agreement on this subject. In this case, the balance is converted at the gold par rate into money of a country fulfilling the conditions prescribed by the preceding Section. The result obtained is then converted into money of the debtor country and from the latter into money of the creditor country at the rate of exchange prevailing in the capital or a commercial city of the debtor country on the date of the delivery of the order for the purchase of the check or draft.

II.

Confection des dépêches.

L'Administration des États-Unis d'Amérique a la faculté d'insérer la feuille d'avis dans un sac contenant des lettres ordinaires, pourvu que l'indice F figure clairement sur l'étiquette de ce sac.

II

Preparation of dispatches

Preparation of dispatches.

Option granted United States.

The Administration of the United States of America has the option of inserting the letter bill in a sack containing ordinary letters, provided that the letter F appears clearly on the label of that sack.

En foi de quoi, les Plénipotentiaires ci-dessous ont dressé le présent Protocole, qui aura la même force et la même valeur que si les dispositions qu'il contient étaient insérées dans le texte même du Règlement auquel il se rapporte, et ils l'ont signé en un exemplaire qui restera déposé aux Archives du Gouvernement *du Royaume-Uni* de la *Grande-Bretagne et de l'Irlande du Nord* et dont une copie sera remise à chaque Partie.

Effect of Protocol.

In faith of which, the undersigned plenipotentiaries have drawn up the present Protocol, which will have the same force and validity as if its provisions were inserted in the actual text of the Regulations to which it relates, and they have signed it in a single copy, which shall remain on file in the Archives of the United Kingdom of Great Britain and Northern Ireland, and a copy of which shall be delivered to each party.

Fait à *Londres, le 28 juin 1929.*

6.—Par dérogation aux stipulations des §§ 4 et 5 ci-dessus, est réservé à chaque Administration dont dépend un service aérien, le droit de percevoir directement de chaque Administration qui *utilise ce service les frais de transport afférents à la totalité du parcours.*

Direct relations reserved.

7.—Les frais du transport aérien des correspondances-avion expédiées en dépêches closes sont à la charge de l'Administration du pays d'origine; les frais du transport aérien des correspondances expédiées à découvert sont à la charge de l'Administration qui les remet à découvert à une autre Administration.

Supervision over transfers en route.

8.—Sauf entente contraire entre les Administrations des postes intéressées, le transbordement en cours de route dans un même aéroport des dépêches qui empruntent successivement plusieurs services aériens distincts se fait obligatoirement par l'intermédiaire de l'Administration des postes du pays où a lieu le transbordement.

Exception.

Cette règle ne s'applique pas lorsque ce transbordement a lieu entre des appareils assurant les sections successives d'un même service.

Warehousing charges not allowed.

9.—*Il n'est* pas *perçu de frais d'entrepôt* pour les dépêches-avion.

Exceptional cases.

Toutefois, dans le cas où, pour des circonstances exceptionnelles,

4. With the exceptions provided for in Sections 5 and 6 below, the aerial transportation charges are payable to the Postal Administration of the country in which the airport where the correspondence has been taken in charge by the air service is located.

5. The Administration which delivers to an air-transport enterprise mails destined to employ several separate air services in succession may, if it has agreed with the intermediate Administrations, settle directly with that enterprise for the transportation charges for the whole route. The intermediate Administrations, for their part, have the right to demand the application pure and simple of the provisions of Section 4.

6. By exception to the provisions of Sections 4 and 5 above, each Administration controlling an air service retains the right to collect directly from each Administration utilizing that service the transportation charges relative to the whole route.

7. The air-transportation charges for air-mail correspondence sent in closed mails are chargeable to the Administration of the country of origin; the air-transportation charges for correspondence sent in open mail are chargeable to the Administration which delivers them in open mail to another Administration.

8. Barring contrary agreement among the Postal Administrations concerned, the transfer en route, in one and the same airport, of mails which employ several separate air services in succession, must be performed by the Postal Administration of the country where the transshipment is effected. This rule does not apply when the transfer is made between machines performing successive sections of one and the same service.

9. No warehousing charges are collected for air-mail dispatches.

However, in case where, thru exceptional circumstances, con-

des frais considérables *doivent* être *supportés* du fait de cet entrepôt, les Administrations sont autorisées à percevoir les frais d'entrepôt prévus à l'article 74 de la Convention.

10.—Comme mesure temporaire, le tarif de base à appliquer aux règlements des comptes entre les Administrations du chef des transports aériens est fixé à 6 *centimes* de franc-or par fraction indivisible de 100 grammes de poids *brut* et de 100 kilomètres. Toutes fractions de 100 grammes et de 100 kilomètres sont arrondies respectivement aux 100 grammes et aux 100 kilomètres supérieurs *et cela séparément pour chaque dépêche qui fait l'objet de la statistique-avion. Les* dépêches aériennes transportées en service intérieur *sont soumises aux mêmes règles.*

11.—Les prix de transport spécifiés ci-dessus ne s'appliquent pas aux transports à longue distance effectués au moyen de services dont la création et l'entretien nécessitent des frais extraordinaires. Les conditions de l'utilisation de ces services sont réglées de gré à gré entre les Administrations intéressées; elles doivent être uniformes pour toutes les Administrations empruntant ces services.

12.—Les frais de transport précités sont dus aussi pour les correspondances exemptes de frais de transit ainsi que pour les dépêches ou correspondances mal dirigées, dans le cas où elles sont acheminées par la voie aérienne.

13.—*En dehors des frais éventuels d'entrepôt* (§ *9 ci-dessus*), *les Administrations des pays survolés n'ont droit à aucune rémunération pour les dépêches transportées par voie aérienne au-dessus de leur territoire.*

siderable expense must be borne because of such warehousing, Administrations are authorized to collect the warehousing charges contemplated by Article 74 of the Convention. *Ante*, p. 2645.

10. As a temporary measure, the basic rate to be applied in the settlement of accounts among the Administrations for aerial transportation is fixed at 6 centimes of a gold franc for each indivisible fraction of 100 grams of gross weight and of 100 kilometers. All fractions of 100 grams and 100 kilometers are rounded off to the next highest 100 grams and 100 kilometers respectively, and separately for each dispatch which forms the subject of the aerial statistics. Air-mail dispatches carried in the domestic service are subject to the same rules. Temporary basic rate.

11. The transportation charges specified above do not apply to long-distance transportation by means of services whose creation and upkeep give rise to extraordinary expenses. The conditions for using such services are settled from time to time among the Administrations concerned; they must be uniform for all Administrations using such services. Long distance transportation charges.

12. The transportation charges above mentioned are also due on correspondence exempt from transit charges, as well as for missent dispatches or correspondence, in case that they are transmitted by the air route. Other classes applicable.

13. In addition to the eventual warehousing charges (Section 9 above), Administrations of countries flown over have no right to any remuneration for dispatches transported by air over their territory. Dispatches in transit.

ARTICLE 12

Transportation charges for aerial correspondence in open mail Transit charges for open mail.

1. Air-mail correspondence may be exchanged in open mail between two Administrations by the air route. Exchanges.

Payment of reforwarding charges.

2.—Les frais de transport aérien sont payés en entier à l'Administration des postes du pays auquel les correspondances sont adressées à découvert en vue de leur réexpédition par voie aérienne; cette Administration peut exiger la formation de liasses distinctes pour les destinations qu'elle indiquera.

Separate bundles.

Determination of open mail charges.

3.—Pour déterminer les frais de transport, le poids net des correspondances-avion transmises à découvert est majoré de 25% pour tenir compte des dépenses afférentes aux travaux de tri. *Toutefois, la majoration des frais de transport aérien qui en résulte en faveur d'un pays de transit ne peut dépasser 1 franc 50 centimes par 100 grammes de poids net.*

Restriction.

2. The aerial transportation charges are paid in their entirety to the Postal Administration of the country to which the correspondence is addressed in open mail for reforwarding by the air route; this Administration may require the formation of separate bundles for destinations which it may indicate.

3. In order to determine the transportation charges, the net weight of the aerial correspondence transmitted in open mail is increased by 25 per cent, in order to take account of the expenses of the work of sorting. However, the increase in aerial transportation charges resulting therefrom in favor of one transit country may not exceed 1 franc 50 centimes per 100 grams of net weight.

Agreement between the United States and Belgium for the erection of certain memorials in Belgium by the American Battle Monuments Commission. Signed at Paris, October 4, 1929; ratified by the President, January 11, 1930; ratified by Belgium, April 8, 1930; ratifications exchanged at Brussels, April 17, 1930; proclaimed, April 23, 1930.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Erection of certain memorials in Belgium.

WHEREAS an Agreement between the United States of America and Belgium covering the erection by the American Battle Monuments Commission of certain memorials in Belgium in accordance with and by authority of the Act of Congress of the United States of America, approved March 4, 1923, entitled "An Act for the creation of an American Battle Monuments Commission to erect suitable memorials commemorating the services of the American soldier in Europe, and for other purposes", was signed at Paris on October 4, 1929, the original of which Agreement, being in the English and French languages, is word for word as follows:

Vol. 42, p. 1509.

AGREEMENT CONCLUDED BETWEEN THE GOVERNMENTS OF THE UNITED STATES OF AMERICA AND BELGIUM COVERING THE ERECTION BY THE AMERICAN BATTLE MONUMENTS COMMISSION OF CERTAIN MEMORIALS IN BELGIUM.

ACCORD CONCLU ENTRE LES GOUVERNEMENTS DES ETATS-UNIS D'AMERIQUE ET DE LA BELGIQUE CONCERNANT L'ERECTION EN BELGIQUE DE MONUMENTS COMMEMORATIFS PAR LA COMMISSION AMERICAINE DES MONUMENTS DE GUERRE.

Contracting Powers.

This Agreement made at Paris, on October 4, 1929, by and between the Government of the United States of America, represented by General John J. Pershing, of the American Battle Monuments Commission, party of the first part, and the Royal Belgian Government, represented by Baron E. de Gaiffier d'Hestroy, Belgian Ambassador in Paris, party of the second part, for the acquisition by the Royal Belgian Government of lands intended as sites for monuments which the American Battle Monuments Commission is to erect in Belgium, in accordance with and by authority of the Act of Congress of the United States approved March 4th., 1923, entitled "An act for the creation of an American Battle Monuments Commis-

Le présent Accord, conclu à Paris, le 4 octobre, 1929, entre le Gouvernement des Etas-Unis d'Amérique, représenté par le Général John J. Pershing, de la Commission Américaine des Monuments de Guerre, d'une part, et le Gouvernement Royal Belge représenté par Mr. le Baron E. de Gaiffier d'Hestroy, Ambassadeur de Belgique à Paris, d'autre part, pour l'acquisition, par le Gouvernement Royal Belge, de terrains devant servir d'emplacements pour les monuments que la Commission américaine des monuments de guerre se propose d'ériger en Belgique, en vertu de la loi du Congrès des Etats-Unis, approuvée le 4 mars 1923, intitulée "Loi pour la création d'une Commission américaine de Monuments de guerre en vue d'ériger

sion to erect suitable memorials, commemorating the services of the American soldiers in Europe and for other purposes", witnesseth that:

Article 1.–

The Belgian Government will acquire, by mutual agreement with the proprietors, the lands necessary for the erection of the American memorials.

Article 2.–

The negociations with the owners or tenants for the cession of the said lands will be pursued by the American Battle Monuments Commission, who will reimburse the Belgian Government for the purchase price thereof and for any expenses occasioned by the acquisition.

Article 3.–

The said lands, as well as the monuments erected thereon, will be the property of the Belgian Government, who will grant to the Government of the United States without cost and in perpetuity the use and free disposal thereof.

Article 4.–

The lands acquired will be devoted in perpetuity to the purpose above mentioned, but the Belgian Government shall have no responsibility with respect to the maintenance or the preservation of the monuments and their accessories.

If, in the future, the monuments should disappear or fall into ruin as a result of abandonment that can be considered as definite, and after the Belgian Government has informed the Government of the United States of their condition sufficiently in time so as to permit the latter to remedy the same if it so desires, the Belgian Government shall no longer be bound to permit the said lands to remain unproductive in perpetuity and shall have the right to use them for other purposes.

des monuments commémorant dignement les services des soldats américains en Europe, et pour d'autres buts", certifie que:

ARTICLE 1.–

Land acquisitions by Belgium.

Le Gouvernement belge acquerra à l'amiable les terrains nécessaires à l'érection des monuments commémoratifs américains.

ARTICLE 2.–

Reimbursement.

Les tractations à engager avec les propriétaires ou locataires des terrains précités en vue de la cession amiable des dits terrains, seront faites par la Commission américaine des Monuments de Guerre, qui remboursera au Gouvernement belge le montant du prix et des frais d'acquisition.

ARTICLE 3.–

Ownership and use of lands, etc.

Les terrains en question ainsi que les monuments y érigés seront la propriété du Gouvernement belge qui en concédera gratuitement et à perpétuité l'usage et la libre disposition au Gouvernement des Etats-Unis.

ARTICLE 4.–

Maintenance thereof.

Les terrains acquis resteront perpétuellement affectés à leur destination, sans toutefois que l'Etat belge puisse encourir de responsabilité en ce qui concerne l'entretien et la conservation des monuments et de leurs accessoires.

If abandoned or in ruins, etc.

Si, dans l'avenir, les monuments venaient à disparaître ou à tomber en ruines, par suite d'un abandon que l'on pourrait considérer comme définitif, et après que l'Etat belge aurait informé le Gouvernement des Etats-Unis de leur état suffisamment à temps pour permettre à ce dernier d'y remédier, s'il le juge utile, l'Etat belge ne pourrait être tenu à perpétuité de laisser improductifs les terrains susvisés et pourrait les utiliser à d'autres fins.

Article 5.–

Divesting lands of special character.

It is expressly agreed that the said lands can be divested of their special character for reasons of the public welfare or public utility, of which the Belgian Government alone shall be judge.

Rebuilding monuments thereafter.

In such case, after having consulted the American Battle Monuments Commission or eventually the Secretary of War, the Belgian Government will undertake, as far as it is still practicable, to rebuild at its own expense at another place in its territory and under similar conditions the monuments erected upon the lands in question.

Article 6.–

Administration of land, etc.

The American Battle Monuments Commission or the organization which will eventually replace it will administer the land and monuments in perpetuity, in conformity with the Belgian laws and regulations, and will bear all expenses incident thereto so that the Belgian Government shall not be involved in any way.

Article 7.–

Suits, etc., concerning land, to be settled by Belgium.

The Belgian Government will settle all difficulties which may arise with owners or tenants of adjoining lands; it will institute and pursue any suit or sustain any defense concerning the properties acquired which may hereafter appear necessary. The cost involved and the amount of any possible judgments rendered against the Belgian Government will be repaid by the Government of the United States.

Reimbursement.

For damages, by United States.

It is agreed, however, that settlement for damages caused by the personnel appointed by the Government of the United States for the maintenance and guarding of the American memorials or by the equipment belonging to it, will be undertaken by the representative appointed by that Government.

ARTICLE 5.–

Il est expressément convenu que les dits terrains pourront être désaffectés pour des raisons d'intérêt général ou d'utilité publique que l'Etat belge sera seul en droit d'aprécier.

En ce cas, après avoir pris l'avis de la Commission américaine des Monuments de guerre ou éventuellement du représentant désigné par le Secrétaire américain pour la Guerre, l'Etat belge se chargera, pour autant que ce soit encore faisable, de réédifier à ses frais, en un autre endroit de son territoire et dans des conditions équivalentes, les monuments érigés sur les terrains désaffectés.

ARTICLE 6.–

La Commission américaine des Monuments de Guerre ou éventuellement l'organisme qui la remplacera, administrera à perpétuité les terrains et monuments, en se conformant aux lois et règlements belges et supportera toutes les charges qui pourraient les grever, et plus généralement, de telle façon que l'Etat belge ne puisse être inquiété en quoi que ce soit.

ARTICLE 7.–

Le Gouvernement belge règlera toutes les difficultés pouvant s'élever avec les propriétaires ou locataires riverains; il suivra toutes actions ou défense qu'il paraîtrait nécessaire par la suite d'intenter ou de soutenir au sujet des immeubles acquis. Les frais correspondants et éventuellement, le montant des condamnations lui seront remboursés par le Gouvernement des Etats-Unis.

Il demeure entendu, toutefois, que le règlement des dommages causés, soit par le personnel préposé par le Gouvernement des Etats-Unis à l'entretien et à la garde des monuments commémoratifs américains, soit par du matériel lui appartenant, sera poursuivi à la diligence du représentant désigné par ce Gouvernement.

The present Accord is to be ratified by both Governments. The exchange of ratifications is to take place in Brussels.

Ratification.

Le présent Accord sera ratifié par les deux Gouvernements. L'échange des ratifications aura lieu à Bruxelles.

In witness whereof the date, month and year above-mentioned, this Agreement has been signed in four copies, each copy having the same value and effect as an original, by the Government of the United States, represented by General John J. PERSHING of the American Battle Monuments Commission, and the Royal Belgian Government, represented by Baron E. de GAIFFIER D'HESTROY, Belgian Ambassador in Paris.

Signatures.

En foi de quoi, les jour, mois et an que dessus, cet Accord a été rédigé en quatre exemplaires, chacun d'eux ayant la même valeur et effet qu'un original, par le Gouvernement des Etats-Unis représenté par le Général John J. PERSHING, de la Commission Américaines des Monuments de Guerre, et par le Gouvernement Royal Belge, représenté par Mr. le Baron E. de GAIFFIER D'HESTROY, Ambassadeur de Belgique à Paris.

June 19, 1930.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Convention with Poland to prevent smuggling of intoxicating liquors into the United States.

Preamble.

WHEREAS a convention between the United States of America and the Republic of Poland to aid in the prevention of smuggling of alcoholic beverages into the United States was concluded and signed by their respective Plenipotentiaries at Washington on the nineteenth day of June, one thousand nine hundred and thirty, the original of which convention, being in the English and Polish languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and the President of the Republic of Poland being desirous of avoiding any difficulties which might arise between the United States and Poland in connection with the laws in force in the United States on the subject of alcoholic beverages have decided to conclude a Convention for that purpose, and have appointed as their Plenipotentiaries:

Plenipotentiaries.

The President of the United States of America: Mr. Henry L. Stimson, Secretary of State of the United States; and the President of the Republic of Poland: Mr. Tytus Filipowicz, Ambassador Extraordinary and Plenipotentiary of Poland to the United States:

Who, having communicated their full powers found in good and due form, have agreed as follows:

ARTICLE I

Territorial jurisdiction retained.

The High Contracting Parties respectively retain their rights and claims, without prejudice by reason of this Convention, with respect to the extent of their territorial jurisdiction.

Prezydent Stanów Zjednoczonych i Prezydent Rzeczypospolitej Polskiej, pragnąc uniknąć wszelkich trudności, które mogłyby powstać między Stanami Zjednoczonemi i Polską w związku z obowiązującymi w Stanach Zjednoczonych prawami w przedmiocie napojów alkoholowych, postanowili zawrzeć w powyższym celu Konwencję i ustanowili jako swych pełnomocników:

Plenipotentiaries.

Prezydent Stanów Zjednoczonych: p. Henry L. Stimson, Sekretarza Stanu Stanów Zjednoczonych; i Prezydent Rzeczypospolitej Polskiej: p. Tytusa Filipowicza, Ambasadora Nadzwyczajnego i Pełnomocnego Rzeczpospolitej Polskiej w Stanach Zjednoczonych:

którzy po wzajemnem okazaniu swych pełnomocnictw, uznanych za dobre i należyte co do formy, zgodzili się jak następuje:

ARTYKUŁ I

Territorial jurisdiction retained.

Każda z Wysokich Układających się Stron zachowuje swe prawa i pretensje odnośnie do swej terytorjalnej jurysdykcji bez ich naruszenia z tytułu niniejszej umowy.

ARTICLE II

Boarding of Polish private vessels, outside limits, for inquiry, etc., not objected to.

(1) It is agreed that the Government of Poland will raise no objection to the boarding of private vessels under the Polish flag outside the limits of territorial waters by the authorities of the United States, its territories or possessions in order that enquiries may be addressed to those on board and an examination be made of the ship's papers for the purpose of ascertaining whether the vessel or those on board are endeavoring to import or have imported alcoholic beverages into the United States, its territories or possessions in violation of the laws there in force.

Search, if ground for suspicion.

When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

Seizure of vessel believed to be violating American prohibition laws.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions for adjudication in accordance with such laws.

Distance from coast limited for boarding, etc., vessels.

(3) The rights conferred by this article shall not be exercised at a greater distance from the coast of the United States, its territories or possessions than can be traversed in one hour by the vessel suspected of endeavoring to commit the offense.

Extension, if liquor conveyed by other vessel.

In cases, however, in which the liquor is intended to be conveyed to the United States, its territories or possessions by a vessel other than the one boarded and searched, it shall be the speed of such other vessel and not the speed of the vessel boarded, which shall determine the distance from the coast at which the right under this article can be exercised.

ARTYKUŁ II

(1) Ustala się, że Rząd Polski nie będzie wysuwał żadnego sprzeciwu odnośnie abordowania statków prywatnych pod flagą polską, poza granicami wód terytorjalnych, przez władze Stanów Zjednoczonych, ich terytorjów lub posiadłości, celem przesłuchania osób znajdujących się na statku i zbadania dokumentów statkowych dla stwierdzenia czy statek lub osoby na nim się znajdujące zamierzają wwieść lub już wwiozły napoje alkoholowe do Stanów Zjednoczonych, ich terytorjów lub posiadłości, z pogwałceniem obowiązujących tam praw. W razach, kiedy takie przesłuchania i badania dają słuszne powody do podejrzeń, może być przeprowadzone przeszukanie statku.

(2) W razie istnienia słusznego powodu do przypuszczania że statek dokonał, dokonuje lub usiłuje dokonać wykroczenia przeciw prawom Stanów Zjednoczonych, ich terytorjów lub posiadłości, zabraniającym wwozu napojów alkoholowych, statek ten może być zajęty i odstawiony do jednego z portów Stanów Zjednoczonych, ich terytorjów lub posiadłości, celem zawyrokowania zgodnie z temi prawami.

(3) Uprawnienia nadane przez ten artykuł nie mogą być wykonywane w odległości od wybrzeża Stanów Zjednoczonych, ich terytorjów lub posiadłości, przekraczającej przestrzeń, jaką statek, podejrzany o zamiar popełnienia przekroczenia, może przebyć w ciągu jednej godziny. W wypadkach jednakże gdzie trunki alkoholowe mają być dowiezione do Stanów Zjednoczonych, ich terytorjów lub posiadłości statkiem innym aniżeli ten który został abordowany i przeszukany, to szybkość takiego innego statku a nie szybkość statku abordowanego ma określać odległość od wybrzeża, w obrębie której uprawnienia wynikające z niniejszego artykułu mogą być wykonane.

ARTICLE III

No penalty or forfeiture under the laws of the United States shall be applicable or attach to alcoholic liquors or to vessels or persons by reason of the carriage of such liquors, when such liquors are listed as sea stores or cargo destined for a port foreign to the United States, its territories or possessions on board Polish vessels voyaging to or from ports of the United States, or its territories or possessions or passing through the territorial waters thereof, and such carriage shall be as now provided by law with respect to the transit of such liquors through the Panama Canal, provided that such liquors shall be kept under seal continuously while the vessel on which they are carried remains within said territorial waters and that no part of such liquors shall at any time or place be unladen within the United States, its territories or possessions.

ARTYKUŁ III

Żadna kara lub też konfiskata na podstawie praw Stanów Zjednoczonych nie może być stosowana względem, lub nałożona na trunki alkoholowe, statki lub osoby, z tytułu przewozu takich trunków, w wypadkach kiedy trunki takie zaciągnięte są jako zapas morski lub też jako ładunek przeznaczony dla portu leżącego poza Stanami Zjednoczonemi, ich terytorjami lub posiadłościami, statku polskiego, udającego się do lub powracającego z portu Stanów Zjednoczonych, ich terytorjów lub posiadłości, lub też przepływającego przez ich wody terytorjalne; taki transport będzie podlegał obecnie obowiązującym przepisom prawnym, dotyczącym przewozu trunków alkoholowych przez Kanał Panamski, pod warunkiem, że trunki takie stale będą przechowane pod pieczęcią przez cały czas pozostawania danego statku w obrębie powyżej wymienionych wód terytorjalnych i że żadna część tych trunków nie zostanie w żadnem miejscu lub o żadnym czasie wyładowana w Stanach Zjednoczonych, ich terytorjach lub posiadłościach.

Liquors listed as sea stores, or cargo for a foreign port, exempt from penalty, etc.

To be kept under seal while in American waters.

ARTICLE IV

Any claim by a Polish vessel for compensation on the grounds that it has suffered loss or injury through the improper or unreasonable exercise of the rights conferred by Article II of this Convention or on the ground that it has not been given the benefit of Article III shall be referred for the joint consideration of two persons, one of whom shall be nominated by each of the High Contracting Parties.

Effect shall be given to the recommendations contained in any such joint report. If no joint report can be agreed upon, the claim shall be referred to the Permanent Court of Arbitration at The Hague described in the Convention for the Pacific Settlement of International Disputes, concluded at The Hague,

ARTYKUŁ IV

Wszelkie pretensje statku polskiego o odszkodowanie z tytułu straty lub szkody poniesionej przez niewłaściwe lub niesłuszne wykonywanie uprawnień, wynikających z artykułu II niniejszej Konwencji, lub z tytułu niezastosowania dobrodziejstw przewidzianych w artykule III, zostaną przekazane do wspólnego rozpatrzenia dwom osobom, mianowanym po jednej przez każdą z Wysokich Układających się Stron.

Polecenia zawarte we wszystkich wspólnych raportach tych osób muszą być wykonane. O ile, w braku zgody, sporządzenie wspólnego raportu nie będzie możliwem, pretensja taka zostanie skierowana do Stałego Trybunału Arbitracyjnego w Hadze, omówionego w Konwencji o Pokojowem Załatwianiu Międzynaro-

No claim other than for the board and lodging of an accused prior to his surrender arising out of the arrest, detention, examination and surrender of fugitives under this Treaty shall be made against the Government demanding the extradition; provided, however, that any officer or officers of the surrendering Government, who shall in the course of their duty, receive no salary or compensation other than specific fees for services performed, shall be entitled to receive from the Government demanding the extradition the customary fees for the acts or services performed by them, in the same manner and to the same amount as though such acts or services had been performed in ordinary criminal proceedings under the laws of the country of which they are officers.

These claims for board and lodging and for fees are to be submitted through the intermediary of the respective Government.

Artikel IX. Die Kosten des Transportes des Beschuldigten sollen von der ersuchenden Regierung getragen werden. BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Arbitration with Belgium.

Preamble.

WHEREAS a Treaty of Arbitration between the United States of America and Belgium was concluded and signed by their respective Plenipotentiaries at Washington on the twentieth day of March, one thousand nine hundred and twenty-nine, the original of which Treaty, being in the English and French languages, is word for word as follows:

Contracting Powers.

The President of the United States of America and His Majesty the King of the Belgians

Purpose declared.

Determined to prevent so far as in their power lies any interruption in the peaceful relations that have always existed between the two nations;

Desirous of reaffirming their adherence to the policy of submitting to impartial decision all justiciable controversies that may arise between them; and

Eager by their example not only to demonstrate their condemnation of war as an instrument of national policy in their mutual relations, but also to hasten the time when the perfection of international arrangements for the pacific settlement of international disputes shall have eliminated forever the possibility of war among any of the Powers of the world;

Have decided to conclude a treaty of arbitration and for that purpose they have appointed as

Plenipotentiaries.

their respective Plenipotentiaries:

The President of the United States of America:

Frank B. Kellogg, Secretary of State of the United States of America; and

Le Président des Etats-Unis d'Amérique et Sa Majesté le Roi des Belges:

Résolus de prévenir autant qu'il est en leur pouvoir toute interruption dans les relations pacifiques qui ont toujours existé entre les deux pays;

Désireux d'affirmer de nouveau leur adhésion à la politique consistant à soumettre à une décision impartiale toutes contestations susceptibles de décision judiciaire qui viendraient à s'élever entre eux, et,

Soucieux, par leur exemple, non seulement de manifester que, dans leurs relations réciproques, ils condamnent la guerre comme instrument de leur politique nationale, mais encore de hâter le moment où la conclusion d'accords internationaux pour le règlement pacifique des conflits entre les Etats aura écarté pour toujours les possibilités de guerre entre les nations du monde;

Ont décidé de conclure un traité d'arbitrage et ont, à cette fin, désigné pour leurs plénipotentiaires respectifs:

Le Président des Etats-Unis d'Amérique:

M. Frank B. Kellogg, Secrétaire d'Etat des Etats-Unis d'Amérique; et

His Majesty the King of the Belgians:

The special agreement in each case shall be made on the part of the United States of America by the President of the United States of America by and with the advice and consent of the Senate thereof, and on the part of Belgium in accordance with the constitutional laws of Belgium.

Vol. 36, p. 2221.

Special agreement.

L'accord spécial sera conclu, dans chaque cas, en ce qui concerne les Etats-Unis d'Amérique, par le Président des Etats-Unis d'Amérique, sur et avec l'avis et le consentement du Sénat des Etats-Unis et, en ce qui concerne la Belgique, en conformité des lois constitutionnelles de la Belgique.

PARCEL POST CONVENTION

BETWEEN

THE UNITED STATES OF AMERICA AND DUTCH GUIANA.

Parcel post convention with Dutch Guiana.

Preamble.

For the purpose of concluding arrangements for the exchange of parcel-post packages between the United States of America (including Alaska, Hawaii, Porto Rico, Guam, Samoa, and the Virgin Islands of the United States) and Dutch Guiana, the undersigned, Walter F. Brown, Postmaster General of the United States of America, and F. E. Bruyning, Acting Administrator of Finance in Dutch Guiana by virtue of authority vested in them, have agreed upon the following articles:

Limitations.

I. Limits of Weight and Size.

Weight and size.

1. No parcel shall exceed twenty-two pounds (ten kilograms) in weight, six feet (one hundred and eighty centimeters) in length and girth combined, or four feet (one hundred and twenty centimeters) in length with the proviso that parcels over forty-two inches and not over forty-four inches in length must not exceed twenty-four inches in girth, parcels over forty-four inches and not over forty-six inches in length must not exceed twenty inches in girth, and parcels over forty-six inches and up to four feet in length must not exceed sixteen inches in girth.

Calculation of dispatching office accepted.

2. As regards the exact calculation of the weight and dimensions of parcels, the view of the dispatching office shall be accepted, except in cases of obvious error.

Postage and fees.

II. Postage and Fees.

Collected from sender.

1. The Administration of origin is entitled to collect from the sender of each parcel such postage, and, in case of insured parcels such insurance fees and fees for return receipts and requests for information as to the disposal of a parcel made after it has been posted, as may from time to time be prescribed by its regulations.

Prepayment.

2. Except in the case of returned or redirected parcels, the postage and such of the fees mentioned in the preceding section as are applicable must be prepaid.

Rates, etc., for larger parcels.

2. The Postal Administrations of the two Countries reserve the right to fix subsequently, by common consent, if their respective Regulations permit, the rates and conditions applicable to parcels exceeding the limits of weight and size specified in paragraph 1.

Preparation of parcels.

III. Preparation of Parcels.

Addressing requirements.

1. The name and address of the sender and the addressee must be legibly and correctly written in every case when possible on the

parcel itself, or on a label gummed thereto, and must also be written on a separate slip which slip must be enclosed in the package. Parcels will not be accepted when sent by or addressed to initials, unless the initials are the adopted trade name of the senders or addressees.

Addresses in ordinary pencil are not allowed, but copying ink or indelible pencil on a surface previously dampened may be used.

Customs declaration.

2. The sender shall prepare one customs declaration for each parcel sent from Dutch Guiana and two customs declarations for each parcel sent from the United States of America, upon a special form provided for the purpose, which customs declaration shall give a general description of the parcel, an accurate statement in detail of its contents and value, date of mailing, the sender's name and address, and the name and address of the addressee, and shall be securely attached to the parcel.

Only one note for each consignment.

However, as an exception, when a consignment consisting of any number of parcels is mailed simultaneously by the same sender to the same addressee at one address, only one or one set of customs declarations as mentioned herefore need be prepared for the whole consignment and attached to one parcel thereof. In this case, each parcel of the consignment must be clearly marked with a fractional number, the numerator of which will indicate, in Arabic figures, the number of the parcel and the denominator the total number of parcels of which the consignment consists.

No official responsibility for correctness.

3. The Administrations accept no responsibility for the correctness of the customs declarations.

Packing, etc.

4. Every parcel shall be packed in a manner adequate for the length of the journey and for the protection of the contents. Ordinary parcels may be closed by means of wax, lead seals, or otherwise.

Insured parcels.

Insured parcels must be closed and securely sealed with wax or otherwise, but the country of destination shall have the right to open them as well as ordinary parcels (including the right to break the seals) in order to inspect the contents. Parcels which have been so opened shall be closed again and officially sealed except that in the case of ordinary parcels they need not be sealed if they were not sealed by the sender in the first instance.

Officially sealed, etc.

Special mark, by sender.

Either Administration may require a special impress or mark of the sender in the sealing of insured parcels mailed in its service, as a means of protection.

Labeling, etc.

5. Each insured parcel must be marked or labelled or stamped "Insured" in a conspicuous manner on the address side, and in close proximity to such indorsement there must appear the insurance number given the parcel. The customs declaration or declarations must accompany the parcel and must also be marked or labelled or stamped "insured."

Placing of stamps.

6. The labels or stamps on insured parcels must be so placed that they can not serve to conceal injuries to the covers. They must not be folded over two sides of the cover so as to hide the edge.

Containers for liquids, etc.

7. Any liquid or any substance which easily liquefies must be packed in a double receptacle. Between the first receptacle (bottle, flask, pot, box, etc.) and the second (box of metal, strong wood, strong corrugated cardboard or strong fibreboard or receptacle of equal strength) shall be left a space which shall be filled with sawdust, bran, or some other absorbent material, in sufficient quantity to absorb all the liquid contents in the case of breakage.

Powders and dyes.

8. Powders and dyes in powder form must be packed in lead-sealed metal containers which containers must be inclosed in substantial outer covers, so as to afford the utmost protection to the accompanying mail matter.

XII. Indemnity.

Allowance to sender.

1. Except in cases of loss or damage through force majeure (causes beyond control) as that term is defined by the legal decisions or rulings of the country in the service of which the loss or damage occurs, when an insured parcel has been lost, rifled, or damaged, the sender, or other rightful claimant, is entitled to an indemnity corresponding to the actual amount of loss, rifling, or damage based on the actual value at the time and place of mailing of the lost, rifled, or damaged article, unless the loss, rifling, or damage has arisen from the fault or negligence of the sender or the addressee or of the representative of either or from the nature of the article, provided that the indemnity shall not exceed the sum for which the required insurance fee was paid in the country of origin.

Transit insured parcels.

In the absence of special agreement to the contrary between the countries involved (which agreement may be made through correspondence) no indemnity will be paid by either country for the loss, rifling, or damage of transit insured parcels, that is insured parcels originating in one of the two contracting countries or a third country addressed for delivery in some other country not a party to this Convention.

Loss by force majeure.

2. Neither administration is bound to pay indemnity in case of loss or damage due to force majeure under any particular definitions of that term unless the other administration will assume liability reciprocally under the same definitions of the term, although either country may at its option and without recourse to the other country, pay indemnity for losses or damages occurring through force majeure under any definition of that term.

Parcels forwarded to a third country.

3. If an insured parcel originating in one country and addressed to the other country is reforwarded or returned from the country of the original address to a third country, the rightful claimant may claim only such indemnity, if any, for the loss, rifling, or damage which occurred subsequent to the redispatch of the parcel from the country of original address, as the country in which the loss, rifling or damage occurred is willing or obligated to pay under any agreement in force between the countries directly involved in the forwarding or return.

Post, p. 2805.

Responsibility for improper carriage.

Either country adhering to this Convention which improperly forwards an insured parcel to a third country shall be responsible to the extent of the liability of the country of origin to the sender within the limit of indemnity fixed by the present Convention.

Claim for indemnity to be filed.

4. No application for indemnity will be entertained unless a claim or an initial inquiry, oral or written, shall be filed by claimant or his representative within a year commencing with the day following the posting of the insured parcel.

No payment for indirect loss, etc.

5. No compensation shall be given for loss, injury, or damage consequential upon, i. e., indirectly arising from, the loss, nondelivery, misdelivery, damage, or delay of any insured parcel transmitted under this convention.

Matter not entitled to indemnity.

6. No indemnity will be paid for insured parcels which contain matter of no intrinsic value nor for perishable matter or matter prohibited transmission in the parcel-post mails exchanged between the contracting administration, or which did not conform to the stipulations of this Convention, or which were not posted in the manner prescribed, but the country responsible for the loss, rifling or damage may pay indemnity in respect of such parcels without recourse to the other administration.

Reimbursement of postage, etc., on loss of parcels.

7. Either of the Administrations may at its option reimburse the rightful claimant in the event of loss, irreparable damage of entire contents, or rifling of entire contents for the amount of postage or

special charges borne by an insured parcel, if claimed. The insurance fees are not in any case returned.

If official documents destroyed, no responsibility admitted.

8. No responsibility will be admitted for insured parcels which can not be accounted for in consequence of the destruction of official documents through causes beyond control.

Reservation in case of false statements, etc.

9. In case the sender, addressee, or owner of an insured parcel, or his representative, shall, at any time knowingly allege the contents to be above their real value, or whenever any false, fictitious, or fraudulent evidence is knowingly and wilfully introduced, the administration responsible for the indemnity reserves the right without any refund of fee or postage to decline to pay indemnity or to pay such indemnity as may in its discretion be considered equitable in the light of the evidence procured. The enforcement of this rule shall not prejudice any legal proceedings to which such fraudulent evidence may have rendered the claimant liable.

Time limitation on paying indemnity.

10. When an insured article has been lost, rifled, or damaged, the Administration of origin shall pay indemnity to the rightful claimant as soon as possible and at the latest within a period of one year counting with the day following that on which the application is made, which payment shall be made on account of the Administration of destination, if that Administration is responsible for the loss, rifling, or damage and has been duly notified.

Deferred payment.

11. However, the Administration of origin may, in the cases indicated in the foregoing paragraph, exceptionally defer payment of indemnity for a longer period than that stipulated if, at the expiration of that period, it has not been able to determine the disposition made of the article in question or the responsibility incurred.

Country of origin may pay, if country of destination delays nine months.

12. Except in cases where payment is exceptionally deferred as provided in the foregoing paragraph, the country of origin is authorized to pay indemnity on behalf of the country of destination if that country has, after being duly informed of the application for indemnity, let nine months pass without settling the matter.

Country responsible.

13. The obligation of paying the indemnity shall rest with the country to which the mailing office is subordinate. That country can make a claim on the country responsible, that is to say, against the Administration on the territory or in the service of which the loss, rifling, or damage took place.

Repayment to country paying.

14. The country responsible for the loss, rifling, or damage and on whose account payment is made is bound to repay to the country making payment on its behalf, without delay and within not more than nine months after receiving notice of payment, the amount of indemnity paid.

Reimbursement in gold.

15. Reimbursements for indemnity from one country to the other shall be made on the gold basis.

Means to be used.

16. Repayments are to be made free of cost to the creditor country by means of either a money order or a draft, in money valid in the creditor country, or by such other means as may be mutually agreed upon by correspondence.

Responsibility of receiving country unable to show proper disposition.

17. Until the contrary is proved, responsibility for an insured parcel rests with the country which having received the parcel without making any observation and being furnished all necessary particulars for inquiry is unable to show its proper disposition.

Despatching office responsible if loss discovered by receiving office.

18. Responsibility for loss, rifling, or damage of an insured parcel discovered by the receiving office of exchange at the time of opening the receptacles and duly notified to the despatching office of exchange by bulletin of verification, shall fall upon the administration to which the despatching office of exchange is subordinate unless it be proved that the loss, rifling, or damage occurred in the service of the receiving administration.

Responsibility for proper packing, etc.

19. The responsibility of properly enclosing, packing, and sealing insured parcels rests upon the sender, and the postal service of neither country will assume liability for loss arising from defects which may not be observed at the time of posting.

Desirous of reaffirming their adherence to the policy of submitting to impartial decision all justiciable controversies that may arise between them; and

Eager by their example not only to demonstrate their condemnation of war as an instrument of national policy in their mutual relations, but also to hasten the time when the perfection of international arrangements for the pacific settlement of international disputes shall have eliminated forever the possibility of war among any of the Powers of the world;

Have decided to conclude a treaty of arbitration and for that purpose they have appointed as their respective Plenipotentiaries.

When such enquiries and examination show a reasonable ground for suspicion, a search of the vessel may be initiated.

(2) If there is reasonable cause for belief that the vessel has committed or is committing or attempting to commit an offense against the laws of the United States, its territories or possessions, prohibiting the importation of alcoholic beverages, the vessel may be seized and taken into a port of the United States, its territories or possessions, for adjudication in accordance with such laws.

Le fait d'équiper d'une plateforme ou d'un pont d'envol ou d'atterrissage un bâtiment de ligne, un croiseur ou un destroyer, n'implique pas qu'un bâtiment ainsi équipé doive être compris ou classé dans la classe des porte-aéronefs, à moins que ce bâtiment ne soit conçu ou amenagé exclusivement pour servir de porte-aéronefs.

2. The fitting of a landing-on or flying-off platform or deck on a capital ship, cruiser or destroyer, provided such vessel was not designed or adapted exclusively as an aircraft carrier, shall not cause any vessel so fitted to be charged against or classified in the category of aircraft carriers.

ANNEX I.

ANNEX I.

Rules for replacement.

Règles de remplacement.

Rules for replacement.

Post, p. 2876.

Section I.—Sauf dans les cas prévus à la Section III de la présente Annexe et à la Partie III du présent Traité, un bâtiment ne doit pas être remplacé avant qu'il ne devienne "hors d'âge". Un bâtiment est considéré comme étant "hors d'âge" lorsque le nombre d'années indiqué ci-dessous s'est écoulé depuis la date de son achèvement:

(*a*) Bâtiment de surface de plus de 3.000 tonnes (3.048 tonnes métriques), mais n'excédant pas 10.000 tonnes (10.160 tonnes métriques) de déplacement type:

(i) s'il a été mis sur cale avant le 1er janvier 1920: 16 ans;

(ii) s'il a été mis sur cale après le 31 décembre 1919: 20 ans.

(*b*) Bâtiment de surface n'excédant pas 3.000 tonnes (3.048 tonnes métriques) de déplacement type:

(i) s'il a été mis sur cale avant le 1er janvier 1921: 12 ans;

(ii) s'il a été mis sur cale après le 31 décembre 1920: 16 ans.

(*c*) Sous-marin: 13 ans.

Les bâtiments constituant le tonnage de remplacement ne doivent pas être mis sur cale plus de trois ans avant l'année au cours de laquelle le bâtiment à remplacer deviendra "hors d'âge"; mais ce délai est réduit à deux ans pour les bâtiments de surface de remplacement ne dépassant pas 3.000 tonnes (3.048 tonnes métriques) de déplacement type.

Le droit à remplacement n'est pas perdu du fait d'un retard dans la mise sur cale de bâtiments constituant le tonnage de remplacement.

Section II.—Sous réserve de dispositions contraires du présent Traité, le ou les bâtiments dont la conservation provoquerait un excédent par rapport au tonnage maximum autorisé pour leur classe seront, lors de l'achèvement ou de l'acquisition du ou des bâtiments constituant le tonnage de remplacement, déclassés en application des dispositions de l'Annexe II à la présente Partie II.

Post, p. 2871.

Section III.—Dans le cas de perte ou de destruction accidentelle, un bâtiment pourra être remplacé immédiatement.

Section I.—Except as provided in Section III of this Annex and Part III of the present Treaty, a vessel shall not be replaced before it becomes "over-age". A vessel shall be deemed to be "over-age" when the following number of years have elapsed since the date of its completion:

(*a*) For a surface vessel exceeding 3,000 tons (3,048 metric tons) but not exceeding 10,000 tons (10,160 metric tons) standard displacement:

(i) if laid down before the 1st January, 1920: 16 years;

(ii) if laid down after the 31st December, 1919: 20 years.

(*b*) For a surface vessel not exceeding 3,000 tons (3,048 metric tons) standard displacement:

(i) if laid down before the 1st January, 1921: 12 years;

(ii) if laid down after the 31st December, 1920: 16 years.

(*c*) For a submarine: 13 years.

The keels of replacement tonnage shall not be laid down more than three years before the year in which the vessel to be replaced becomes "over-age"; but this period is reduced to two years in the case of any replacement surface vessel not exceeding 3,000 tons (3,048 metric tons) standard displacement.

The right of replacement is not lost by delay in laying down replacement tonnage.

Section II.—Except as otherwise provided in the present Treaty, the vessel or vessels, whose retention would cause the maximum tonnage permitted in the category to be exceeded, shall, on the completion or acquisition of replacement tonnage, be disposed of in accordance with Annex II to this Part II.

Section III.—In the event of loss or accidental destruction a vessel may be immediately replaced.

ANNEXE II.

Règles de déclassement des Bâtiments de Guerre.

Le présent Traité prévoit pour le déclassement des bâtiments de guerre les procédés suivants:

(i) destruction (par submersion ou démolition);
(ii) transformation du bâtiment en ponton;
(iii) transformation du bâtiment pour l'usage exclusif de cible;
(iv) conservation du bâtiment pour le faire servir exclusivement à des expériences;
(v) conservation du bâtiment pour le faire servir exclusivement à l'instruction.

Tout bâtiment de guerre à déclasser, autre qu'un bâtiment de ligne, peut être soit détruit, soit transformé en ponton à la volonté de la Haute Partie Contractante intéressée.

Tout bâtiment de guerre, autre qu'un bâtiment de ligne, conservé comme cible, bâtiment d'expérience ou bâtiment d'instruction, doit finalement être détruit ou transformé en ponton.

Section I.—Bâtiments à détruire.

(*a*) Un bâtiment à détruire en raison de son remplacement devra être mis hors d'état de remplir un service de combat dans les six mois qui suivront la date d'achèvement du bâtiment de remplacement, ou du premier des bâtiments de remplacement, s'il doit être remplacé par plus d'un bâtiment. Si, cependant, l'achèvement du nouveau ou des nouveaux bâtiments est retardé, les opérations nécessaires pour mettre le vieux bâtiment hors d'état de remplir un service de combat devront néanmoins être terminées dans les quatre ans et demi qui suivront la date de la mise sur cale du nouveau bâtiment ou du premier des nouveaux bâtiments; mais, si le nouveau ou l'un des nouveaux bâtiments est un bâtiment de surface dont le déplacement type ne dépasse pas 3.000 tonnes (3.048 tonnes métriques), ce délai sera réduit à trois ans et demi.

(*b*) Un bâtiment à détruire devra être considéré comme hors d'état de remplir un service de combat lorsqu'on aura enlevé et mis à terre ou détruit à bord:

Rules for disposal of Vessels of War.

ANNEX II.

Rules for disposal of Vessels of War.

The present Treaty provides for the disposal of vessels of war in the following ways:

(i) by scrapping (sinking or breaking up);
(ii) by converting the vessel to a hulk;
(iii) by converting the vessel to target use exclusively;
(iv) by retaining the vessel exclusively for experimental purposes;
(v) by retaining the vessel exclusively for training purposes.

Any vessel of war to be disposed of, other than a capital ship, may either be scrapped or converted to a hulk at the option of the High Contracting Party concerned.

Vessels, other than capital ships, which have been retained for target, experimental or training purposes, shall finally be scrapped or converted to hulks.

Section I.—Vessels to be scrapped.

Vessels to be scrapped.

(*a*) A vessel to be disposed of by scrapping, by reason of its replacement, must be rendered incapable of warlike service within six months of the date of the completion of its successor, or of the first of its successors if there are more than one. If, however, the completion of the new vessel or vessels be delayed, the work of rendering the old vessel incapable of warlike service shall, nevertheless, be completed within four and a half years from the date of laying the keel of the new vessel, or of the first of the new vessels; but should the new vessel, or any of the new vessels, be a surface vessel not exceeding 3,000 tons (3,048 metric tons) standard displacement, this period is reduced to three and a half years.

(*b*) A vessel to be scrapped shall be considered incapable of warlike service when there shall have been removed and landed or else destroyed in the ship:

(1) all guns and essential parts of guns, fire control tops and revolving parts of all barbettes and turrets;

(2) all hydraulic or electric machinery for operating turrets;

(3) all fire control instruments and rangefinders;

(4) all ammunition, explosives, mines and mine rails;

(5) all torpedoes, war heads, torpedo tubes and training racks;

(6) toutes les installations de télégraphie sans fil;

(7) tout l'appareil moteur principal ou, si l'on préfère, le blockhaus blindé et toute la cuirasse de flanc;

(8) toutes les grues, mâts de charge, ascenseurs et appareils de lancement pour aéronefs. Tous les ponts et plateformes d'atterrissage ou d'envol, ou, si l'on préfère, tout l'appareil moteur principal;

(9) en outre, dans le cas des sous-marins, toutes batteries principales d'accumulateurs, compresseurs d'air avec leurs installations et pompes de ballast.

(*c*) La destruction devra être définitivement effectuée de l'une ou l'autre des manières suivantes dans les douze mois qui suivront la date à laquelle le travail nécessaire pour mettre le bâtiment hors d'état de remplir un service de combat doit être terminé:

(1) submersion du bâtiment sans possibilité de renflouement;

(2) démolition; cette opération devra toujours comprendre la destruction ou l'enlèvement de toutes machines, chaudières, cuirasses, ainsi que de tout le bordé de pont, de flanc et de fond.

Section II.—Bâtiments à transformer en pontons.

Conversion into hulks.

Un bâtiment à déclasser par transformation en ponton devra être considéré comme définitivement déclassé quand les conditions prescrites à la Section I, paragraphe (*b*), auront été remplies, sauf celles qui sont énoncées dans les sous-paragraphes (6), (7) et (8), et quand les opérations suivantes auront été effectuées:

Ante, p. 2871.

(1) mise hors d'usage définitive de tous les arbres porte-hélices, paliers de butée, réducteurs de turbines ou moteurs de propulsion principaux et turbines ou cylindres des machines principales;

(2) enlèvement des chaises d'hélices;

(3) enlèvement et démolition de tous ascenseurs pour aéronefs et enlèvement de toutes grues, mâts de charge et appareils de lancement pour aéronefs.

Le bâtiment devra être mis dans l'état ci-dessus dans les mêmes limites de temps que celles qui sont prévues à la Section I pour mettre un bâtiment hors d'état de remplir un service de combat.

Section III.—Bâtiments à transformer pour servir de cibles.

Conversion to target use.

(*a*) Un bâtiment à déclasser par transformation pour l'usage exclusif de cible sera considéré comme hors d'état de remplir un service de combat quand on aura enlevé et mis à terre, ou détruit à bord du navire:

(1) tous les canons;

(2) toutes les hunes de direction de tir, les instruments et les principaux câbles des transmissions de direction de tir;

(6) all wireless telegraphy installations;

(7) all main propelling machinery, or alternatively the armoured conning tower and all side armour plate;

(8) all aircraft cranes, derricks, lifts and launching apparatus. All landing-on or flying-off platforms and decks, or alternatively all main propelling machinery;

(9) in addition, in the case of submarines, all main storage batteries, air compressor plants and ballast pumps.

(*c*) Scrapping shall be finally effected in either of the following ways within twelve months of the date on which the work of rendering the vessel incapable of warlike service is due for completion:

(1) permanent sinking of the vessel;

(2) breaking the vessel up; this shall always include the destruction or removal of all machinery, boilers and armour, and all deck, side and bottom plating.

Section II.—Vessels to be converted to hulks.

A vessel to be disposed of by conversion to a hulk shall be considered finally disposed of when the conditions prescribed in Section I, paragraph (*b*), have been complied with, omitting sub-paragraphs (6), (7) and (8), and when the following have been effected:

(1) mutilation beyond repair of all propeller shafts, thrust blocks, turbine gearing or main propelling motors, and turbines or cylinders of main engines;

(2) removal of propeller brackets;

(3) removal and breaking up of all aircraft lifts, and the removal of all aircraft cranes, derricks and launching apparatus.

The vessel must be put in the above condition within the same limits of time as provided in Section I for rendering a vessel incapable of warlike service.

Section III.—Vessels to be converted to target use.

(*a*) A vessel to be disposed of by conversion to target use exclusively shall be considered incapable of warlike service when there have been removed and landed, or rendered unserviceable on board, the following:

(1) all guns;

(2) all fire control tops and instruments and main fire control communication wiring;

(3) toute la machinerie qui sert à actionner les affûts ou les tourelles;
(4) toutes les munitions, les explosifs, les mines, les torpilles et tubes lance-torpilles;
(5) toutes les installations d'aviation et leurs accessoires de toutes sortes.

Le bâtiment devra être mis dans l'état ci-dessus dans les mêmes limites de temps que celles qui sont prévues à la Section I pour mettre un bâtiment hors d'état de remplir un service de combat.

(*b*) En plus des droits qu'elle possède en vertu du Traité de Washington, chacune des Hautes Parties Contractantes est autorisée à conserver simultanément pour les utiliser exclusivement comme cibles:
(1) au plus trois bâtiments (croiseurs ou destroyers), mais, de ces trois bâtiments, un seul pourra dépasser le déplacement type de 3.000 tonnes (3.048 tonnes métriques);
(2) un sous-marin.

(*c*) La Haute Partie Contractante intéressée s'engage à ne pas remettre en état de remplir un service de combat un bâtiment conservé pour être utilisé comme cible.

(3) all machinery for operating gun mountings or turrets;
(4) all ammunition, explosives, mines, torpedoes and torpedo tubes;
(5) all aviation facilities and accessories.

The vessel must be put into the above condition within the same limits of time as provided in Section I for rendering a vessel incapable of warlike service.

(*b*) In addition to the rights already possessed by each High Contracting Party under the Washington Treaty, each High Contracting Party is permitted to retain, for target use exclusively, at any one time:
(1) not more than three vessels (cruisers or destroyers), but of these three vessels only one may exceed 3,000 tons (3,048 metric tons) standard displacement;
(2) one submarine.

(*c*) On retaining a vessel for target use, the High Contracting Party concerned undertakes not to recondition it for warlike service.

Section IV.—Bâtiments à conserver pour servir à des expériences.

(*a*) Un bâtiment à déclasser en le transformant pour servir exclusivement à des expériences subira le traitement prévu à la Section III(*a*) de la présente Annexe.

(*b*) Sans préjudice des règles générales, et pourvu que l'avis en soit dûment donné aux autres Hautes Parties Contractantes, des dérogations raisonnables aux conditions prescrites à la Section III(*a*) de la présente Annexe, dans la mesure où elles seront nécessaires pour les besoins d'une expérience spéciale, pourront être admises à titre de mesure temporaire.

Toute Haute Partie Contractante qui voudra bénéficier de cette disposition sera tenue de fournir des détails complets sur toutes dérogations de ce genre et d'indiquer la durée pour laquelle ces dérogations seront nécessaires.

(*c*) Chacune des Hautes Parties Contractantes est autorisée à conserver simultanément pour servir exclusivement à des expériences:
(1) au plus deux bâtiments (croiseurs ou destroyers), mais, de ces deux bâtiments, un seul pourra dépasser le déplacement type de 3.000 tonnes (3.048 tonnes métriques);
(2) un sous-marin.

(*d*) Le Royaume-Uni est autorisé à conserver dans leur état actuel le monitor "Roberts", dont l'artillerie principale avec ses appareils de ma-

(*b*) Without prejudice to the general rules, and provided that due notice be given to the other High Contracting Parties, reasonable variation from the conditions prescribed in Section III(*a*) of this Annex, in so far as may be necessary for the purposes of a special experiment, may be permitted as a temporary measure. *Ante*, p. 2872.

Any High Contracting Party taking advantage of this provision is required to furnish full details of any such variations and the period for which they will be required.

(*c*) Each High Contracting Party is permitted to retain for experimental purposes exclusively at any one time:

(2) one submarine.

(*e*) La Haute Partie Contractante intéressée s'engage à ne pas remettre en état de remplir un service de combat un bâtiment conservé pour ces usages.

Section V.—Bâtiments à conserver pour l'instruction.

La classe des croiseurs se divise en deux sous-classes, à savoir:

(*a*) croiseurs portant un canon dont le calibre dépasse 155 millimètres (6,1 pouces);

(*b*) croiseurs portant un canon dont le calibre ne dépasse pas 155 millimètres (6,1 pouces).

NOTES EXCHANGED BY THE GOVERNMENT OF THE UNITED STATES WITH THE GOVERNMENTS OF GREAT BRITAIN AND JAPAN RELATIVE TO THE INTERPRETATION OF ARTICLE 19 OF THE LONDON NAVAL TREATY OF 1930

From American Ambassador to Japanese Minister of Foreign Affairs.

The American Ambassador (Castle) to the Japanese Minister of Foreign Affairs (Shidehara)

No. 49. EMBASSY OF THE UNITED STATES OF AMERICA,
TOKYO, *May 21, 1930.*

EXCELLENCY:

I have the honor, by direction of my Government, to state that it is the understanding of the Government of the United States that the word "category" in Article 19 of the London Naval Treaty of 1930 means "category" or "subcategory". The Government of the United States declares that it interprets the Treaty to mean that vessels becoming over age in either subcategory "A" or subcategory "B" of the cruiser categories (Article 16) shall be replaceable only in that subcategory.

The American Government will be most happy to have the confirmation of this understanding from the Japanese Government.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

HIS EXCELLENCY
BARON KIJURO SHIDEHARA,
His Imperial Japanese Majesty's Minister for Foreign Affairs, etc., etc., etc.

[Translation]

No. 66/T1 DEPARTMENT OF FOREIGN AFFAIRS,
TOKYO, *May 24, 1930.*

EXCELLENCY:

I have the honor to acknowledge receipt of your Note dated May 21, 1930, relative to the interpretation of the term "category" appearing in Article 19 of the London Naval Treaty of 1930.

The Imperial Government understands the word "category" appearing in Article 19 of the above-mentioned treaty to mean "category" or "sub-category;" thus, it interprets this treaty in the sense that ships belonging to either sub-category (*a*) or sub-category (*b*) of the cruiser category (Article 16) which shall become over age may be replaced only within that sub-category.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

From American Ambassador to British Secretary of State for Foreign Affairs.

No. 611. EMBASSY OF THE UNITED STATES OF AMERICA
LONDON, *June 5, 1930.*

SIR:

It is the understanding of the Government of the United States that the word "category" in Article 19 of the London Naval Treaty of 1930 means category or sub-category. The Government of the United States declares that it interprets the Treaty to mean that vessels becoming over-age of either sub-category A or sub-category B of the cruiser categories (Article 16) shall be replaceable only in that sub-category.

I have the honor to state that my Government would be most happy to have a note of confirmation as to whether this interpretation is shared by His Majesty's Government.

I have the honor to be, with the highest consideration, Sir,
Your most obedient, humble Servant,

(For the Ambassador)
RAY ATHERTON
Counselor of Embassy.

THE RIGHT HON^ble
ARTHUR HENDERSON, M. P., etc., etc., etc.,

From British Secretary of State for Foreign Affairs.

A 3861/1/45. FOREIGN OFFICE, S. W. 1.
June 5th, 1930.

YOUR EXCELLENCY,

In the note No. 611 which Your Excellency was so good as to address to me on June 5th you stated that it was the understanding of the Government of the United States that the word "category" in Article 19 of the London Naval Treaty, 1930, meant category or sub-category. Your Excellency added that the Government of the United States declared that it interpreted the Treaty to mean that vessels becoming over-age of either sub-category A or sub-category B of the cruiser categories (Article 16) shall be replaceable only in that sub-category.

2. His Majesty's Government in the United Kingdom note the above understanding and interpretation of the London Naval Treaty of 1930 and concur therein. His Majesty's Government in the United Kingdom do so without prejudice to Article 20(*a*) of that Treaty under which they understand that the tonnage to be scrapped and replaced in the case of the British Commonwealth of Nations by the 91,000 tons of 6″ cruiser tonnage which may be completed before 31st December, 1936, comprises partly 6″ gun cruiser tonnage and partly cruiser tonnage of the 7.5″ gun "Effingham" class.

I have the honour to be, with the highest consideration,
Your Excellency's obedient Servant,

Contracting Powers.

The President of the United States of America and His Majesty the King of Italy

Purpose declared.

Determined to prevent so far as in their power lies any interruption in the peaceful relations that happily have always existed between the two nations;

Desirous of reaffirming their adherence to the policy of submitting to impartial decision all justiciable controversies that may arise between them; and

Eager by their example not only to demonstrate their condemnation of war as an instrument of national policy in their mutual relations, but also to hasten the time when the perfection of international arrangements for the pacific settlement of international disputes shall have eliminated forever the possibility of war among any of the Powers of the world;

Former treaty.
Vol. 35, p. 2091.

desiderosi di riaffermare la loro adesione al sistema di sottomettere ad una decisione imparziale tutte le controversie suscettibili di una soluzione giuridica che possano sorgere fra essi; e

intendendo con il loro esempio non solo di dimostrare che essi condannano la guerra come mezzo di politica nazionale nelle loro mutue relazioni, ma anche di affrettare il momento che il perfezionamento degli accordi internazionali per il regolamento pacifico delle controversie internazionali avrà eliminato per sempre la possibilità di guerre fra le Potenze del mondo;

hanno deciso di concludere un nuovo Trattato di Arbitrato che allarghi lo scopo e le obbligazioni della Convenzione di Arbitrato firmata a Washington il 28 marzo 1908 e spirata il 22 gennaio 1924, e a questo fine hanno nominato come loro Plenipotenziarii rispettivamente

XI. Cikk.

1. Erőhatalomból történt elveszés vagy sérülés esetét kivéve (azt, hogy mi értendő erőhatalom alatt, annak az országnak törvényes szabályai és előirásai szerint kell megitélni, amelynek területén az elveszés vagy sérülés történt) a feladónak vagy a jogos igénylőnek az utánvételes csomag elveszése, kifosztása, megsérülése vagy az utánvételi összeg beszedése nélkül történt kézbesitése esetén megfelelő kártérítésre van joga és pedig, ha az utánvételes küldemény elveszett, megsérült vagy azt kifosztották, olyan kártérítésre, amely az elveszés, kifosztás vagy megsérülés valódi összegének felel meg; a kártérítést a felvétel idejének és helyének megfelelő valóságos érték alapján kell megállapitani, ugy amint azt az 1928. évi július 3-augusztus 16-án kelt szerződés az értéknyilvánitással ellátott, nem utánvételes csomagokra vonatkozóan megszabta. Ha pedig az utánvételes küldeményt az utánvételi összeg beszedése nélkül kézbesitették, a feladónak, vagy az igényjogosultnak joga van az utánvételi összeg megtérítésére. A kártérités minden esetben azonban csak akkor jár, ha az elveszés, a kifosztás, vagy megsérülés nem a feladó vagy a cimzett vagy ezek képviselőinek hibája vagy mulasztása folytán vagy pedig a küldemény természetéből kifolyóan keletkezett. Semmiesetre sem lehet a kártéritési összeg magasabb, mint az az összeg, amelyért a felvevő országban az utánvételi dijat fizették.

2. Kártérités nem jár azokért az utánvételes csomagokért, amelyek tényleges érték nélküli dolgokat tartalmaznak, kivéve

the charges not remitted, nor for perishable matter or matter prohibited transmission in the parcel post mails exchanged between the contracting Administrations, or which did not conform to the stipulations of this Convention, or which were not posted in the manner prescribed, but the country responsible for the loss, rifling or damage may pay indemnity in respect to such parcels without recourse to the other Administration.

ha ezeket a tárgyakat az utánvételi összeg beszedése ellenében kézbesitették; hasonlóképen nem jár kártérités romló tárgyakért, továbbá olyan tárgyakért, amelyeknek postacsomagban való küldése a szerződő igazgatások között tilos, ugyszintén olyan csomagokért, amelyek ez egyezmény feltételeinek nem felelnek meg, vagy amelyeket nem az előirt módon adtak postára; az elveszésért, kifosztásért vagy megsérülésért felelős igazgatás azonban az ilyen csomagokért kártéritést adhat a nélkül azonban, hogy a másik igazgatás ellen visszkeresettel fordulhatna.

Reimbursement for losses.

3. Either of the two Administrations may, at its option, repay to the rightful claimant of indemnity, in case of complete loss, irreparable damage of the entire contents, or theft of the entire contents of a C. O. D. parcel, in addition to the postage, the C. O. D. fee, when requested. The insurance fees are not in any case returned.

3. A két igazgatás mindegyike jogosult saját elhatározása szerint valamely utánvételes csomag teljes elveszése vagy a teljes tartalom jóvá nem tehető megsérülése, illetve kifosztása esetén a jogosult kárigénylőnek kérelmére a szállitási dijakon felül az utánvételi dijakat is visszafizetni. 4. When less than the proper amount is collected from the addressee on delivery, through fault of the Postal Service of either country, the sender shall be entitled only to indemnity equal to the difference between the amount erroneously collected and the amount of the collect-on-delivery charge which should have been collected as indicated by the sender at the time of mailing.

4. Ha a két ország postaigazgatása közül az egyiknek mulasztása folytán valamely utánvételes csomag cimzettjétől a feltüntetett utánvételi összegnél kevesebbet szedtek be, a feladónak csak olyan összegü kártéritésre van joga, amely megfelel a tévesen beszedett és a feladó által a feladáskor megjelölt összegek közti különbségnek.

Responsibility of country receiving a parcel.

5. Until the contrary is proved, responsibility for a C. O. D. parcel rests with the country which having received the parcel, without making any observation and being furnished all necessary particulars for inquiry, is unable to show its proper disposition or, if delivered, the transmission of the correct collect-on-delivery charges to the owner, unless it can show that the failure to collect and remit the correct collect-on-delivery charges was due to fault of the sender or the Administration of the country of origin.

5. Az ellenkező bebizonyitásig az utánvételes csomagért az az igazgatás felelős, amely a csomagot kifogás nélkül átvette és ámbár a vizsgálat céljaira szükséges összes eszközök birtokába jutott, nem tudja bebizonyitani a csomagról tett saját intézkedését, vagy ha azt kézbesitették, nem tudja igazolni az utánvételi összegnek az utánvételes csomag feladója részére történt átutalását, hacsak be nem tudja bizonyitani, hogy a helyes utánvételi összegnek beszedésénél és átutalásánál történt hiba a feladó vagy a felvevő igazgatás terhére esik.

Payment to claimant by Administration responsible for loss, etc.

6. When a C. O. Az utóbbi esetben a kárért felelös igazgatás fogja a csomagra vonatkozó további intézkedéseket megtenni.

POR CUANTO: la adopción por separado de una convención general de carácter sustantivo y de un protocolo como éste, puede facilitar la ratificación de los Estados Contratantes y la adhesión de las Repúblicas Americanas que no han tomado parte en las negociaciones, toda vez que la aceptación de la Convención no lleva implícita la de este instrumento,

Los Gobiernos arriba mencionados han convenido lo siguiente:

Artículo 1.

Registration of marks in the Inter-American Trade Mark Bureau.

Las personas naturales o jurídicas domiciliadas o que posean un establecimiento fabril o comercial o una explotación agrícola en cualquiera de los Estados que hayan ratificado o se hayan adherido al presente Protocolo podrán obtener la protección de sus marcas mediante el registro de las mismas en la Oficina Interamericana de Marcas.

WHEREAS, the adoption of a general convention and a protocol may facilitate ratification among the Contracting States and adherence among the American Republics which have not taken part in the negotiations, since acceptance of the Convention does not imply acceptance of this instrument,

The above mentioned governments have agreed as follows:

Article 1.

Natural or juridical persons domiciled in or those who possess a manufacturing or commercial establishment or an agricultural enterprise in any of the States that may have ratified or adhered to the present Protocol, may obtain the protection of their trade marks through the registration of such marks in the Inter-American Trade Mark Bureau.

L'addition subséquente d'un nouveau produit à la liste ne peut être obtenue qu'au moyen d'un nouvel enregistrement de la marque suivant les dispositions de l'Article 2 de ce Protocole. La même procédure sera suivie au cas de substitution d'un produit à un autre.

Article 13.

Les États contractants s'engagent à envoyer par l'intermédiaire de leurs bureaux respectifs des marques de fabrique, aussitôt qu'ils sont publiés, deux exemplaires des bulletins officiels ou publications dans lesquels sont insérés les décisions ou résolutions juridiques ou administratives, les lois, décrets et règlements, les circulaires ou toutes autres dispositions émanant des autorités législatives ou judiciaires et qui se réfèrent à la protection des marques de fabrique, à la protection du nom commercial, à la répression de la concurrence déloyale et des fausses indications d'origine, que ce soit de nature administrative, civile ou pénale.

Article 14.

À l'effet de se conformer au présent Protocole et de faciliter l'enregistrement interaméricain des marques de fabrique, les États contractants établissent comme agence internationale le Bureau situé à La Havane, République de Cuba, auquel il est référé sous le nom de "Bureau Interaméricain des Marques de Fabriques," et confèrent à sa correspondance officielle la franchise postale.

Article 15.

Le Bureau Interaméricain des Marques de Fabrique exercera les fonctions spécifiées dans ce Protocole et dans les règlements qui y sont annexés, et ses frais seront supportés en partie au moyen des droits perçus pour les soins accordés aux des marques de fabrique, et partie par des quote-parts assumées par les États contrac-

lantadas, y se calcularán de la manera siguiente:

vance to the Bureau in yearly installments and shall be determined in the following manner:

Determination of expense of quotas.

Se determinará la población de cada Estado Contratante que ratifique este Protocolo, por medio de los respectivos censos oficiales más recientes, dividiendo el número de habitantes en unidades que representen 100,000, considerando las fracciones mayores de 50,000 como una unidad y no tomando en cuenta las menores. El monto de dicha contribución anual se dividirá entre el número total de unidades así obtenido, lo que determinará el importe de la cuota por unidad, y multiplicando ésta por el número de unidades asignado a cada Estado, se fijará su contribución para la Oficina Interamericana.

The population of each Contracting State ratifying this Protocol shall be determined by its latest official census, the number of inhabitants to be divided into units of 100,000 each, fractions above 50,000 to be considered as a full unit, and those under to be disregarded. The annual budget shall be divided by the total number of units, thereby determining the quota per unit. The contribution of each State to the Inter-American Bureau shall be determined by multiplying the quota per unit by the number of units allotted to each State.

Al recibirse nuevas ratificaciones o adhesiones al presente Protocolo, se procederá con los nuevos Estados en la misma forma, determinando en cada caso su contribución, previa adición de las nuevas unidades y determinación de la cuota por unidad que así resulte.

Upon receipt of new ratifications and adhesions to this Protocol, the same procedure shall be followed with respect to such States, the quota of each to be determined by adding these additional units and thus determining the quota per unit.

Basis of assessment.

Queda expresamente convenido que esta contribución anual se efectuará mientras los demás ingresos de la Oficina no sean suficientes para su sostenimiento; mientras esto ocurra, cada año se revisarán los censos de población haciendo los cambios que resulten necesarios de acuerdo con los datos oficiales suministrados por cada Estado Contratante y calculando nuevamente las cuotas, antes de fijar las contribuciones de dichos Estados. Una vez que la Oficina pueda sostenerse con sus propios ingresos, se distribuirá el remanente de las contribuciones entre los Estados en proporción a las cantidades de ellos percibidas.

It is expressly agreed that this annual contribution will continue to be paid only so long as the other revenues of the Bureau are not sufficient to cover the expenses of its maintenance. So long as this situation exists, the latest census of population will be used each year and, on the basis of official data furnished by each Contracting State, the changes in population shall be made and the quotas determined anew before fixing the contributions to be paid by those States. Once the Bureau becomes self-supporting through its own receipts, the balance remaining from the quotas shall be returned to the States in proportion to the amounts received from them.

Budget to be reported annually.

A la terminación de cada año, la Oficina Interamericana hará una liquidación de los derechos y cuotas percibidas, y después de

At the end of each year the Inter-American Bureau shall prepare a statement of fees and contributions received and after mak-

tadamente á Secretaria, em installações annuaes e serão determinadas da seguinte maneira:

A população de cada Estado Contractante que ratificar este protocollo será determinada por seu ultimo recenseamento official, devendo o numero de habitantes ser dividido em unidades de 100,000 cada uma, sendo tomadas como unidades as fracções acima de 50,000 e desprezadas as inferiores a este numero. O orçamento annual será dividido pelo numero total de unidades, assim determinando a quota por unidade. A contribuição de cada Estado á Secretaria Internacional será determinada multipliando-se a quota por unidade pelo numero de unidades assignado a cada Estado.

No caso de novas ratificações e adhesões a este Protocollo, seguir-se-á o mesmo processo no referente a taes Estados, devendo a quota de cada um ser determinada sommando-se essas unidades addicionaes e assim determinando a quota por unidade.

Fica expressamente entendido que esta contribuição annual continuará a ser paga somente emquanto as outras receitas da Secretaria não forem sufficientes para cobrir as despesas de sua manutenção. Emquanto existir esta situação será usado cada anno o ultimo recenseamento da população, e nesta base official serão fornecidos dados pelos Estados Contractantes, devendo ser feitas as differenças na população e determinadas novamente as quotas antes de serem fixadas as contribuições a serem pagas por esses Estados. Uma vez que a Secretaria esteja nas condições de se manter mediante a sua propria receita, o saldo restante das quotas será devolvido a cada Estado na proporção das quantias delles recebidas.

No fim de cada anno a Secretaria Inter-Americana preparará uma exposição dos emolumentos e das contribuições recebitants. Ces quote-parts seront payées directement et à l'avance au Bureau par versements annuels, et elles seront calculées de la manière suivante:

La population de chaque État contractant ayant ratifié le présent protocole sera déterminée par son recensement officiel le plus récent. Le chiffre des habitants sera divisé en unités de 100,000, les fractions au dessus de 50,000 étant considerées comme unité entière, et celles au dessous n'étant pas comptées. Le budget annuel sera divisé par le chiffre d'unités, déterminant ainsi le chiffre par unité. La contribution de chaque état au Bureau interaméricain sera obtenue en multipliant la quote-part par le nombre d'unités attribuées à chaque état.

Au reçu de nouvelles ratifications et adhésions à ce Protocole, la même procédure sera suivie à l'égard de ces états, la quote-part de chacun étant déterminée par l'addition des unité nouvelles en vue d'établir la quote-part par unité.

Il est expressément convenu que cette contribution annuelle continuera seulement à être payée tant que les autres revenus du Bureau ne seront pas suffisants pour couvrir les dépenses de son maintien. Tant que cette situation existera, le recensement le plus récent de la population sera utilisé chaque année et, sur la base des documents officiels fournis par chaque état contractant, les changements de la population seront notés et les quote-parts déterminées à nouveau avant de fixer les contributions à payer par ces états. Une fois que le Bureau pourra se suffire au moyen de ses propres recettes, la balance en solde des quotes-parts sera remboursée aux États en proportion des valeurs reçues de chacun d'eux.

A la fin de chaque année, le Bureau Interaméricain dressera un état des droits et contributions perçus, et après avoir pourvu aux

A PROCLAMATION

WHEREAS it is provided in the Act of Congress approved May 26, 1924, entitled "An Act to limit the immigration of aliens into the United States, and for other purposes," as amended by the Joint Resolution of March 4, 1927, entitled "Joint Resolution to amend subdivisions (b) and (e) of Section 11 of the Immigration Act of 1924, as amended," and the Joint Resolution of March 31, 1928, entitled "Joint Resolution to amend subdivisions (b) and (e) of Section 11 of the Immigration Act of 1924, as amended," that—

Vol. 45, p. 400.

Statutory provision.

"The annual quota of any nationality for the fiscal year beginning July 1, 1929, and for each fiscal year thereafter, shall be a number which bears the same ratio to 150,000 as the number of inhabitants in continental United States in 1920 having that national origin (ascertained as hereinafter provided in this section) bears to the number of inhabitants in continental United States in 1920, but the minimum quota of any nationality shall be 100." Sec. 11 (b).

"For the purpose of subdivision (b) national origin shall be ascertained by determining as nearly as may be, in respect of each geographical area which under section 12 is to be treated as a separate country (except the geographical areas specified in subdivision (c) of section 4) the number of inhabitants in continental United States in 1920 whose origin by birth or ancestry is attributable to such geographical area. Such determination shall not be made by tracing the ancestors or descendants of particular individuals, but shall be based upon statistics of immigration and emigration, together with rates of increase of population as shown by successive decennial United States censuses, and such other data as may be found to be reliable." Sec. 11 (c).

"For the purpose of subdivisions (b) and (c) the term 'inhabitants in continental United States in 1920' does not include (1) immigrants from the geographical areas specified in subdivision (c) of section 4 or their descendants, (2) aliens ineligible to citizenship or their descendants, (3) the descendants of slave immigrants, or (4) the descendants of American aborigines." Sec. 11 (d).

"The determination provided for in subdivision (c) of this section shall be made by the Secretary of State, the Secretary of Commerce, and the Secretary of Labor, jointly. In making such determination such officials may call for information and expert assistance from the Bureau of the Census. Such officials shall, jointly, report to the President the quota of each nationality, determined as provided in subdivision (b), and the President shall proclaim and make known the quotas so reported. Such proclamation shall be made on or before April 1, 1929. If the proclamation is not made on or before such date, quotas proclaimed therein shall not be in effect for any fiscal year beginning before the expiration of 90 days after the date of the proclamation. After the making of a proclamation under this subdivision the quotas proclaimed therein shall continue with the same effect as if specifically stated herein, and shall be final and conclusive for every purpose except (1) in so far as it is made to appear to the satisfaction of such officials and proclaimed by the President, that an error of fact has occured in such determination or in such proclamation, or (2) in the case provided for in subdivision (c) of Section 12. If for any reason quotas proclaimed under this subdivision are not in effect for any fiscal year, quotas for such year shall be determined under subdivision (a) of this section." Sec. 11 (e).

Permits for collecting specimens.

REGULATION 9.—PERMITS TO COLLECT MIGRATORY BIRDS FOR SCIENTIFIC PURPOSES

Scientific collections.

A person may take in any manner and at any time migratory birds and their nests and eggs for scientific purposes when authorized by a permit issued by the Secretary, which permit shall be carried on his person when he is collecting specimens thereunder and shall be exhibited to any person requesting to see the same, except that nothing herein shall be deemed to permit the taking of any migratory game bird on any day from sunset to one-half hour before sunrise.

Applications to Secretary of Agriculture.

Application for a permit must be addressed to the Secretary of Agriculture, Washington, D. C., and must contain the following information: Name and address of applicant, his age, and name of State, Territory, or District in which specimens are proposed to be taken, and the purpose for which they are intended. Each application shall be accompanied by two certificates certifying to the fitness of such person to hold a Federal permit. These certificates will be accepted from well-known ornithologists, principals or superintendents of educational or zoological institutions, officials or members of zoological, natural history, or other scientific organizations, or instructors in zoology in high schools, colleges, or universities, or by any one of the above together with a certificate by the chief game official of the State in which the applicant is a resident or of the State in which he desires to conduct his operations.

Effect of permits.

The permit may limit the number and species of birds, birds' nests, or eggs that may be collected thereunder, and may authorize the holder thereof to possess, buy, sell, exchange, and transport in any manner and at any time migratory birds, parts thereof, and their nests and eggs for scientific purposes; or it may limit the holder to one or more of these privileges. Public museums, zoological parks and societies, and public, scientific, and educational institutions may possess, buy, sell, exchange, and transport in any manner and at any time migratory birds and parts thereof and their nests and eggs for scientific purposes without a permit, but no specimens shall be taken without a permit. The plumage and skins of migratory game birds legally taken may be possessed and transported by a person without a permit.

Taxidermists.

A taxidermist, when authorized by a permit issued by the Secretary, may possess, buy, sell, exchange, and transport in any manner and at any time migratory birds and parts thereof legally taken, or he may be limited to one or more of these privileges. A taxidermist granted a permit under this regulation shall keep books and records correctly setting forth the name and address of each person delivering each specimen of a migratory bird to him together with the name of each species, the date of delivery, the disposition of such specimens, and the date thereof, which said books and records shall be available for inspection at all reasonable hours on request by any duly authorized representative of the Department of Agriculture.

Duration of permits.

Each permit shall be valid until revoked by the Secretary unless otherwise specified therein, shall not be transferable, and shall be revocable at the discretion of the Secretary. A permit duly revoked by the Secretary shall be surrendered to him by the person to whom it was issued, on demand of any employee of the United States Department of Agriculture duly authorized to enforce the provisions of the migratory bird treaty act.

A person holding a permit under this regulation shall report annually to the Secretary on or before the 10th day of January during the life of the permit the number of skins, nests, or eggs of each species collected, bought, sold, received, possessed, mounted, exchanged, or transported during the preceding calendar year. Reports required.

Every package in which migratory birds or their nests or eggs are transported shall have clearly and conspicuously marked on the outside thereof the name and address of the sender, the number of the permit in every case when a permit is required, the name and address of the consignee, a statement that it contains specimens of birds, their nests, or eggs for scientific purposes, and, whenever such a package is transported or offered for transportation from the Dominion of Canada into the United States or from the United States into the Dominion of Canada, an accurate statement of the contents. Marking of packages required.

NOW, THEREFORE, I, HERBERT HOOVER, PRESIDENT OF THE UNITED STATES OF AMERICA, DO HEREBY APPROVE AND PROCLAIM the foregoing amendatory regulations. Approval of regulations.

Vol. 42, p. 941.

Whereas in and by section 315 (a) of Title III of the act of Congress approved September 21, 1922, entitled "An act to provide revenue, to regulate commerce with foreign countries, to encourage the industries of the United States, and for other purposes," it is, among other things, provided that whenever the President, upon investigation of the differences in costs of production of articles wholly or in part the growth or product of the United States and of like or similar articles wholly or in part the growth or product of competing foreign countries, shall find it thereby shown that the duties fixed in this act do not equalize the said differences in costs of production in the United States and the principal competing country he shall, by such investigation, ascertain said differences and determine and proclaim the changes in classifications or increases or decreases in rates of duty provided in said act shown by said ascertained differences in such costs of production necessary to equalize the same;

Vol. 42, p. 942.

Whereas in and by section 315 (c) of said act it is further provided that in ascertaining the differences in costs of production, under the provisions of subdivisions (a) and (b) of said section, the President, in so far as he finds it practicable, shall take into consideration (1) the differences in conditions in production, including wages, costs of material, and other items in costs of production of such or similar articles in the United States and in competing foreign countries; (2) the differences in the wholesale selling prices of domestic and foreign articles in the principal markets of the United States; (3) advantages granted to a foreign producer by a foreign government, or by a person, partnership, corporation, or association in a foreign country; and (4) any other advantages or disadvantages in competition;

Whereas, under and by virtue of said section of said act, the United States Tariff Commission has made an investigation to assist the President in ascertaining the differences in costs of production of and of all other facts and conditions enumerated in said section with respect to the articles described in paragraph 219 of Title I of said tariff act of 1922, namely, cylinder, crown, and sheet glass, by whatever process made, and for whatever purpose used, unpolished, being wholly or in part the growth or product of the United States, and of and with respect to like or similar articles wholly or in part the growth or product of competing foreign countries;

Whereas in the course of said investigation a hearing was held, of which reasonable public notice was given and at which parties interested were given reasonable opportunity to be present, to produce evidence, and to be heard;

And whereas the President upon said investigation of said differences in costs of production of the said articles wholly or in part the growth or product of the United States and of the like or similar articles wholly or in part the growth or product of competing foreign countries, has thereby found that the principal competing country is Belgium and that the duties fixed in said title and act do not equalize the differences in costs of production in the United States and in said principal competing country, namely, Belgium, and has ascertained and determined the increased rates of duty necessary to equalize the same.

Increasing duty on sheet, etc., glass to equalize differences in costs of production.

A PROCLAMATION

Fire prevention week, 1929. Preamble.

It has been the custom for the President of the United States to request the observance of Fire Prevention Week throughout the nation, and to assign the week in which the anniversary of the great Chicago fire occurs for such observance. The fine interest manifested in fire prevention by public officials, business men's organizations, women's clubs, civic organizations and the press has already borne fruit. For two consecutive years fire losses in the United States have been decreased and there are indications of a further reduction during the present year. A further great reduction of this tremendous waste could be effected through the exercise of ordinary care on the part of our citizens.

Designating week of October 6, 1929, to be observed as.

Therefore, I, Herbert Hoover, President of the United States, do hereby proclaim the week of October 6th to be observed as Fire Prevention Week. To each citizen I recommend full cooperation in securing wider understanding of individual responsibility for it is only through further elimination of human negligence that lasting progress can be attained.

A PROCLAMATION

Thanksgiving, 1929. Preamble.

At this season of the year, when the harvest had been gathered in, the thoughts of our forefathers turned toward God with thanksgiving for the blessings of plenty and provision against the needs of winter. They came by custom to look to the Chief Magistrate to set apart a day of prayer and praise, whereon their thanks as a united people might be given with one voice in unison. God has greatly blessed us as a nation in the year now drawing to a close. The earth has yielded an abundant harvest in most parts of our country. The fruits of industry have been of unexampled quantity and value. Both capital and labor have enjoyed an exceptional prosperity.

Assurances of peace, at home and abroad, have been strengthened and enlarged. Progress has been made in provision against preventable disasters from flood and pestilence. Enlightenment has grown apace in new revelations of scientific truth and in diffusion of knowledge. Educational opportunities have steadily enlarged. Enduring advances have been gained in the protection of the public health. Childhood is measurably more secure. New experience and new knowledge in many fields have been recorded, from which a deeper wisdom may grow. We should accept these blessings with resolution to devote them to service of Almighty God.

Thursday, November 28, 1929, designated as Thanksgiving Day.

Now, therefore, I Herbert Hoover, President of the United States of America, do appoint and set aside Thursday, the twenty-eighth day of November, as a day of National Thanksgiving, and do recommend that all our people on that day rest from their daily work that they should extend to others less fortunately placed, a share in their abundance, and that they gather at their accustomed places of worship, there to render up thanks to Almighty God for His many blessings upon them, for His forbearance and goodness.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the great seal of the United States.

A PROCLAMATION

Covered-Wagon Centennial. Preamble.

The Congress by unanimous vote has authorized commemoration of the heroism of the fathers and mothers who traversed the Oregon Trail to the Far West. On April 10, 1830, the first wagon train left St. Louis for Oregon, pioneering the way for the thousands of men and women who settled the Pacific States. On December 29, 1830, Ezra Meeker was born, who carried over into our day the personal memory of this historic epoch. The Oregon Trail Memorial Association, which he founded and which includes men and women in all walks of life in all parts of the country, has sponsored the movement to observe the period from April 10 to December 29 of this year as the Covered-Wagon Centennial, to recall the national significance of this centenary of the great westward tide which established American civilization across a continent.

Recommending April 10 to December 29, 1930, be observed as.

THEREFORE, I, HERBERT HOOVER, President of the United States, do call upon our people to employ this fitting occasion to commemorate the lives and deeds of the heroic pioneers who won and held the West.

To the People of the United States:

Announcing the death of William Howard Taft. Preamble.

It becomes my sad duty to announce officially the death of William Howard Taft, which occurred at his home in the City of Washington, on the eighth day of March, nineteen hundred and thirty, at five-fifteen o'clock in the afternoon.

Mr. Taft's service to our country has been of rare distinction, and was marked by a purity of patriotism, a lofty disinterestedness, and a devotion to the best interests of the Nation that deserve and will ever command the grateful memory of his countrymen. His career was almost unique in the wide range of official duty: as Judge, Solicitor General, Governor General of the Philippines, Secretary of War, President of the United States, and finally Chief Justice.

His private life was characterized by a simplicity of virtue that won for him a place in the affection of his fellow countrymen rarely equaled by any man. In public and in private life he set a shining example, and his death will be mourned throughout the land.

Tribute of respect directed.

As an expression of the public sorrow, it is ordered that the flags of The White House and of the several departmental buildings be displayed at half staff for a period of thirty days, and that suitable

military and naval honors under orders of the Secretary of War and the Secretary of the Navy may be rendered on the day of the funeral.

A PROCLAMATION

Thanksgiving Day, 1930.
Preamble.

Notwithstanding that our forefathers endured the hardships and privations of a primitive life, surrounded by dangers and solaced only with meager comforts, they nevertheless bequeathed to us a custom of devoting one day of every year to universal thanksgiving to Almighty God, for the blessing of life itself and the means to sustain it, for the sanctuary of home and the joys that pervade it, and for the mercies of His protection from accident, sickness, or death.

Our country has many causes for thanksgiving. We have been blest with distinctive evidence of divine favor. As a nation we have suffered far less than other peoples from the present world difficulties. We have been free from civil and industrial discord. The outlook for peace between nations has been strengthened. In a large view we have made progress upon the enduring structure of our institutions. The arts and sciences that enrich our lives and enlarge our control of nature have made notable advances. Education has been further extended. We have made gains in the prevention of disease and in the protection of childhood.

Thursday, November 27, 1930, designated as Thanksgiving Day.

NOW, THEREFORE, I, HERBERT HOOVER, President of the United States of America, do hereby designate Thursday, November 27, 1930, as a National Day of Thanksgiving, and do enjoin the people of the United States so to observe it, calling upon them to remember that many of our people are in need and suffering from causes beyond their control, and suggesting that a proper celebration of the day should include that we make sure that every person in the community, young and old, shall have cause to give thanks for our institutions and for the neighborly sentiment of people.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the seal of the United States.
